**Penguins, Penguins, Everywhere!** Bob Barner, 2012-03-23 A parade of irresistible penguins—from climates warm and cold—swim, slide, and waddle across the pages of *Penguins, Penguins, Everywhere!* The enticing combination of bright, playful collage artwork and simple, rhyming text, plus illustrations of all 17 penguin species make this an ideal choice for the youngest readers.

*The Emperor's Egg* Martin Jenkins, 2014-08-05 Fabulous facts about nature's most devoted dad, in an utterly charming picture book. Features an audio read-along! Can you imagine spending the winter outdoors in Antarctica without anything to eat? That's just what the male Emperor penguin does. While his mate is off swimming and catching loads of fish, he stands around in the freezing cold with an egg on his feet for two whole months, keeping it warm and waiting for it to hatch. Welcome to the story of the world's most devoted dad! Back matter includes an index.

Getting to Yes Roger Fisher, William Ury, Bruce Patton, 1991 Describes a method of negotiation that isolates problems, focuses on interests, creates new options, and uses objective criteria to help

two parties reach an agreement.

*Spy Penguins* Sam Hay, 2020-09-15 Two young adventure-loving and gadget-obsessed penguins dream of joining the FBI (Frosty Bureau of Investigation) in Sam Hay's hilarious new illustrated chapter book series, *Spy Penguins*. Adventure-loving penguin Jackson dreams of being a secret agent like his Uncle Bryn, who works for the Frosty Bureau of Investigation. Jackson and his gadget-inventing best friend Quigley might officially be too young to join the FBI, but they aren't going to let that stop them! They just need to come up with the right plan to prove that they are worthy. But when one of Q's inventions goes dangerously wrong, Jackson suddenly finds himself dropped right in the middle of an FBI stakeout. There's fishy business afoot at the city's aquarium; rare fish are vanishing and not even the FBI can work out what's going on. It's up to Jackson and Quigley to solve the crime!

**Crocodile Rescue! (Wild Survival #1)** Melissa Cristina Márquez, 2021-02-02 For fans of *The Trail*, *Out of My Shell*, and *The Honest Truth*, *Wild Survival* is the story of a girl finding her voice . . . and fighting for survival. Twelve-year-old Adrianna Villalobos and her older brother Feye travel the globe

with their parents, the hosts of a suspenseful nature show called Wild Survival! The show features daring animal rescues and the work the family does at their animal sanctuary. They've recently gotten an offer to take the show from YouTube to a TV network, and Adrianna is thrilled. So far, she's always been behind the scenes, but now she gets to join the rest of her family onscreen. She can't wait to bring her passion for animals to a wide audience. Their first stop is the lush mangrove forests of Cuba, where they're going to help rescue an injured crocodile. But things get off to a rocky start when Feye is injured in an accident partially caused by Adrianna. The status of the show is in jeopardy, and Adrianna's parents want her back behind the scenes, or maybe even back at home. Adrianna is determined to prove herself, and save the show-whatever it takes. Even if that means confronting the legendary Mega Croc of Cuba that's rumored to inhabit the murky waters around their base camp. Based on the author's real-life wildlife encounters, this middle-grade series will include real animal facts, light illustration of the creatures mentioned in each book, and an Author's Note from Melissa.

If Animals Kissed Good Night Ann Whitford Paul,2014-06-03 Rhyming text explores what would happen if animals kissed like humans do, from a slow kiss between a sloth and her cub to a mud-happy kiss from a hippo calf to his father.

*Penguins and Polar Bears* Alicia Klepeis,2020-10-13 We all know that ice bears and penguins never meet (except in zoos), but what else do you know about the Arctic and the Antarctic (or polar) regions? Did you know that Antarctica is not just the coldest, but also the driest continent on Earth? Have you ever wondered how a polar bear stays warm in the Arctic? Sitting on the most extreme North and South Poles are two of our planet's most mysterious regions, but what similarities and differences do they share? Polar tales the incredible geography of both regions, how polar bears and penguins survive, and introduces the explorers who dared to travel into these unknown spots on Earth in the past. We go under their oceans and discuss the effects of climate change.

The Adélie Penguin David Ainley,2002-10-01 The Adélie penguin is one of the best-studied birds

in the world and is the subject of research programs from a dozen nations interested in monitoring changes in the environment and the food webs of the Southern Ocean. This species' population has been changing dramatically over the past few decades coincident with a general warming of the maritime portion of Antarctica. When the sea-ice is seen to decline so does the population of Adélie penguins. Further south, however, the population is increasing. This book summarizes our present ecological knowledge of this polar seabird. In so doing, David Ainley describes the ecological factors important to its life history and details the mechanisms by which it is responding to climate change. The author also chronicles the history of research on Adélie penguins, beginning with the heroic expeditions at the beginning of the twentieth century. Weaving together history, ecology, natural history, and written accounts from the earliest Antarctic naturalists into a fascinating account of this charismatic bird, *The Adélie Penguin* provides a foundation upon which future ornithological research and environmental monitoring can be based. It is a model for investigations into the effect of climate change on a particular species. The book also contains many fine illustrations from the accomplished

illustrator Lucia deLeiris and photographs by the author.

