

28 Paradises Patrick Modiano, Dominique Zehrfuss, 2019-05-21 Published in English for the first time, 28 Paradises is the marriage of prose and painting by Nobel-prize winning author Patrick Modiano and his partner, the illustrator Dominique Zehrfuss. 28 Paradises is a rare book: it reveals not only the individual talents of the authors, Modiano and Zehrfuss, but also the depth of the couple's creative union. Sensitively translated into English for the first time by Damion Searls, 28 Paradises captures the exquisite sadness of waking from a beautiful dream. There are twenty-eight dreams in this book, or perhaps one dream in twenty-eight parts—visions of paradise imagined by Zehrfuss during a time of deep sadness. Captured first in Zehrfuss's brightly colored gouaches, each paradise was then refashioned as a poem by Modiano. Zehrfuss's paintings are Edens in miniature, and rather than describe them outright, Modiano dreams himself into these reveries in quiet, understated verse. The reader enters this shared realm in an experience less like paging through a book and more like slipping into a shared world. These paradises are wishes for moments when a painting, or a poem, or a lover—perhaps they are not so different—relieves the loneliness of being human. As Modiano writes with a touch of wistfulness, "The Lilliputian painted her paradises / And I / Next to her / Wrote a poem." A pure example of ekphrastic writing—poetry inspired by paintings—this book shows how writing and visual art can together create a unique emotional experience. First published by Editions de l'Olivier/ Le Seuil in 2005

The Correspondence of Charles Darwin: Volume 28, 1880 Charles Darwin, The Editors of the Darwin Correspondence Project, 2021-04-01 This volume is part of the definitive edition of letters written by and to Charles Darwin, the most celebrated naturalist of the nineteenth century. Notes and appendixes put these fascinating and wide-ranging letters in context, making the letters accessible to both scholars and general readers. Darwin depended on correspondence to collect data from all over the world, and to discuss his emerging ideas with scientific colleagues, many of whom he never met in person. The letters are published chronologically. In 1880, Darwin published *On The Power of Movement in Plants*, and began writing his final book, *The Formation of Vegetable Mould through the Action of Worms*. He was engaged in controversy with Samuel Butler, following publication of his last book, *Erasmus Darwin*. At the end of the year, he succeeded in raising support for a Civil List pension for Alfred Russel Wallace, co-discoverer of the theory of natural selection.

Fiesers' Reagents for Organic Synthesis, Volume 28 Tse-Lok Ho, 2016-04-25 Fiesers' Reagents for Organic Synthesis provides an up-to-date, A-to-Z listing of reagents cited in synthetic literature. • Covers, in volume 28, chemical literature and methodologies from July 2011 - December 2012 • Features entries with concise descriptions, illustrations of chemical reactions, selected examples of applications • Includes author indexes and subject indexes • Offers practical information on making/buying reagent, its usefulness, where to find complete details

28 Summers Elin Hilderbrand, 2020-06-16 A captivating and bittersweet novel by the #1 New York Times bestselling author of *Summer of '69*: Their secret love affair has lasted for decades—but this could be the summer that changes everything (People). When Mallory Blessing's son, Link, receives deathbed instructions from his mother to call a number on a slip of paper in her desk drawer, he's not sure what to expect. But he certainly does not expect Jake McCloud to answer. It's the late spring of 2020 and Jake's wife, Ursula DeGournsey, is the frontrunner in the upcoming Presidential election. There must be a mistake, Link thinks. How do Mallory and Jake know each other? Flash back to the sweet summer of 1993: Mallory has just inherited a beachfront cottage on Nantucket from her aunt, and she agrees to host her brother's bachelor party. Cooper's friend from college, Jake McCloud, attends, and Jake and Mallory form a bond that will persevere—through marriage, children, and Ursula's stratospheric political rise—until Mallory learns she's dying. Based on the classic film *Same Time Next Year* (which Mallory and Jake watch every summer), 28 Summers explores the agony and romance of a one-weekend-per-year affair and the dramatic ways this relationship complicates and enriches their lives, and the lives of the people they love.

