Craft Coffee Jessica Easto, Andreas Willhoff, 2017-11-14 “Build a better brew by mastering 10 manual methods, from French Press to Chemex, with this comprehensive guide.” –Imbibe Magazine Named a top food & drink book of 2017 by Food Network, Wired, Sprudge, and Booklist This comprehensive but accessible handbook is for the average coffee lover who wants to make better coffee at home. Unlike other coffee books, this one focuses exclusively on coffee—not espresso—and explores multiple pour-over, immersion, and cold-brew techniques on 10 different devices. Thanks to a small but growing number of dedicated farmers, importers, roasters, and baristas, coffee quality is at an all-time high. But for nonprofessionals, achieving café quality at home can seem out of reach. With dozens of equipment options, conflicting information on how to use that equipment, and an industry language that, at times, doesn’t seem made for the rest of us, it can be difficult to know where to

begin. *Craft Coffee: A Manual*, written by a coffee enthusiast for coffee enthusiasts, provides all the information readers need to discover what they like in a cup of specialty coffee—and how to replicate the perfect cup day after day. From the science of extraction and brewing techniques to choosing equipment and deciphering coffee bags, *Craft Coffee* focuses on the issues—cost, time, taste, and accessibility—that home coffee brewers negotiate and shows that no matter where you are in your coffee journey, you can make a great cup at home. “Engaging and fun . . . I really can’t recommend *Craft Coffee: A Manual* enough. If you’re even mildly curious about brewing coffee at home, it’s absolutely worth a read.” —BuzzFeed

Wartime Notebooks Andrzej Bobkowski, 2018-11-27 A Polish writer’s experience of wartime France, a cosmopolitan outsider’s perspective on politics, culture, and life under duress When the aspiring young writer Andrzej Bobkowski, a self-styled cosmopolitan Pole, found himself caught in occupied France in 1940, he recorded his reflections on culture, politics, history, and everyday life. Published after the war, his notebooks offer an outsider’s perspective on the hardships and ironies of the Occupation. In the face of war, Bobkowski celebrates the value of freedom and human life through the evocation—in a daringly untragic mode—of ordinary existence, the taste of simple food, the beauty of the French countryside. Resisting intellectual abstractions, his notes exude a young man’s pleasure in physical movement—miles clocked on country roads and Parisian streets on his trusty bike—and they reveal the emergence of an original literary voice. Bobkowski

was recognized in his homeland as a master of modern Polish prose only after Communism ended. He remains to be discovered in the English-speaking world.

Journals and Miscellaneous Notebooks of Ralph Waldo Emerson, Volume XII: 1835-1862 Ralph Waldo Emerson,1976 The twelfth volume makes available nine of Emerson's lecture notebooks, covering a span of twenty-seven years, from 1835 to 1862, from apprenticeship to fame. These notebooks contain materials Emerson collected for the composition of his lectures, articles, and essays during those years.

Coleridge Notebooks V5 Notes Kathleen Coburn,2019-09-25 During his adult life until his death in 1834, Coleridge made entries in more than sixty notebooks. Neither commonplace books nor diaries, but something of both, they contain notes on literary, theological, philosophical, scientific, social and

psychological matters, plans for and fragments of works and many other items of great interest. Shortly after World War II, Kathleen Coburn, formerly of Victoria College in Toronto, rediscovered this great collection of unpublished manuscripts. With the support of the Coleridge estate, she embarked on a career of editing and publishing these volumes and was awarded with many honours for her work, including: a Leverhulme Award (1948), a Guggenheim Fellowship (1953), a Fellowship in the Royal Society of Canada (1958), the Order of Canada (1974) and an honorary doctorate from her own university. Originally projected as a five volume set (each volume consisting of a book of text and a book of notes). First published in 2002. Volume 5 of the Notes on the Notebooks of Samuel Taylor Coleridge, spanning from 1827 to 1834. The volume is in two parts, text and notes.

The Notebooks of Samuel Taylor Coleridge Samuel Taylor Coleridge, 1957 This final volume of Bollingen Series L covers the material Coleridge wrote in his notebooks between January 1827 and his death in 1834. In these years, Coleridge made use of the notebooks for his most sustained and far-reaching inquiries, very little of which resulted in publication in any form during his lifetime. Twenty-eight notebooks are here published in their entirety for the first time; entries dated 1827 or later from several more notebooks also appear in this volume. Following previous practice for the edition, notes appear in a companion volume. Coleridge's intellectual interests were wide, encompassing not only literature and philosophy but the political crises of his time, scientific and medical breakthroughs, and contemporary developments in psychology, archaeology, philology, biblical criticism, and the visual arts. In these years, he met and conversed with eminent writers, scholars, scientists, churchmen, politicians, physicians, and artists. He planned a

major work on Logic (still unpublished at his death), and an outline of Christian doctrine, also unfinished, though his work toward this project contributed to On the Constitution of the Church and State (1830) and the revised Aids to Reflection (1831). The reader of these notebooks has the opportunity to see what one of the most admired minds of the English-speaking world thought on several issues--such as race and empire, science and medicine, democracy (particularly in reaction to the Reform Bills introduced in 1831 and 1832), and the authority of the Bible--when he wrote without fear of public disapprobation or controversy.

