Perfect for a gift, this book is sure to inspire anyone to achieve their goals! Get your copy today!

3001 Arthur C. Clarke,2012-11-30 The mysteries of the monoliths are revealed in this inspired conclusion to the Hugo Award-winning Space Odyssey series—"there are marvels aplenty" (The New York Times). On an ill-fated mission to Jupiter in 2001, the mutinous supercomputer HAL sent crewmembers David Bowman and Frank Poole into the frozen void of space. Bowman's strange transformation into a Star Child is traced through the novels 2010 and 2061. But now, a thousand years after his death, Frank Poole is brought back to life—and thrust into a world far more technically advanced than the one he left behind. Poole discovers a world of human minds interfacing directly with computers, genetically engineered dinosaur servants, and massive space elevators built around the equator. He also discovers an impending threat to humanity lurking within the enigmatic monoliths. To fight it, Poole must join forces with Bowman and HAL, now fused into one corporeal consciousness—and the only being with the power to thwart the monoliths' mysterious creators. "3001 is not just a page-turner, plugged in to the great icons of HAL and the monoliths, but a book of wisdom too, pithy and provocative." —New Scientist

The Yogi Book Yogi Berra,2010-05-26 Celebrate one of the greatest and most beloved baseball players who ever lived—and certainly the most quoted. The Yogi Book is the New York Times bestseller filled with Yogi Berra's immortal sayings, plus photographs, a career timeline, and appreciations by some of his greatest fans, including Billy Crystal and Tim McCarver. Yogi Berra's gift for saying the smartest things in the funniest, most memorable ways has made him a legend. The Yogi Book brings all of his famous quotes together in one place—and even better, gives the story behind them. It ain't over till it's over.—that's Yogi's answer to a reporter when he was managing the Mets in July 1973, and they were nine games out of first place (not only quotable, but prophetic—they won the pennant). Nobody goes there anymore. It's too crowded.—Yogi's comment to Stan Musial and Joe Garagiola about Ruggeri's restaurant in St. Louis in 1959. It gets late early out there.—Yogi describing how shadows crept across Yankee Stadium's left field during late autumn afternoons.

500 Funny Quotes for Women Stan Hardy,2021-04-09 Want to come in a good mood instantly? Need some funny and uplifting quotes with many of the truisms from our everyday lives? An easy book that you just pick up anytime start anywhere and always enjoy! Uplifting quotes to instantly

boost mood and make you chuckle! A perfect gift to bring laughter and joy to the family, friends, and colleagues. Wisdom and inspiration while being amused

When You Come to a Fork in the Road, Take It! Yogi Berra, Dave Kaplan, 2001-07-01 An exciting new collection of sublimely simple wisdom from a bestselling author, celebrated athlete, and a true American hero. Three-time MVP and Hall of Famer Yogi Berra hit home runs twice in a row with his two previous books, *The Yogi Book* and *It Ain't Over*. Now, his winning streak will continue with this latest work--a collection of appealing, funny, and surprisingly moving essays on life, happiness, and getting through the slumps. Filled with another delightful helping of Yogi's inimitable and unwittingly wise aphorisms, these reflections focus on the valuable lessons he's learned on and off the field. From his early years as an immigrant's son who dropped out of the eighth grade through his triumphant career as a player and manager who played in a record seventy-five World Series games, Yogi illustrates his homespun philosophies with apt analogies to his trove of baseball stories. He expounds on such topics as Patience (Waiting for your pitch); Sacrifice (Laying down a bunt); Trusting Others (Taking direction); and Staying Focused (Keeping your eye on the ball), to show how the rules of life and baseball are uncannily similar. And, in the tradition of *Don't Sweat the Small Stuff* and *All I Really Need to I Know I Learned in Kindergarten*, he explains his recipe for fulfillment and happiness with life lessons that are profoundly simple, simply profound--and classic Yogi to the core. Following on the heels of two New York Times bestselling books and filled with memorable photos, this new collection of Yogi wisdom will undoubtedly expand his growing legion of fans. *When You Come to a Fork in the Road, Take It!* is a wise, humble, touching book that's a guaranteed winner. In short, it's déjà vu all over again. A baseball legend reflects on the following lessons... A nickel ain't worth a dime any more. It ain't over til it's over. You can't think and hit at the same time. I didn't really say everything I said. The future ain't what it used to be. . . . and many more.

