MS-13 Steven Dudley, 2020-09-08 "One of the year's most

important books, a gripping meticulously reported account of the rise of one of the world's most notorious street gangs." -Mitch Weiss, Pulitzer Prize winner Winner of the Lukas Prize An NPR Best Book of the Year The MS-13 was born from war. In the 1980s, Alex and his brother fled El Salvador for the US and formed the Mara Salvatrucha Stoners. Initially bound by a love of heavy metal music, the group soon took on a harder edge, selling drugs, stealing cars and killing rivals. Gang members like Alex were incarcerated and deported. But in the prison system, the group only grew stronger. Today, MS-13 is one of the most infamous street gangs on earth—and also largely misunderstood. Longtime organized crime investigator Steven Dudley brings readers inside the nefarious group to tell a broader story of flawed US and Central American policies and the exploitative, unequal systems that shape them. "A remarkable feat of reporting; the ways in which the United States is complicit in the creation and preservation of MS-13 might well keep you awake deep into the night, as it did me." —Rachel Louise Snyder, author of No Visible Bruises "By detailing the experiences of gang members and victims alike, he anatomizes the complex, fluid dynamics of this elusive transnational network. A startling book." —Patrick Radden Keefe, New York Times-bestselling author of Rogues: True Stories of Grifters, Killers, Rebels and Crooks "The definitive account of MS-13. .. An outstanding book for true crime readers." —Library Journal (starred review)

13 James Howe,2006-10-01 If thirteen is supposed to be an

unlucky number...you would think a civilized society could come up with a way for us to skip it. -- from What's the Worst That Could Happen? by Bruce Coville No one will want to skip any of the twelve short stories and one poem that make up this collection by some of the most celebrated contemporary writers of teen fiction. The big bar mitzvah that goes suddenly, wildly, hilariously out of control. A first kiss -- and a realization about one's sexual orientation. A crush on a girl that ends up putting the boy who likes her in the hospital. A pair of sneakers a kid has to have. By turns funny and sad, wrenching and poignant, the moments large and small described in these stories capture perfectly the agony and ecstasy of being thirteen.

The Last Thirteen: 13 James Phelan, 2013-12-01 Sam is the first of the last 13 Dreamers to be revealed. Caught in a covert battle to preserve life as we know it, he must follow the clues to find twelve more Dreamers. Only this unique group can unravel the mysteries of an ancient prophecy and locate the long-lost key to Earth's survival. Sam must not only face two competing factions--The Enterprise and The Academy--but also elude the menacing presence of the masked figure, Solaris, who is always lurking in both dreams and reality. The last 13 Dreamers are always in danger. The group must avoid capture by trained Agents and unscrupulous treasure hunters, as well as thwart security officials as they gain access to museums, libraries, government facilities and archaeological sites, in order to locate the lost pieces of the artifact that will lead them to their ultimate destination. The last 13 must continue on their desperate mission against the odds and face the inevitable final battle. Will they be strong enough to fulfill the prophecy, or is the world doomed?

The Distance Between Us Reyna Grande, 2012-08-28 In this inspirational and unflinchingly honest memoir, acclaimed author

Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this "compelling...unvarnished, resonant" (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to "El Otro Lado" (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to "El Otro Lado" to live with the man who has haunted her imagination for years, her longabsent father. Funny, heartbreaking, and lyrical, The Distance Between Us poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as La distancia entre nosotros.

In Search of Julián Carrillo and Sonido 13 Alejandro L. Madrid,2015 In the 1920s, Mexican composer Julián Carrillo (1875-1965) developed a microtonal system he metaphorically called El Sonido 13 (The 13th Sound). Although his pioneering role as one of the first proponents of microtonality gave him a cult figure status among European avant-garde circles in the 1960s and 1970s, his music and legacy have remained largely ignored by scholars and critics. This book explores his ideas not only in relation to the historical moments of their inception but also in relation to the various cultural projects that kept them alive and resignified them into the 21st century.
