The One Week Marketing Plan Mark Satterfield, 2014-08-26 We're told marketing is hard. That it requires months of analysis, weeks of brainstorming, and years of consistent implementation. To succeed in marketing, you need the fortitude of General Patton, the genius of Don Draper, and the cash reserves of Warren Buffet. WRONG. One week. That's all it takes for most small and medium-sized businesses to dramatically improve their marketing. And let's face it, most business owners do very little marketing, and what they do is not particularly effective. Business owners often don't know how to best market their company, or are too busy working to make time to promote it. What they don't realize is that effective marketing doesn't have to be complicated or time-consuming. Mark Satterfield's *The One-Week Marketing Plan* lays out a step-by-step system entrepreneurs can put in place in just five business days. This "set it and forget it strategy works all day, every day to bring in new business. Tailored to each company's niche market, this innovative plan can generate a consistent stream of customers for an out-of-pocket expense of as little as \$300. Satterfield, founder and CEO of Gentle Rain Marketing, Inc., has more than two decades of experience helping clients in more than 75 niche industries grow their businesses without cold calling or hard selling. Now, in *The One-Week Marketing Plan*, his strategies and wisdom are accessible and realistic for entrepreneurs, self-employed professionals, and business owners looking to move in a new direction. One week. That's all it takes. So let's get started.

MLM Rockstar Blueprint Dr. Ope Banwo , Tobi Okunuga, 214-01-01 After being in the business myself for more than 25 years, with many successful experiences, and several spectacular failures, under my belt, I have come to understand that one of the main reasons people fail in business is lack of a tried and trusted business plan to follow. NETWORK MARKETING IS NOT DIFFERENT. If anything, this major cause for business failure is actually amplified in this business. Most people get very excited after joining a Network Marketing company, mostly after watching, or listening, to a presentation of the mouth-watering Compensation plan. They go for it with all the energy and enthusiasm they can muster over the first few days, and inevitably by the time the end of the first month come around, more than 90% do not see a fraction of the income promised by the Compensation plan. Disillusion sets in first, and anger quickly follows.
