**Killing Zombies for Fun & Profit** Leethal, 2016-09-27 A warped little journey of sarcasm, economics, & profitable zombie hunting. While the eradication of Zombies may not be a realistic way to make a living (yet), certain sociological tidbits contained in the book may offer insight to the future of our economical status. Our world seems to be collapsing around us more each day, and while Zombies may be a metaphor for our impending doom, it really pays to be prepared for a worst case scenario. I tell my friends, I'm not paranoid. I prepare for the worst, and pray for the best.

Attack of the 3-D Zombies John Cady, 2022-01-06 What happens when you're underage and you

successfully sneak into the scariest zombie movie ever made? If you're lucky, then you can just leave after the movie is finished and brag about it to your classmates on Monday morning. If you're Will and John, however, then you'll quickly find yourselves in over your head when the zombies from the movie decide to follow you out of the theater. How will the boys survive this bizarre turn of events? Will they live long enough to brag about it in school?

**The Zombie Hunters** Jenny Romanchuk, 2010-11-26 Follow this team of zombies hunters as they try to survive a salvage expedition. What first seemed like a harmless bit of extracurricular looting has now gone horribly wrong, and the team finds themselves fighting for their survival armed with nothing but improvised weapons and mouths full of colourful profanities. A comic that began as a short story for friends on the web, The Zombie Hunters has grown into an exploration of what the world would be like, following a deadly apocalypse. With a society and a zombie threat unlike any other, the story quickly grows beyond its original concept and begins to explore the divide between the Infected, sent to scavenge the wastelands, and those who are not, who live in the safety and comfort of the Argus Research Campus. This title is a graphic novel.

**Melvin McGee, Zombie Hunter** Mathew Sullivan, 2015-10

**Donald Trump, Zombie Hunter** Charlie Roberts, 2017-04-16 The dead have risen to devour the living...and President Donald Trump is fighting back! It's a blood-soaked, action-packed zombie apocalypse that begins at a rally in Nashville, staggers to the Oval Office and the CDC, and ends in a battle royale at the border wall, as Donald Trump, a brave team of warriors, and a machete that never rests fight a life-or-death war to Make America Human Again! The zombie outbreak begins all over the world at virtually the same moment ... and for President Donald Trump, it begins during a rally in Nashville, Tennessee. He and his Secret Service AIC are forced into hand-to-hand combat with the dead, and barely escape with their lives - and the help of a brave team of commandos led by a Special Forces soldier named Tomlin. These are classic George Romero zombies, except faster and even more angry. And by the time Trump, Agent Diaz, and Tomlin land on the South Lawn of the White House, the world has been lost. They have to fight again - guns and knives vs. the relentless hunger of the walking dead - and actually make to the Oval Office. They learn just how bad things have become and decide to move their base of operations to the Center for Disease Control in Atlanta ... just as former President Barack Obama arrives. He's already lost his wife, and barely begins to speak before his arm falls off and he transforms into a bloodthirsty zombie right in front of them. President Trump moves fast: He takes a machete from one of the fallen and slices the top off ex-Obama's head, stopping the Presidential zombie forever and revealing an evil little worm-thing that has eaten his brain. Is that the source of the rising dead ... or has it been there much longer? Within moments, Trump and his team - including the beautiful and mysterious blonde Stacey Chase - fight

their way back out of the Oval Office to the chopper and rush to the CDC. Communications indicate it's still safe, but they land on the wrong building at the worst possible time to find that the Center has only just fallen. The Undead attack; they lose the chopper, and Trump and his shrinking team of survivors have to fight their way down ten flights of stairs, past ravenous zombies and crazed humans, just to escape in an Army MRAP. They lose the intriguing Stacey Chase even as she unlocks the vehicle that allows them to flee ... to their final destination: the Border Wall. When Trump and his battle-hardened crew reach the huge and still secure construction site in Sierra Blanca, East Texas, they have to fight through mobs of zombie protesters, zombie media people, and zombie construction workers to reach true safety. They even have to use a massive bulldozer to haul away tons of the walking dead in a final battle royale. But they make it. And Trump is able to tap into what remains of the worldwide communications network, reach out to the survivors and heroes who still exist across a zombie-infected world, and tell them there is still hope. That together, they can re-take their country. They can Make America Human Again!

*Zombies Are Us* Christopher M. Moreman, Cory James Rushton, 2011-10-10 On the surface, the zombie seems the polar opposite of the human--they are the living dead; we, in essence, are the dying alive. But the zombie is also us. Although decaying, it looks like us, dresses like us, and sometimes (if rarely) acts like us. In this volume, essays by scholars from a range of disciplines examine the zombie as a thematic presence in literature, film, video games, legal language, and philosophy, exploring topics including zombies and the environment, litigation, the afterlife, capitalism, and the erotic. Through this wide-ranging examination of the zombie phenomenon, the authors seek to discover what the zombie can teach us about being human. Instructors considering this book for use in a course may request an examination copy here.
