Pocos pueblos de la Antigüedad han tenido una conexión tan fuerte con la época actual como los celtas. A través de su literatura, su música y su rica mitología es posible adentrarse en la historia de una de las civilizaciones más interesantes de todos los tiempos. Los celtas no fueron un pueblo compacto, sino que fueron un conjunto de pueblos que presentaban una asombrosa variedad. Se extendieron por toda Europa haciendo del mestizaje su bandera. Con maestría y rigor, Manuel Velasco le dará a conocer las costumbres, las creencias religiosas y los grandes personajes celtas. La larga y desconocida historia de una etapa marcada por guerras y conquistas protagonizadas por personajes inolvidables que han entrado a formar parte del imaginario popular: Viriato, Vercingetórix, Boudicca... Breve historia de los celtas le mostrará una civilización mítica y misteriosa que dejó profundas huellas en la identidad europea y que ha fascinado y fascina desde tiempos inmemoriales a toda la humanidad.

OpenGL ES 2 for Android Kevin Brothaler,2013-06-26 Printed in full color. Android is booming like never before, with millions of devices shipping every day. It's never been a better time to learn how to create your own 3D games and live wallpaper for Android. You'll find out all about shaders and the OpenGL pipeline, and discover the power of OpenGL ES 2.0, which is much more feature-rich than its predecessor. If you can program in Java and you have a creative vision that you'd like to share with the world, then this is the book for you. This book will teach you everything you need to know to create compelling graphics on Android. You'll learn the basics of OpenGL by building a simple game of air hockey, and along the way, you'll see how to initialize OpenGL and program the graphics pipeline using shaders. Each lesson builds upon the one before it, as you add colors, shading, 3D projections, touch interaction, and more. Then, you'll find out how to turn your idea into a live wallpaper that can run on the home screen. You'll learn about more advanced effects involving particles, lighting models, and the depth buffer. You'll understand what to look for when debugging your program, and what to watch out for when deploying to the market. OpenGL can be somewhat of a dark art to the uninitiated. As you read this book, you'll learn each new concept from first principles. You won't just learn about a feature; you'll also understand how it works, and why it works the way it does. Everything you learn is forward-compatible with the just-released OpenGL ES 3, and you can even apply these techniques to other platforms, such as iOS or HTML5 WebGL.

Soul Talk Horina Uali-Wari,2019-12-06 Soul Talk - A Sense of Feeling is a compilation of love poems for young adults. Soul Talk are reflections, thoughts, emotions and imaginations that are sometimes kept and not spoken aloud. I wrote them for keeps - but I would like to share them now with others. I hope you enjoy reading and feel the love that I felt at the time I wrote them. It is a good and healthy exercise to allow yourself to imagine and feel love - even if from afar - than not imagine and not allow yourself to be consumed by love - at all. It is better to live and allow yourself to dream sometimes than not dream at all - and be a living person who is already dead inside.

Witches Get Stitches Juliette Cross ,2021-07-20 Violet Savoie has a plan. A dream, rather. To open her own tattoo shop, which caters to supernaturals in need of permanent charms. As a powerful Seer, she has the potent magic to cast every kind of spell. Except the kind to give werewolves control over their beastly side. And her business partner Nico needs help in the worst kind of way. Nico Cruz has a secret. A motive, rather. To subtly stalk and seduce Violet until she finally recognizes they are fated to be together. Ever since their heated encounter in Austin on New Year's Eve two years earlier, he's been dying to get his hands—and his tongue—back on her body. He knows a woman like Violet can't be courted in the usual way. Luckily, Nico has no scruples about misbehaving to get what he wants. But when his former pack roams into town, and an old friend is far too interested in Violet, his focus shifts to the threat venturing into his territory. Nico may come across as the quiet, broody one, but the intruders are about to regret stepping foot in New Orleans. And when Violet goes missing, no charm or spell can keep Nico's wolf at bay.

Godmothers Lisa Bevere,2020-08-25 There is a role unique to women that we abandon easily. We live near each other, but not with each other--and not for each other. We don't want to intrude or judge and, maybe, we don't want to see each other truly succeed. And the world is happy with this unhappy state for women--one that pushes us to conform to a pattern of distrust, disengagement, and competition. It's no wonder we've lost ourselves, and our way. In her most personal, powerful book yet, New York Times bestselling author Lisa Bevere offers a catalytic, transformative vision for women of a different way to live--one that embraces the presence of a godmother--the older, wiser women you can go to and learn from, the strong women who partner with us through life. And everyone needs one! Drawing from her own life, biblical women, and the world of fairy tales, Lisa will show you how to transform what you have into what God wants you to have, push you forward during seasons of doubt, and love you enough to speak truth about God's larger, expansive view of your life. Lisa's candid, compassionate words are your best first step to living as a daughter of God, surrounded by strong relationships and confidence in your calling.

Crewel Intentions Hazel Blomkamp,2014 Keeping to a theme started in Crewel Twists, this book continues the concept of using non-traditional techniques and materials in crewel or Jacobean embroidery. It showcases four large projects, each with an accompanying small project similar in technique, and shows needle workers how to be creative with threads, alternative stitches and beads. Traditional techniques are explained but are extended with the use of bead embroidery, needle lace techniques, and stitches not normally used in crewel work. Many new needle lace and bead embroidery techniques are incorporated, and the book also explores weaving techniques used to create textures like twill and lace weaves, as well as patterns similar to tartan and houndstooth check. Every project is clearly explained with step-by-step instructions and lots of photographs, and the

completed embroideries are once again displayed in ways that are both decorative and functional in the home. Templates of the original designs complete this magnificent source for creative embroidery.
