Loving Our Own Bones Julia Watts Belser,2023-09-12 A transformative spiritual companion and deep dive into disability politics that reimagines disability in the Bible and contemporary culture A 2024 National Jewish Book Award winner and essential read on disability, spirituality, and social justice “What’s wrong with you?” Scholar, activist, and rabbi Julia Watts Belser is all too familiar with this question. What’s wrong isn’t her wheelchair, though—it’s exclusion, objectification, pity, and disdain. Our attitudes about disability have such deep cultural roots that we almost forget their sources. But open the Bible and disability is everywhere. Moses believes his stutter renders him unable to answer God’s call. Jacob’s encounter with an angel leaves him changed not just spiritually but physically: he gains a limp. For centuries, these stories have been told and retold in ways that treat disability as a metaphor for spiritual incapacity or as a challenge to be overcome. Through fresh and unexpected readings of the Bible, *Loving Our Own Bones* instead paints a luminous portrait of what it means to be disabled and one of God’s beloved. Belser delves deep into sacred literature, braiding the insights of disabled, feminist, Black, and queer thinkers with her own experiences as a queer disabled Jewish feminist. She talks back to biblical commentators who traffic in disability stigma and shame. What unfolds is a profound gift of disability wisdom, a radical act of spiritual imagination that can guide us all toward a powerful reckoning with each other and with our bodies. *Loving Our Own Bones* invites readers to claim the power and promise of spiritual dissent, and to nourish their own souls through the revolutionary art of radical self-love.

The African American Electorate Hanes Walton,Sherman C. Puckett,Donald R. Deskins,2012-05-01 How have African Americans voted over time? What types of candidates and issues have been effective in drawing people to vote? These are just two of the questions that *The African American Electorate: A Statistical History* attempts to answer by bringing together all of the extant, fugitive and recently discovered registration data on African-American voters from Colonial America to the present. This pioneering work also traces the history of the laws dealing with enfranchisement and disenfranchisement of African Americans and provides the election return data for African-American candidates in national and sub-national elections over this same time span. Combining insightful narrative, tabular data, and original maps, *The African American Electorate* offers students and researchers the opportunity, for the first time, to explore the relationship between voters and political candidates, identify critical variables, and situate African Americans’ voting behavior and political phenomena in the context of America’s political history.
