112 Greene Street ,2012-07-31 112 Greene Street was more than a physical space—it was a locus of energy and ideas that with a combination of genius and chance had a profound impact on the trajectory of contemporary art...its permeable walls became the center of an artistic community that challenged the traditional role of the artist, the gallery, the performer, the audience, and the work of art. – Jessamyn Fiore 112 Greene Street was one of New York's first alternative, artist-run venues. Started in October 1970 by Jeffrey Lew, Gordon Matta-Clark, and Alan Saret, among others, the building became a focal point for a young generation of artists seeking a substitute for New York's established gallery circuit, and provided the stage for a singular moment of artistic invention and freedom that was at its peak between 1970 and 1974. 112 Greene Street: The Early Years (1970–1974) is the culmination of an exhibition by the same name that was on view at David Zwirner in New York in 2011. This extensively researched and historically important book brings together a number of works that were exhibited at the seminal space (including works by Gordon Matta-Clark, Vito Acconci, Tina Girouard, Suzanne Harris, Jene Highstein, Larry Miller, Alan Saret, and Richard Serra); extensive interviews with many of the artists involved in the space; a fascinating timeline of all the activity at 112 Greene Street in the early years; and installation views of the 2011 exhibition. The interviews in the book have been prepared by the exhibition's curator, Jessamyn Fiore, and Louise Sørensen, Head of Research at David Zwirner, has contributed an introductory text that illuminates the space's significance and critical reception during the prime years of its operation, as well as commentary on individual works in the show.

Badge 112 Peter Stipe,2021-06-21 Badge 112 is the story of a restless boy orphaned in high school, and his unlikely passage from juvenile delinquent to decorated police officer. When Peter Stipe finds his mother after her suicide, it leaves him scarred and isolated. After a couple of brushes with the law, his dad sends him off to Culver Military Academy to provide structure and discipline. In a whirlwind final summer, he found himself paired with the most beautiful girl on campus and clashing with the commandant. This pattern of behavior would define his years in high school. At 17, his father's sudden death from cancer cast him adrift. After beginning work in a warehouse, Stipe is soon befriended by a firefighter who'd lost his only son to combat in Vietnam. The father figure took the aimless youth under his wing, instilling a tireless work ethic while suggesting a career in civil service. Though his spell of misdirection continued, Stipe heeded the advice and found himself working for the Building Department, enforcing city codes and inspecting houses. Trained in every aspect of code enforcement, his laid-back style was effective with business owners, landlords and residents. But he saw the grim effects of poverty first hand, exposed to wretched living conditions. The homes and apartments he inspected were so filthy, he had to strip his clothes off outside when he got home. However, assignments all over town enabled him to learn Ann Arbor like the back of his hand. His skill in code-enforcement led to a personal recruitment by Ann Arbor's Police Chief to become an officer. A 29-year-old rookie, Stipe left his mark, combining instinct, orientation and superb fitness to catch criminals and save lives. He confronts the memory of his own mother's death by handling the suicides of several more victims, many to gunfire. His negotiation skills spare the lives of many more. While on the force, Stipe embarked on a series of high-profile arrests, high-speed pursuits, foot chases, bank robberies, hostage situations, homicides, life and death struggles and harrowing rescues. In 1994, a serial killer investigation exposed the strained racial tensions between the police and the public they serve. Stipe and the killer confront one another in court. Stipe's tactical training results in his assignment as the point man on the SWAT Team. He engages in a sequence of armed encounters, some at point blank range. The peak in his career is toppled by a turbulent marriage to an unfaithful wife, an ill-fated affair with an attractive partner, and the tragic drowning of two teenage girls, trapped in a submerged car. When the veteran officer bottomed out and became immune to hope and humor, he was rescued from the brink by a succession of intuitive patrol partners and the girl that sold him coffee. Badge 112 is about survival in the darkest corners of society, and about a cop turning tragedy and adversity into hope and redemption in the dim light of life on his patrol beat.

With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide.