Living with Discernment in the End Times Kay Arthur, David Lawson, Bob Vereen, 2002-06-15 This study of 1 and 2 Peter and Jude helps believers deepen their faith and guard against false teachings. Peter and Jude exhort us to live courageously for Christ in a world that seeks to destroy the gospel's truth.

The Frankenstein Notebooks Charles Robinson,2021-03-24 Mary Shelley's Frankenstein is arguably the best known work of the English Romantic period. First published in 1996, this edition of The Frankenstein Notebooks contains not only facsimiles and transcriptions of all of surviving manuscripts related to the novel and a corrected, critical text of Frankenstein (or The Modern Prometheus) but also a full range of factual information, drawn from Shelley's and William Godwin's letters and journals, from newspaper ads of

the day, and from other available scholarship about the conception, gestation, and birth of Mary Shelley's monster. This two volume set contains a wealth of information vital to the creation and reception of Frankenstein. It will enable scholars, critics and students to see for themselves the exact extent of P. B. Shelley's editorial contributions and trace the artistic and ideological development of the novel at various stages in its formation. It will also enable the reader to explore the text itself to test and evaluate their own theses. Part two contains the draft notebook B, which was written between December 1816 and April 1817, and the fair-copy notebooks which were compiled between April and May 1817. This set will be of keen interest to those studying Frankenstein, the Romantics and 19th century literature.

Get Untamed Glennon Doyle, 2021-11-16 This stunning hardcover journal is a bold, interactive guide to discovering and creating the truest, most beautiful lives, families, and world we can imagine, based on the #1 New York Times bestseller Untamed. "We must stop asking people for directions to places they've never been. Every life is an unprecedented experiment. We are all pioneers. I created Get Untamed: The Journal as an interactive experience in charting our own way—so we can let burn that which is not true and beautiful enough and get started building what is." —Glennon Doyle With Untamed, Glennon Doyle—writer, activist, and "patron saint of female empowerment" (People)—ignited a movement. Untamed has been described as "a wake-up call" (Tracee Ellis Ross), "an anthem for women today" (Kristen Bell), and a book that "will shake your brain and make your soul scream" (Adele). Glennon now offers a new way of journaling, one that reveals how we can stop striving to meet others' expectations—because when we finally learn that satisfying the world is impossible, we quit pleasing and start living.

Whether or not you have read *Untamed*, this journal leads you to rediscover, and begin to trust, your own inner-voice. Full of thought-provoking exercises, beloved quotations from *Untamed*, compelling illustrations, playful and meditative coloring pages, and an original introduction, in *Get Untamed: The Journal*, Glennon guides us through the process of examining the aspects of our lives that can make us feel caged. This revolutionary method for uprooting culturally-constructed ideas shows us how to discover for ourselves what we want to keep and what we'll let burn so that we can build lives by design instead of default. A one-of-a-kind journal experience, *Get Untamed* proves Glennon's philosophy that "imagination is not where we go to escape reality, but where we go to remember it."

Kierkegaard's Journals and Notebooks Volume 10 Søren Kierkegaard, 2018-08-14
For over a century, the Danish thinker Søren Kierkegaard (1813-55) has been at the center of a number of important discussions, concerning not only philosophy and theology, but also, more recently, fields such as social thought, psychology, and contemporary aesthetics, especially literary theory. Despite his relatively short life, Kierkegaard was an extraordinarily prolific writer, as attested to by the 26-volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his "journals and notebooks." Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term "diaries." By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects—philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop,

where we can see his entire universe of thought. We can witness the genesis of his published works, to be sure—but we can also see whole galaxies of concepts, new insights, and fragments, large and small, of partially (or almost entirely) completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two-column format, one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages, and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced. Volume 10 of this series includes the final six of Kierkegaard's important "NB" journals (Journals NB31 through NB36), which cover the last months of 1854, a period when Kierkegaard made the final preparations for and the initial launch of his furious assault on the established church. But in addition to this incendiary material, these journals also contain a great trove of his reflections on theology, philosophy, and the perils and opportunities of modernity.
