A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from

Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

The New Terrarium Tovah Martin, 2009-02-24 If you live in the city but want to be close to nature . . . If you call the countryside home but have no time to step outside . . . If you are confined to an office fifty hours a week . . . If your home needs the soothing touch of the natural world . . . In *The New Terrarium*, Tovah Martin, one of America's favorite gardeners, introduces you to the whimsical yet practical world of gardens under glass—a no-fuss way to bring snippets of nature indoors. Wherever you are, in whatever little time you have, terrariums are the perfect tool for nature lovers and gardeners everywhere. With gorgeous photography, *The New Terrarium* reveals how this classic garden tool has been reimagined in a modern way. When encased in glass, plants thrive with almost no help from outside their little enclosed world, so you can host a plant almost anywhere—in your apartment where the air is dry or in your cubicle where there's little natural light. Tucked inside something crystal and contained, the bounty of the forest or treasures from the beach or the meadow can merge seamlessly into your home or office environment. It's amazing how some frothy fern fronds or colorful blossoms can transform a room by giving it a burst of vibrant green life. With clear, simple step-by-step instructions and

photographs to inspire and guide you along the way, Martin shares her years of experience growing and tending terrariums and shows how terrariums can enrich your life, including: • different venues for cultivating your terrarium • plants that flourish in these gardens under glass • ideas and designs for creating your first terrarium • how to care for and maintain the environment you've made Martin has designed a unique range of imaginative terrarium projects, including ones that are suitable for children, enliven the seasons, incorporate plant propagation, and show off a nature collection. Whether you are a gardener or city-dwelling nature lover, The New Terrarium is the perfect way to spark your creativity, while helping you to bring your favorite plants into your home and giving them a place to thrive. When nature is out of arm's reach and you crave a little greenery, The New Terrarium can show you how to bring all the benefits of the outdoors close to you.

Camp Lo's Uptown Saturday Night Patrick Rivers, William Fulton, 2017-09-07 Geechi Suede and Sonny Cheeba are Camp Lo. These two emcees from the Bronx, NY entered the American hip hop scene with an insider slang that bewildered listeners as they radiated the look of a bygone era of black culture. In 1996, they collaborated with producer Ski and a host of other contributors to create Uptown Saturday Night, featuring the seminal single “Luchini (a.k.a. This is It).” While other 1990s rappers referred to 1970s Blaxploitation culture, Camp Lo were self-described “time travelers” who weaved the slang and style of a soulful past into state-of-the-art lyrical flows. Uptown Saturday Night is a tapestry of 1970s black popular culture and 1990s New York City hip hop. This volume will detail how the album's fantastic world of “Coolie High” reflected classic films like *Coolie High* and the Sidney

Poitier film from which the album's title is derived, and promoted vintage slang and fashion. The book features new interviews with Camp Lo, producer Ski, Trugoy the Dove from De La Soul, Ish from Digable Planets, and others, and offers musical and cultural analyses that detail the development of the album and its essential contributions to a post-soul aesthetic.

My Friend Elisa Amado,2019-10-01 From acclaimed author and translator Elisa Amado and award-winning illustrator Alfonso Ruano, *My Friend* is the story of the meaning of friendship in the life of an immigrant child. Friendship — to be known, to be accepted as you are, to feel safe, especially when you are vulnerable. The girl in this story has recently arrived in Brooklyn with her family. On her very first day at school she meets a girl who almost instantly becomes her very best friend. She feels known, loved and accepted by her. But when she invites her friend to come for dinner with her family — a family that feels free to eat weird food and, even worse, burst into song with their version of a sentimental classic of longing and homesickness — something shifts and she no longer feels safe at all. What will it be like tomorrow at school? Award-winning illustrator Alfonso

Ruano's art beautifully depicts the depth of feeling that the friends experience in this story from acclaimed author and translator Elisa Amado, about how difficult it is to come from somewhere else and what a difference friendship can make. Branding Trust Jennifer M. Black, 2023-12-05 In the early nineteenth century, the American commercial marketplace was a chaotic, unregulated environment in which knock-offs and outright frauds thrived. Appearances could be deceiving, and entrepreneurs often relied on their personal reputations to close deals and make sales. Rapid industrialization and expanding trade routes opened new markets with enormous potential, but how could distant merchants convince potential customers, whom they had never met, that they could be trusted? Through wide-ranging visual and textual evidence, including a robust selection of early advertisements, *Branding Trust* tells the story of how advertising evolved to meet these challenges, tracing the themes of character and class as they intertwined with and influenced graphic design, trademark law, and ideas about ethical business practice in the United States. As early as the 1830s, printers, advertising agents, and manufacturers collaborated to devise new ways to advertise goods. They used eye-catching designs and fonts to grab viewers' attention and wove together meaningful images and prose to gain the public's trust. At the same time, manufacturers took legal steps to safeguard their intellectual property, formulating new ways to protect their brands by taking legal action against

counterfeits and frauds. By the end of the nineteenth century, these advertising and legal strategies came together to form the primary components of modern branding: demonstrating character, protecting goodwill, entertaining viewers to build rapport, and deploying the latest graphic innovations in print. Trademarks became the symbols that embodied these ideas—in print, in the law, and to the public. Branding Trust thus identifies and explains the visual rhetoric of trust and legitimacy that has come to reign over American capitalism. Though the 1920s has often been held up as the birth of modern advertising, Jennifer M. Black argues that advertising professionals had in fact learned how to navigate public relations over the previous century by adapting the language, imagery, and ideas of the American middle class.
