Lessons Learned at 216 Carol Bruce-Lockhart,2020-12-20 Lesson's Learned at 216 is a collection of real-life stories and adventures that will both entertain and intrigue you. These tales fall into a category that could be labeled as “Heirloom” stories. They are life adventures that have been deemed as unforgettable, thus qualifying them to be passed on to following generations. These are the stories that are recited over and over again at family gatherings. They can spur on laughter, amazement, and yes sometimes tears. These memories work to tether the connection between our past and our present-day. Every family has a story filled with cherished accounts from the past. I invite you to take a moment to peer into a chapter of mine. These stories are real, and the lessons learned from them are timeless. I hope that this book will speak to your hearts and encourage you to share your own enduring memories with those you love.

The 216 Letter Hidden Name of God - Revealed Lucien Khan,2013-08-15 This book is based on the study of Metatron's Cube and reveals the Secret 216 Numbers that are hidden inside Metatron's Cube. Metatron is said to have been Enoch, a righteous man who was ascended up into Heaven and appointed as a scribe of God. Here Enoch was shown secrets to the creation of the Universe and also entrusted with the secrets of Eternal Life and Time. In the Cabala it is believed that there is a 216 Letter Secret Hidden Name of God and that when this 216 Letter name is revealed it will usher in the Messianic Age. Incredibly, I have found 216 Numbers hidden inside Metatron's Cube. 216 Numbers that prove once and for all that the Universe is indeed a Super Intelligent Creation and not a random singularity event as theorized by the 'Big Bang'. The book contains hi-resolution images showing Metatron's Cube and The Seed of Life and explains the fractal nature of the universe and how the universe is created using this Sacred Geometry. The discoveries found in Metatron's Cube are mind-boggling and I absolutely guarantee that no educated person will be able to look at this REVELATION and say it is all a random coincidence. I openly challenge anyone who has deep esoteric knowledge and is familiar with the Fibonacci Sequence and Sacred Geometry to disprove my findings. Any sceptic or cynic will be left reeling after reading this book. If you think the universe is a random singularity event, you will want to read this and you will want to re-evaluate your entire cosmological perspective afterward.
