Handbook of Anthropology in Business Rita M Denny, Patricia L Sunderland, 2016-06-16 In recent years announcements of the birth of business anthropology have ricocheted around the globe. The first major reference work on this field, the Handbook of Anthropology in Business is a creative production of more than 60 international scholar-practitioners working in universities and corporate settings from high tech to health care. Offering broad coverage of theory and practice around the world, chapters demonstrate the vibrant tensions and innovation that emerge in intersections between anthropology and business and between corporate worlds and the lives of individual scholar-practitioners. Breaking from standard attempts to define scholarly fields as products of fixed consensus, the authors reveal an evolving mosaic of engagement and innovation, offering a paradigm for understanding anthropology in business for years to come.

Introduction to Corporate Finance Laurence Booth, W. Sean Cleary, Ian Rakita, 2020-02-18 The fifth edition of Introduction to Corporate Finance is a student friendly and engaging course that provides the most thorough, accessible, accurate, and current coverage of the theory and application of corporate finance within a uniquely Canadian context. Introduction to Corporate Finance will provide students with the skills they need to succeed not only in the course, but in their future careers.