The Revolution of '28 Robert Chiles, 2018-03-15 The Revolution of '28 explores the career of New York governor and 1928 Democratic presidential nominee Alfred E. Smith. Robert Chiles peers into Smith's work and uncovers a distinctive strain of American progressivism that resonated among urban, ethnic, working-class Americans in the early twentieth century. The book charts the rise of that idiomatic progressivism during Smith's early years as a state legislator through his time as governor of the Empire State in the 1920s, before proceeding to a revisionist narrative of the 1928 presidential campaign, exploring the ways in which Smith's gubernatorial progressivism was presented to a national audience. As Chiles points out, new-stock voters responded enthusiastically to Smith's candidacy on both economic and cultural levels. Chiles offers a historical argument that describes the impact of this coalition on the new liberal formation that was to come with Franklin Delano Roosevelt's New Deal, demonstrating the broad practical consequences of Smith's political career. In particular, Chiles notes how Smith's progressive agenda became Democratic partisan dogma and a rallying point for policy formation and electoral success at the state and national levels. Chiles sets the record straight in The Revolution of '28 by paying close attention to how Smith identified and activated his emergent coalition and put it to use in his campaign of 1928, before quickly losing control over it after his failed presidential bid.

28 Brandon Jack, 2021-08-03 A brutally honest memoir that completely rethinks what it means to be a man. 'Like Andre Agassi's Open, this is a transformative book; it is going to change our way of seeing' Malcolm Knox 'Brandon Jack is a force for good' Michelle Andrews and Zara McDonald, hosts of the Shameless podcast Continually told he was born with footballing blood, Brandon Jack has spent his life uncertain of the relationship he holds with the games he's played. Now a writer and musician, he sits in his apartment and reflects upon the years spent pursuing what felt like an inevitability - the footballing life. This is a unique and darkly poetic fly-on-the-wall account of a world that is usually shown in bright lights. Filled with relentlessly driven diary entries, vivid details of life at the fringe, and memories of binge-drinking into oblivion as an escape during his playing days at the Sydney Swans, 28 is a portrayal of the sporting psyche in a way that has never been done before. But the true beauty of this book lies in the space outside football. Laid bare on these pages is a searingly honest deep dive into sport, addiction, art, sexuality, masculinity, love, family and identity. 'Searingly honest, unflinching' Peter FitzSimons 'Brandon Jack has talent and daring in abundance' Christos Tsiolkas

Need to Know Fern Michaels, 2017-12-26 Justice is music to the Sisterhood's ears as they delve into the dark side of celebrity—from the #1 New York Times bestselling author of Crash and Burn. Through all their missions and adventures, the tightknit group of friends who make up the Sisterhood have learned one vital lesson: everybody has a weak spot. In the case of Yoko Wong's dear friend Garland Lee, the multimillion-selling performer known as America's beloved songbird,

that weak spot was trusting her lawyer, Arthur Forrester. For years, he's taken advantage of her faith in him to amass a secret fortune. And now, in the deepest betrayal yet, he's dragged her into a lawsuit that could cost her everything. The Sisterhood know they can't let that happen. Forrester has some of the country's top judges in his pocket, and a list of influential and ruthless friends—not to mention knowledge of all the ways the law can be corrupted to work in his favor. But he doesn't have the Vigilantes' deep-seated loyalty and determination. And all his years of underhanded dealings won't prepare him for the type of creative payback that the Sisters have made their specialty . . . Series praise "Spunky women who fight for truth, justice, and the American way."—Fresh Fiction on *Final Justice* "Readers will enjoy seeing what happens when well-funded, very angry women take the law into their own hands."—Booklist on *Weekend Warriors* "Delectable . . . deliver[s] revenge that's creatively swift and sweet, Michaels-style."—Publishers Weekly on *Hokus Pokus*