NEA Journal National Education Association of the United States, 1953

The Assignment Liza Wiemer, 2021-08-31 Inspired by a real-life incident, this riveting novel explores the dangerous impact discrimination and antisemitism have on one community when a school assignment goes terribly wrong. Would you defend the indefensible? That's what seniors Logan March and Cade Crawford are asked to do when a favorite teacher instructs a group of students to argue for the Final Solution--the Nazi plan for the genocide of the Jewish people. Logan and Cade decide they must take a stand, and soon their actions draw the attention of the student body, the administration, and the community at large. But not everyone feels as Logan and Cade do--after all, isn't a school debate just a school debate? It's not long before the situation explodes, and acrimony and anger result. Based on true events, *The Assignment* asks: What does it take for tolerance, justice, and love to prevail? An important look at a critical moment in history through a modern lens showcasing the power of student activism. --SLJ

How to Survive a Shipwreck Jonathan Martin, 2016-06-07 Life is turbulent. On that, we can all agree. Disappointed dreams, broken relationships, identity crises, vocational hang-ups, wounds from the past--there are so many ways life can send us crashing up against the rocks. In this deeply personal book, Jonathan Martin draws from his own stories of failure and loss to find the love that can only be discovered on the bottom. *How to Survive a Shipwreck* is an invitation to trust the goodness of God and the resilience of your soul. Jonathan's clarion call is this: No matter how hard you've fallen, no matter how much you've been hurt, help is on the way--just when you need it most. With visionary artistry and pastoral wisdom, Jonathan Martin reveals what we'll need to make it through those uncharted waters, how we can use these defining experiences to live out of our depths, and why it will then become impossible to go back to

the half-life we once lived.

Self Observation Red Hawk, 2012-07-23 This book is an in-depth examination of the much needed process of “self” study known as self observation. We live in an age where the “attention function” in the brain has been badly damaged by TV and computers-up to 90 percent of the public under age 35 suffers from attention-deficit disorder! This book offers the most direct, non-pharmaceutical means of healing attention dysfunction. The methods presented here are capable of restoring attention to a fully functional and powerful tool for success in life and relationships. This is also an age when humanity has lost its connection with conscience. When humanity has poisoned the Earth’s atmosphere, water, air and soil, when cancer is in epidemic proportions and is mainly an environmental illness, the author asks: What is the root cause? And he boldly answers: Failure to develop conscience! Selfobservation, he asserts, is the most ancient, scientific, and proven means to develop this crucial inner guide to awakening and a moral life. This book is for the lay-reader, both the beginner and the advanced student of self observation. No other book on the market examines this practice in such detail. There are hundreds of books on self-help and meditation, but almost none on self-study via self-observation, and none with the depth of analysis, wealth of explication, and richness of experience which this book offers. Red Hawk, author of 5 collections of poetry, was the Hodder Fellow at Princeton University (1992-93) and is currently a full professor at the University of Arkansas, Monticello. He has practiced self-observation for over 30 years, under the guidance of the Gurdjieff Society of Arkansas, meditation master Osho Rajneesh, and spiritual teacher, Lee Lozowick.

The Wisdom of Sundays Oprah Winfrey, 2017-10-17 Oprah Winfrey says Super Soul Sunday is the television show she was born to do. “I see it as an offering,” she explains. “If you want to be more fully present and live your life with a wide-open heart, this is the place to come to.” Now, for the first time, the aha moments of inspiration and soul-expanding insight that have enlightened millions on the two-time Emmy Award-winning Super Soul Sunday are collected in *The Wisdom of Sundays*, a beautiful, cherishable, deeply-affecting book. Organized into ten chapters—each one representing a powerful step in Oprah’s own spiritual journey and introduced with an intimate, personal essay by Oprah herself—the *Wisdom of Sundays* features selections from the most meaningful conversations between Oprah and some of today’s most-admired thought-leaders. Visionaries like Tony Robbins, Arianna Huffington, and Shonda Rhimes share their lessons in finding purpose through mindfulness and intention. World renowned authors and teachers like Eckhart Tolle, Thich Nhat Hahn, Marianne Williamson and Wayne Dyer, explain our complex relationship with the ego and the healing powers of love and connection; and award-winning and bestselling writers like Cheryl Strayed, Elizabeth Gilbert, and Elizabeth Lesser explore the beauty of forgiveness and spirituality. Paired with beautiful photographs, including many from Oprah’s private property in California where each episode of Super Soul Sunday is filmed, *The Wisdom of Sundays* promises to be a timeless keepsake that will help readers awaken to life’s wondrous possibilities and discover a deeper connection to the natural world around them.