**Fly!** Mark Teague, 2019-09-17 “Teague proves that a picture can be worth a thousand words—and almost as many laughs.” —Publishers Weekly (starred review) “Engaging illustrations and the baby bird’s wild ideas will entertain audiences of all ages.” —Booklist (starred review) “Funny, feathery finesse.” —Kirkus Reviews (starred review) Mama bird thinks it’s time for Baby bird’s first flight, but Baby bird has other ideas in this humorous wordless picture book from New York Times bestselling author-illustrator Mark Teague. It’s a big day up in the tree that Mama bird shares with her baby. Mama bird thinks Baby bird is finally ready to leave the nest and learn to fly so he can migrate south with the rest of their flock. But Baby bird isn’t so sure. Can’t his mother keep bringing him worms in their nest? Can’t he migrate in a hot air balloon instead? Or perhaps a car? This silly wordless picture book will keep young readers giggling as Baby bird figures out that he must flap his wings and learn to fly—whether he likes it or not!

**The Everybody Club** Nancy Loewen, Linda Hayden, 2021-03 The Everybody Club is a lively book with

a powerful message about belonging. See what The Everybody Club is up to in this joyful romp for young readers!

**The Penguin Lady** Carol A. Cole, 2012 Penelope Parker lives with penguins from all over the Southern Hemisphere. Do the penguin antics prove too much for her to handle? Children count and then compare and contrast ten different penguin species as they learn geography. Includes For Creative Minds section.

Parker the Purple Penguin Marybeth Wishart, 2020-12 Parker, a very purple penguin, does not understand why he is not accepted by his peers. How can they not like him, especially when he loves to do all the same things they do? Why does he get excluded by all the other penguins just because of the color of his coat? What can Parker do that will make the other penguins become his friends? Follow Parker's adventures as he faces the challenges of being different. What finally changes the other penguins' perception of Parker? Read the story and discover all the things Parker did and what it took for the other penguins to understand the truth. Parker the Purple Penguin explores themes

that are relevant to all children-and even adults!-such as accepting each other's differences, empathy, and bravery.

**Tragedy to Triumph Janet Mauk,2021-10-04 Tragedy to Triumph-The Story of Tom's Heart** provides an up-close and personal look at the journeys of two individuals facing death as they present their individual perspectives as the donor family and the recipient. There are very few stories in life that grip you like the loss of a child. When that story hits home, it can feel like your very heart is being ripped out. This story is about life and death. When a family member or friend suffers end-stage organ failure, the pain is different but very real. Loved ones watch as you wither away before their eyes dying, waiting, and hoping for the ultimate gift, the gift of life, so they can go on living. Tragedy to Triumph-The Story of Tom's Heart is the harrowing and heart-wrenching tragedy that struck him and his family. At the worst moment any family should ever have to deal with, the parents said 'yes' to organ, eye, and tissue donation so the lives of others could be saved and enhanced. For Tom's

mother, it offered hope in the midst of despair, a purpose in the midst of tragedy, and light in the midst of the darkest night of her life. By saying yes to donation, another mother and family did not have to wonder, wait, or face the death of their son, brother, or friend. Pete Radigan, who was in end-stage heart failure at Columbia Hospital, unsure if he would live or die, received Tom's heart-the gift of life. This is their story...

Flashlight Lizi Boyd, 2014-08-12 Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Both lyrical and humorous, this visual poem—like the flashlight beam itself—reveals there is magic in the darkness. We just have to look for it. • A wordless storybook with stunning visuals that aims to lighten the fear of the dark and the noises that come with it • Book inspires the imagination and creativity in young minds • Lizi Boyd is the author and illustrator of many children's books, including Inside Outside and Flashlight, and also creates

papers, ribbons, cards, and other works of delight Flashlight allows readers to experience the wonder and excitement of nighttime exploration in the woods and wordlessly entices readers to explore the hidden nature outside their own homes. —The Busy Librarian • Appeals to readers of all ages with the calming, yet adventurous tone • Books for kids ages 5-6 • Children's picture books for preschool through first grade

*Grokking the GIMP* Carey Bunks, 2000 *Grokking the GIMP* is for the serious user of the GNU Image Manipulation Program, a premiere digital image editing and painting program. It covers the GIMP in depth, and complex tasks are intuitively presented and explained using an interactive approach. In addition to emphasizing the theory and core concepts of image manipulation, *Grokking the GIMP* beautifully illustrates the practical aspects of working with digital images. This fully 4-color book presents nine major projects and a collection of many smaller ones that illustrate the core and advanced uses of this powerful open-source application. Numbered steps and an abundance of color images walk the reader through real-world examples of color correction, image enhancement, collage,

photo montage, rendering, and Web-graphics creation.

**Pengwee's Breath** Debbie Nutley,2021-08-30 Pengwee's Breath is a tender-hearted story of a young penguin who learns that his own breath gives him the power to calm his fears. As Pengwee prepares for a fun packed day at the Ice Festival, he is both excited and a little anxious. Thinking about big rides makes Pengwee feel like there are snowstorms in his tummy and clouds in his head. And the biggest ride of all is the Ice Monster, which Pengwee's best friend Ruby wants Pengwee to ride with her. Through Pengwee's adventure in overcoming his fears, children learn that simple breathing techniques can change the way they experience the world. Basic concepts of mindfulness for kids and breathing techniques to calm children. Ages 3-7.
