The Yellow Wallpaper Illustrated Charlotte Perkins Gilman, 2021-05-29 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.

Wallpapers in Historic Preservation Catherine Lynn, 1977 The papered and bordered wall was an important feature of American interiors during the 18th, 19th, and early 20th centuries. Paper hangings, both imported and of domestic manufacture, were more widely used than many of our restored buildings might lead us to believe. This book attempts to catalog and describe the variety, as well as accounting for restoration and preservation of pieces as part of the historical record. --Amazon.

On the Street where You Live: Victoria's early roads and railways Danda Humphreys, 2000 In the mid-1800s, Victoria grew from a fur-trading post into a provincial capital--the jewel in British Columbia's golden crown. Meanwhile, many of the early residents, happy to leave the Hudson's Bay Company behind, followed simple trails from the fort or discovered new routes of their own. In her first book, Danda Humphreys introduced readers to some of the people who forged those pioneer pathways. Now she takes us another step back in time to the roads and railways that connected the original city's core to today's suburbs. From Saanich to Sooke, street names tell stories of intrigue and adventure: Rowland Avenue, named for the farm labourer with a sinister sideline: hangman for the HBC. Joan Crescent, where coal baron Robert Dunsmuir's widow once resided in solitary splendour in a castle called Craigdarroch. Sidney Avenue, close to where the Brethour brothers donated land for the northern terminus of the Cordwood

Express, first train to link the city with the Saanich Peninsula and the islands in the Strait of Georgia. In this second book in her *On the Street Where You Live* trilogy, Danda once again combines her passion for the past with a penchant for lively prose to bring you stories about Victoria's pioneers. You know the streets; now meet the people--their lives, their loves and the legends they left behind.

The Yellow Wallpaper Charlotte Perkins Gilman, 2023-08-31 *The Yellow Wallpaper* by Charlotte Perkins Gilman is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in *The New England Magazine*. It is regarded as an

important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the husband forbids the unnamed woman from working or writing and encourages her to eat well and get plenty of air so that she can recuperate from what he calls a temporary nervous depression – a slight hysterical tendency, a common diagnosis in women at the time. Plot summary: The story describes a young woman and her husband. He imposes a rest cure on her when she suffers temporary nervous depression after the birth of their baby. They spend the summer at a colonial mansion, where the narrator is largely confined to an upstairs nursery. The story makes striking use of an unreliable narrator in order to gradually reveal the degree to which her husband has imprisoned her due to her physical and mental condition: she describes torn wallpaper, barred windows, metal rings in the walls, a floor scratched and gouged and splintered, a bed bolted to the floor, and a gate at the top of the stairs, but blames all these on children who must have resided there. The narrator devotes many journal entries to describing the wallpaper in the room – its sickly color, its yellow smell, its bizarre and disturbing pattern like an interminable string of toadstools, budding and sprouting in endless convolutions, its missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the

pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design. Eventually, she comes to believe that a woman is creeping on all fours behind the pattern. Believing she must free the woman in the wallpaper, she begins to strip the remaining paper off the wall.

The Annotated Mona Lisa Carol Strickland, John Boswell, 2007-10 Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge. --Carol Strickland, from the introduction to *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible-even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more than 200 pages.

Ecclesiastes ,1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature

and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Anna Howard Shaw Trisha Franzen, 2014-03-15 With this first scholarly biography of Anna Howard Shaw (1847-1919), Trisha Franzen sheds new light on an important woman suffrage leader who has too often been overlooked and misunderstood. An immigrant from a poor family, Shaw grew up in an economic reality that encouraged the adoption of non-traditional gender roles. Challenging traditional gender boundaries throughout her life, she put herself through college, worked as an ordained minister and a doctor, and built a tightly-knit family with her secretary and longtime companion Lucy E. Anthony. Drawing on unprecedented research, Franzen shows how these circumstances and choices both impacted Shaw's role in the woman suffrage movement and set her apart from her native-born, middle- and upper-class colleagues. Franzen also rehabilitates Shaw's years as president of the National American Woman Suffrage Association, arguing that Shaw's much-belittled tenure actually marked a renaissance of both NAWSA and the suffrage

movement as a whole. Anna Howard Shaw: The Work of Woman Suffrage presents a clear and compelling portrait of a woman whose significance has too long been misinterpreted and misunderstood.

Indianapolis M. Teresa Baer, 2012-01-01 The booklet opens with the Delaware Indians prior to 1818. White Americans quickly replaced the natives. Germanic people arrived during the mid-nineteenth century. African American indentured servants and free blacks migrated to Indianapolis. After the Civil War, southern blacks poured into the city. Fleeing war and political unrest, thousands of eastern and southern Europeans came to Indianapolis. Anti-immigration laws slowed immigration until World War II. Afterward, the city welcomed students and professionals from Asia and the Middle East and refugees from war-torn countries such as Vietnam and poor countries such as Mexico. Today, immigrants make Indianapolis more diverse and culturally rich than ever before.

The Topkapi Scroll Gülru Necipoğlu, 1996-03-01 Since precious few architectural drawings and no theoretical treatises on architecture remain from the premodern Islamic world, the Timurid pattern scroll in the collection of the Topkapi Palace Museum Library is an exceedingly rich and valuable source of information. In the course of her in-depth analysis of this scroll dating from the late fifteenth or early sixteenth century, Gülru Necipoğlu throws new light on the conceptualization, recording, and transmission of architectural design in the Islamic world between the tenth and sixteenth centuries. Her text has particularly far-reaching implications for recent discussions on vision, subjectivity, and the semiotics of abstract representation. She also compares the Islamic understanding of geometry with that found in medieval Western art, making this book particularly valuable for all historians and critics of architecture. The scroll, with its 114 individual geometric patterns for wall surfaces and vaulting, is reproduced entirely in color in this elegant, large-format volume. An extensive catalogue includes illustrations showing the underlying geometries (in the form of incised “dead” drawings) from which the individual patterns are generated. An essay by Mohammad al-Asad discusses the geometry of the muqarnas and demonstrates by means of CAD drawings how one of the scroll’s patterns could be used to design a three-dimensional vault.

Housekeeping Marilynne Robinson, 2015-11-03 The story of Ruth and her younger sister, Lucille, who grow up haphazardly, first under the care of their competent grandmother, then of two comically bumbling great-aunts, and finally of Sylvie, the eccentric and remote sister of their dead mother. The family house is in the small town of Fingerbone on a glacial lake in the Far West, the same lake where their grandfather died

in a spectacular train wreck and their mother drove off a cliff to her death. It is a town chastened by an outsized landscape and extravagant weather, and chastened again by an awareness that the whole of human history had occurred elsewhere. Ruth and Lucille's struggle toward adulthood beautifully illuminates the price of loss and survival, and the dangerous and deep undertow of transience.--
