*Growing Up Postmodern* Ronald Strickland, 2002-06-25 This collection takes its inspiration from Paul Goodman's *Growing Up Absurd*, a landmark critique of American culture at the end of the 1950s. The contributors to this volume focus on adverse social conditions that confront young people in postmodernity, such as the relentless pressure to consume, social dis-investment in education, harsh responses to youth crime, and the continuing climate of intolerance that falls heavily on the young. In essays on education, youth crime, counseling, protest movements, fiction, identity-formation and popular culture, the contributors look for moments of resistance to the subsumption of youth culture under the logic of global capitalism.