The Wild Woman's Way Michaela Boehm, 2021-11-09 As pragmatic as it is compassionate, this intimate, humorous, and ultimately relaxing invitation to re-wild yourself, stripping away all that is not your true nature, will leave you inspired and curious to discover the wild woman within (Lissa Rankin, MD, New York Times bestselling author of *Mind Over Medicine*). For the high-achieving modern woman today, having a successful career, a fulfilling romantic relationship, and a satisfying personal life can feel like opposing goals. It has even become difficult to take the time to enjoy the simple pleasures in lives. We are stuck in go-mode, damaging our romantic relationships, pleasure, and creativity. But what if there were a way to experience the simplest pleasures of our lives on a deeper level, freeing the body and psyche from

these destructive patterns? Beyond our current stereotypes about femininity lies the ancient wisdom of the Wild Woman archetype, a model of building a feminine body intelligence. By embodying this archetype and using tantra--not just in the bedroom, but also to build intimate connections to our senses and physical movements--we can break harmful psychological patterns. In *The Wild Woman's Way*, Michaela Boehm shares practical rituals and exercises drawn from years of experience as a celebrity relationship and life counselor and an expert in tantric yoga. She reveals the power of different types of touch, while also training you in forms of meditation and stretching that increase activity and sensual pleasure.

Limitless Jim Kwik, 2020-04-07 Unlock the full potential of your brain, learn faster, and achieve your goals with this instant New York Times and #1 Wall Street Journal bestseller from Jim Kwik, the world's #1 brain coach. This ultimate brain training book is packed with practical techniques to help you level-up your mental performance and transform your life. "There's no genius pill, but Jim gives you the process for unlocking your best brain and brightest future. Just like you want a healthy body, you want a flexible, strong, energized, and fit brain. That's what Jim does for a living—he is the personal trainer for the mind." — Mark Hyman, M.D., Head of Strategy and Innovation, Cleveland Clinic Center for Functional Medicine, author of 12 New York Times best-selling books For over 25 years, Jim Kwik has worked closely with successful men and women who are at the top in their fields as actors, athletes, CEOs, and business leaders from all walks of life to unlock their true potential. In *Limitless*, he reveals the science-based practices and field-tested tips to accelerate self-learning, communication, memory, focus, recall, and speed reading, to create amazing results. *Limitless* is the ultimate transformation book and gives people the ability to accomplish more--more productivity, more transformation, more personal success and business achievement--by changing their Mindset, Motivation, and Methods. These "3 M's" live in the pages of *Limitless* along with practical techniques that unlock the superpowers of your brain and change your habits. Learn how to: **FLIP YOUR MINDSET** Identify and challenge the assumptions, habits, and procrastinations that limit you and expand the boundaries of what you believe is possible. **IGNITE YOUR MOTIVATION** By uncovering your passions, purposes, and sources of energy, you can stay focused and clear on your goals. Uncovering what motivates you is the key that opens up limitless mental capacity. This is where Passion + Purpose + Energy meet to move you closer to your goals, while staying focused and clear. **MASTER THE METHOD** Accelerate learning, improve memory, and enhance brain performance Jim Kwik applies the latest neuroscience for accelerated learning, and will help you finish a book 3x faster through speed reading (and remember every part of it), learn a new language in record time, and master new skills with ease. "What you'll get within these pages is a series of tools that will help you cast off your perceived restrictions. You're going to learn how to unlimit your brain. You're going to learn how to unlimit your drive. You're going to learn how to unlimit your memory, your focus, and your habits. If I am your mentor in your hero's journey, then this book is your map to master your mind, motivation, and methods to learn how to learn. And once you've done that, you will be limitless." —Jim Kwik Packed with tips and techniques to improve memory, focus, recall, and speed reading, this brain training book is the perfect gift for anyone looking to transform their life.

Country Living, 1994

Feminine Genius Liyana Silver, 2017-06-01 Women, here's a question for you: what would happen if we took all the energy we spend self-bashing, self-improving, and chasing impossible standards and instead channeled it into our true passions? Answer: our feminine radiance would light up the world. This is the promise of LiYana Silver's bold new book, *Feminine Genius*. Your body is the key, writes Silver. I'm going to show you that your body is wildly intelligent and that your deepest desires are your best guide.

You'll learn to trust your innately feminine brilliance while integrating it with your already awesome masculine strengths. In this exercise-rich book, LiYana offers a sassy blend of inspiration and nitty-gritty practices to help you break free from the places where you feel stuck. As you root out the conditioning that keeps you feeling small and weak, you'll learn to trust the feeling of being turned on, connect to the inner Oracle that is the wisdom source of your body, and transform your life into a Heroine's Journey filled with deep strength, true fulfillment, wild abandon, and epic love.

Make It Stick Peter C. Brown, Henry L. Roediger III, Mark A. McDaniel, 2014-04-14 Discusses the best methods of learning, describing how rereading and rote repetition are counterproductive and how such techniques as self-testing, spaced retrieval, and finding additional layers of information in new material can enhance learning.
