Parapsychology Etzel Cardeña, John Palmer, David Marcusson-Clavertz, 2015-07-25 Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events, thinking of a long-lost friend just before he or she unexpectedly calls, or the ability to “feel” the presence of deceased loved ones. What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists, including Nobel laureates. Most of these researchers have concluded that some of these phenomena do occur, although we are far from explaining them to everyone’s satisfaction. This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology, explaining what we know and don’t know about so-called psi phenomena, such as “telepathy,” “precognition” or “psychokinesis.” Contributors evaluate the evidence for these phenomena, accounting for factors such as selective memory, wish fulfillment and incorrect methods or analyses, in some cases offering psychological, physical and biological theories. Instructors considering this book for use in a course may request an examination copy [here](#).

The Reincarnation of Edgar Cayce? Wynn Free, David Wilcock, 2004-03-11 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation. Compiling some of Wilcock’s most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

Everyday Conversations Susan Fiandach, Connie Wake, 2014-11-16 *Everyday Conversations - The Key to the Contemporary Medium* is a thought-provoking view of the work of today's psychic-medium. Written by local professional psychic-mediums and educators, Susan Fiandach and Connie Wake, this book is aimed at bringing psychic-mediumship into the 21st century by dispelling the old myths and fears about divination. Psychic or not, this is an interesting read about life and intuition. This is a straight-forward look at what a psychic-medium reading is, and what it is not, and the evidential information you can expect from today's psychic-mediums. The book describes the ease of the reading through an understanding of the energy and information involved and allowing the medium to facilitate a conversation with the client and their loved ones who have passed. *Everyday Conversations* is a part of a multi-series training program to explore, engage and experience your sixth sense. Our mission is to create a platform from which you can begin your journey as a psychic-medium, take your next step as a working professional, or perhaps start your own practice group or circle in your area.

You Are Psychic Debra Lynne Katz,2015 YOU ARE PSYCHIC has been hailed as “the psychic’s bible” and has put tens of thousands of readers on the fast track to accessing and controlling their clairvoyant and healing abilities. In this 2015 revised edition by Living Dreams Press, You Are Psychic continues to open the eyes of readers and reverse the “blindness” of those cut off from their greatest gifts of in-sight and healing. Topics covered include: psychic readings, Clairvoyant healing methods, communicating with your creator and your guides, Transformation, psychic protection techniques and the business of spirituality. This book will take your abilities to levels never imagined and facilitate your profound transformation into empowerment and living the life you were meant to live. The first edition of You are Psychic: The Art of Clairvoyant Reading and Healing was published by Llewelyn Worldwide in 2004 and was received with extraordinary acclaim and sold tens of thousands of copies across the globe. This improved edition has been updated to reflect the changing times of having a successful intuitive guiding business in a more technologically advanced world. It incorporates extraordinary insights of the author, whom has been conducting clairvoyant readings, trainings and mentoring sessions for thousands of clients and budding

psychics for two decades. She has also collaborated with the top psychic researchers and remote viewers to conduct scientific studies, serving both as scientist and subject. In this edition, she fine-tunes techniques based upon those endeavors. One of the greatest values this book has is its normalizing and comforting effect: by sharing intimate details of her own readings along with step by step techniques, she catalyzes “breakthrough” experiences that changes lives for the better and shows readers that clairvoyance is fun, numinous and enlightening. Perhaps most importantly, those who experiment with the material in this book will gain immediate awareness of the profound connection all beings have with each other.
