The 100 Kass Morgan, 2013-09-03 The first book in the New York Times bestselling series that inspired the hit CW television show. No one has set foot on Earth in centuries -- until now. Ever since a devastating nuclear war, humanity has lived on spaceships far above Earth's radioactive surface. Now, one hundred juvenile delinquents -- considered expendable by society -- are being sent on a dangerous mission: to recolonize the planet. It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. And GLASS managed to escape back onto the ship, only to find that life there is just as dangerous as she feared it would be on Earth. Confronted with a savage land and haunted by secrets from their pasts, the hundred must fight to survive. They were never meant to be heroes, but they may be mankind's last hope.

The future of the human race rests in their hands, but nothing can prepare the 100 for what they find on this strange and savage planet. Don't miss the book series that inspired the hit TV show. Homecoming Kass Morgan, 2015-02-24 Humanity is coming home. Weeks after landing on Earth, the Hundred have managed to create a sense of order amidst their wild, chaotic surroundings. But their delicate balance comes crashing down with the arrival of new dropships from space. These new arrivals are the lucky ones—back on the Colony, the oxygen is almost gone—but after making it safely to Earth, GLASS's luck seems to be running out. CLARKE leads a rescue party to the crash site, ready to treat the wounded, but she can't stop thinking about her parents who may still be alive. Meanwhile, WELLS struggles to maintain his authority despite the presence of the Vice Chancellor and his armed guards, and BELLAMY must decide whether to face or flee the crimes he thought he'd left behind. It's time for the Hundred to come together and fight for the freedom they've found on Earth, or risk losing everything—and everyone—they love.

It's been a month since the new dropships landed and the rest of the Colonists joined the hundred on the ground. The teens, once branded juvenile delinquents, are now leaders among their people. It should be a time for celebration and togetherness, but a new threat appears before long: a fanatical cult determined to grow its ranks and heal the war-ravaged planet...by eliminating everyone else on it. After scores of their friends are captured, Clarke sets off to retrieve them, certain that she can come to an understanding with these strangers. Bellamy has a different plan; he won't let anything—or anyone—get in the way of saving the people he loves. Meanwhile, in captivity and scared for their lives, Glass falls under the spell of the cult's magnetic message, and Wells has to learn how to lead again. Unless the rescue party arrives soon, the teen captives will face a fate more terrifying than anything they could imagine. If the hundred ever want to call this dangerous planet home, they'll need to put aside their differences and fight to protect themselves and their world.

The Baseball 100 Joe Posnanski, 2021-09-28 NEW YORK TIMES BESTSELLER * Winner of the CASEY Award for Best Baseball Book of the Year “An instant sports classic.” —New York Post * “Stellar.” —The Wall Street Journal * “A true masterwork...880 pages of sheer baseball bliss.” —BookPage (starred review) * “This is a remarkable achievement.” —Publishers Weekly (starred review) A magnum opus from acclaimed baseball writer Joe Posnanski, The Baseball 100 is an audacious, singular, and masterly book that took a lifetime to write. The entire story of baseball rings through a countdown of the 100 greatest players in history, with a foreword by George Will. Longer than Moby-Dick and nearly as ambitious, The Baseball 100 is a one-of-a-kind work by award-winning sportswriter and lifelong student of the game Joe Posnanski. In the book's introduction, Pulitzer Prize-winning commentator George F. Will marvels, “Posnanski must already have lived more than two hundred years. How else could he have acquired such a stock of illuminating facts and entertaining stories about the rich history of this endlessly fascinating sport?” Baseball's legends come alive in these pages, which are not merely rankings but vibrant profiles of the game's all-time greats. Posnanski dives into the biographies of iconic Hall of Famers, unfairly forgotten All-Stars, talents of today, and more. He doesn't rely just on records and statistics—he lovingly retraces players' origins, illuminates their

characters, and places their accomplishments in the context of baseball's past and present. Just how good a pitcher is Clayton Kershaw in the 21st-century game compared to Greg Maddux dueling with the juiced hitters of the nineties? How do the career and influence of Hank Aaron compare to Babe Ruth's? Which player in the top ten most deserves to be resurrected from history? No compendium of baseball's legendary geniuses could be complete without the players of the segregated Negro Leagues, men whose extraordinary careers were largely overlooked by sportswriters at the time and unjustly lost to history. Posnanski writes about the efforts of former Negro Leaguers to restore sidelined Black athletes to their due honor and draws upon the deep troves of the Negro Leagues Baseball Museum and extensive interviews with the likes of Buck O'Neil to illuminate the accomplishments of players such as pitchers Satchel Paige and Smokey Joe Williams; outfielders Oscar Charleston, Monte Irvin, and Cool Papa Bell; first baseman Buck Leonard; shortstop Pop Lloyd; catcher Josh Gibson; and many, many more. The Baseball 100 treats readers to the whole rich pageant of baseball history in a single volume. Engrossing, surprising, and heartfelt, it is a magisterial tribute to the game of baseball and the stars who have played it.
