Sediments in the Tema Harbour (Ghana) Benjamin O. Botwe,2018-07-11 Sediment pollution and accumulation in harbours are major environmental issues and studies that advance their solutions are essential for harbour sustainability. This book provides the first comprehensive assessment of chemical pollution in sediments and sediment accumulation rates in the tropical Tema Harbour (Ghana). This book contributes to improving our ability to use an integrated approach involving sediment chemistry and bioassays in one comprehensive assessment of the contamination state of a tropical coastal environment. Whole-sediment toxicity bioassays using the amphipod *Corophium volutator* and the polychaete *Hediste diversicolor* as bioindicators were combined with data on concentrations of total metal and metal binding forms, radionuclides, organochlorine pesticides and polycyclic aromatic hydrocarbons in bottom sediments as well as total metal concentrations in settling silt-clay particles collected by sediment traps to characterise the hazard, risk and impact of sediments from the tropical coastal Tema Harbour.

The Epic of the Buddha Chittadhar Hrdaya,2019-05-21 A translation of the modern Nepalese classic Winner of the Toshihide Numata Book Award in Buddhism and the Khyentse Foundation Prize for Outstanding Translation This award-winning book contains the English translation of Sugata Saurabha ("The Sweet Fragrance of the Buddha"), an epic poem on the life and teachings of the Buddha. Chittadhar Hrdaya, a master poet from Nepal, wrote this tour de force while imprisoned for subversion in the 1940s and smuggled it out over time on scraps of paper. His consummate skill and poetic artistry are evident throughout as he tells the Buddha's story in dramatic terms, drawing on images from the natural world to heighten the description of emotionally charged events. It is peopled with very human characters who experience a wide range of emotions, from erotic love to anger, jealousy, heroism, compassion, and goodwill. By showing how the central events of the Buddha's life are experienced by Siddhartha, as well as by his family members and various disciples, the poem communicates a fuller sense of the humanity of everyone involved and the depth and power of the Buddha's loving-kindness. For this new edition of the English translation, the translators improved the beauty and flow of most every line. The translation is also supplemented with a series of short essays by Todd Lewis, one of the translators, that articulates how Hrdaya incorporated his own Newar cultural traditions in order to connect his readership with the immediacy and relevancy of the Buddha's life and at the same time express his views on political issues, ethical principles, literary life, gender discrimination, economic policy, and social reform.

EU Employment Law Jeff Kenner,2002-12-23 This book traces the evolution of European Union employment law and social policy from its essentially economic origins in the Treaty of Rome through to the emerging themes post-Amsterdam: co-ordination of national employment policies,modernisation of social laws and combating discrimination. Each stage of development of Community employment law and social policy is analysed in depth to give a sense of perspective to this fast changing field. As the European Union seeks to meet the challenges of globalisation the need to develop social policy as a productive factor has come to the fore. The author explains how the social, economic and employment imperatives of European integration have always been

intertwined and how the emergence of Community employment law from its hitherto twilight existence is best understood through an examination of consistent strands of policy development.
