International Financial Statistics, June 2015 International Monetary Fund. Statistics Dept.,2015-06-01 This June 2015 issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. IFS publish, for most countries of the world, current data on exchange rates, international liquidity, international banking, money and banking, interest rates, prices, production, international transactions (including balance of payments and international investment position), government finance, and national accounts. Information is presented in tables for specific countries and in tables for area and world aggregates. IFS is published monthly and annually. In IFS, exchange rates are expressed in time series of national currency units per SDR (the unit of account for the IMF) and national currency units per US dollar, or vice versa.

International Financial Statistics, July 2015 International Monetary Fund. Statistics Dept.,2015-07-17 This July 2015 issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. This issue contains country pages for Marshall Islands, Palau, and Tuvalu. IFS contain country tables for most IMF members, as well as for Anguilla, Aruba, the Central African Economic and Monetary Community, Curaçao, the currency union of Curaçao and Sint Maarten, the Eastern Caribbean Currency Union, the euro area, Montserrat, the former Netherlands Antilles, Sint Maarten, the West African Economic Monetary Union, West Bank and Gaza, and some non-sovereign territorial entities for which statistics are provided internationally on a separate basis. Also, selected series are drawn from the country tables and published in area and world tables. The country tables normally include data on a country's exchange rates, IMF position, international liquidity, monetary statistics, interest rates, prices, production, labor, international transactions, government accounts, national accounts, and population. Selected series, including data on Fund accounts, international reserves, and international trade, are drawn from the country tables and published in world tables as well.

International Financial Statistics, October 2015 International Monetary Fund. Statistics Dept.,2015-10-01 This October 2015 issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. IFS publish, for most countries of the world, current data on exchange rates, international liquidity, international banking, money and banking, interest rates, prices, production, international transactions (including balance of payments and international investment position), government finance, and national accounts. The notes to the country tables in the monthly issues provide information about exceptions in the choice of the consumer price index and the period average exchange rate index. Since January 1, 1981, the value of the SDR has been determined based on the currencies of the five member countries having the largest exports of goods and services during the five-year period ending one year before the date of the latest revision to the valuation basket.

International Financial Statistics, August 2015 International Monetary Fund. Statistics Dept.,2015-07-31 This August 2015 issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. The report also presents country newly reporting monetary data for Israel using the standardized report forms. IFS is a standard source of statistics on all aspects of international and domestic finance. The IMF publishes calculated effective exchange rates data only for countries that have given their approval. From July 1978 to December 1980, the composition of the basket was changed based on updated data for 1972-1976. The weights of some currencies were also changed. The amount of each of the 16 currencies in the revised basket was such as to ensure that the value of the SDR in terms of any currency on June 30, 1978 was the same in the revised valuation as in the previous valuation.

International Financial Statistics, September 2015 International Monetary Fund. Statistics Dept.,2015-08-28 This September issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. Official BPM6 Basis Data Availability table is now included in the Balance of Payments and International Investment Position Statistics section of the Introduction. Balance of Payments Statistics Yearbook contains two sections; World and Regional Tables, and Country Tables. The first section presents 21 world and regional tables for major components of the balance of payments, net International Investment Position (IIP), and total financial assets and total liabilities for the IIP. The second section provides detailed tables on balance-of-payments statistics for 189 economies and IIP data for 143 economies.

World Economic Outlook, April 2015 International Monetary Fund. Research Dept.,2015-04-14 Global growth remains moderate and uneven, and a number of complex forces are shaping the outlook. These include medium- and long-term trends, global shocks, and many country- or region-specific factors. The April 2015 WEO examines the causes and implications of recent trends, including lower oil prices, which are providing a boost to growth globally and in many oil-importing countries but are weighing on activity in oil-exporting countries, and substantial changes in exchange rates for major currencies, reflecting variations in country growth rates and in exchange rate policies and the lower price of oil. Additionally, analytical chapters explore the growth rate of potential output across advanced and emerging market economies, assessing its recent track and likely future course; and the performance of private fixed investment in advanced economies, which has featured prominently in the public policy debate in recent years, focusing on the role of overall economic weakness in accounting for this performance.
