Depth Charge Jason Heaton,2021-04-15 Julian Tusker Tusk, an American archaeologist, is excavating a shipwreck half a world from home when a research boat catches fire and sinks, killing an old friend. The tragedy sets in motion a dangerous quest for truth that pulls Tusker into a sinister plot spanning 75 years, from World War II Ceylon to modern day Sri Lanka. Along the way, he matches wits with a psychopathic mercenary, discovers a long lost ship with an explosive secret, and falls for a beautiful marine biologist who is at least as strong as he is. In the end, Tusker finds that the truth may lie at the bottom of the sea, with only one way back to the surface. *Depth Charge* is an old school thriller in the tradition of Fleming, Maclean, and Cussler, with an eye for detail, cunning villains, and narrow escapes. The story is full of wartime secrets, the intersection of religion and politics, and the arcane world of deep technical diving. It takes readers from the smoky halls of 1940s London to the volatile, seductive heat of Sri Lanka and sixty fathoms under the Indian Ocean. Try not to hold your breath.

Pour Me, a Life A.A. Gill,2016-09-27 Serialized in *Esquire*, A.A. Gill's *Pour Me a Life* is a riveting meditation on the author's alcoholism, seen through the lens of the memories that remain, and the transformative moments that saved him from a lifelong addiction and early death. "Pour Me a Life is an unapologetically honest, raw, and often harrowing account of the life of a man who, up until now, we only thought we knew. Here is A.A. Gill at his best. A real-life Bright Lights, Big City." —Eric Ripert, chef and co-owner of Le Bernardin, and author of the New York Times bestseller *32 Yolks* Best known for his hysterically funny and often scathing restaurant reviews for the London Sunday Times, A.A. Gill's *Pour Me a Life* is a riveting memoir of the author's alcoholism, seen through the lens of the memories that remain, and the transformative moments in art, food, religion, and family that saved him from a lifelong addiction and early death. By his early twenties, at London's prestigious Saint Martin's art school, journalist Adrian Gill was entrenched in alcoholism. He writes from the handful of memories that remain, of drunken conquests with anonymous women, of waking to morbid hallucinations, of emptying jacket pockets that "were like tiny crime scenes," helping him puzzle his whereabouts back together. Throughout his recollections, Gill traces his childhood, his early diagnosis of dyslexia, the deep sense of isolation when he was sent to boarding school at age eleven, the disappearance of his only brother, whom he has not seen for decades. When Gill was confronted at age thirty by a doctor who questioned his drinking, he answered honestly for the first time, not because he was ready to stop, but because his body was too damaged to live much longer. Gill was admitted to a thirty-day rehab center—then a rare and revolutionary concept in England—and has lived three decades of his life sober. Written with clear-eyed honesty and empathy, *Pour Me a Life* is a haunting account of addiction, its exhilarating power and destructive force, and is destined to be a classic of its kind.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Lost Explorer Conrad Anker,David Roberts,1999-12-22 This is the adventure story of the year -- how Conrad Anker found the body of George Mallory on Mount Everest, casting an entirely new light on the mystery of the explorer who may have conquered Everest seventy-five years ago. On June 8, 1924, George Leigh Mallory and Andrew Sandy Irvine were last seen climbing toward the summit of Mount Everest. Clouds soon closed around them, and they vanished into history. Ever since, mountaineers have wondered whether they reached the summit twenty-nine years before Edmund Hillary and Tenzing Norgay. On May 1, 1999, Conrad Anker, one of the world's

strongest mountaineers, discovered Mallory's body lying facedown, frozen into the scree and naturally mummified at 27,000 feet on Everest's north face. The condition of the body, as well as the artifacts found with Mallory, including goggles, an altimeter, and a carefully wrapped bundle of personal letters, are important clues in determining his fate. Seventeen days later, Anker free-climbed the Second Step, a 90-foot sheer cliff that is the single hardest obstacle on the north ridge. The first expedition known to have conquered the Second Step, a Chinese team in 1975, had tied a ladder to the cliff, leaving unanswered the question of whether Mallory could have climbed it in 1924. Anker's climb was the first test since Mallory's of the cliff's true difficulty. In treacherous conditions, Anker led teammate Dave Hahn from the Second Step to the summit. Reflecting on the climb, Anker explains why he thinks Mallory and Irvine failed to make the summit, but at the same time, he expresses his awe at Mallory's achievement with the primitive equipment of the time. Stunningly handsome and charismatic, Mallory charmed everyone who met him during his lifetime and continues to fascinate mountaineers today. He was an able writer, a favorite of the Bloomsbury circle, and a climber of legendary gracefulness. *The Lost Explorer* is the remarkable story of this extraordinarily talented man and of the equally talented modern climber who spearheaded a discovery that may ultimately help solve the mystery of Mallory's disappearance.

The Outlaw Sea William Langewiesche, 2010-07-20 The open ocean--that vast expanse of international waters--spreads across three-fourths of the globe. It is a place of storms and danger, both natural and manmade. And at a time when every last patch of land is claimed by one government or another, it is a place that remains radically free. With typically understated lyricism, William Langewiesche explores this ocean world and the enterprises--licit and illicit--that flourish in the privacy afforded by its horizons. But its efficiencies are accompanied by global problems--shipwrecks and pollution, the hard lives and deaths of the crews of the gargantuan ships, and the growth of two pathogens: a modern and sophisticated strain of piracy and its close cousin, the maritime form of the new stateless terrorism. This is the outlaw sea that Langewiesche brings startlingly into view. The ocean is our world, he reminds us, and it is wild.

Together, they have thoroughly revamped the book to reflect the current state of the watch world, with the addition of new brands, new models, and more focused and nuanced coverage of the traditional brand leaders, including Rolex, Patek Philippe, Omega, and TAG Heuer.

UnDoing Buildings Sally Stone, 2019-06-18 *UnDoing Buildings: Adaptive Reuse and Cultural Memory* discusses one of the greatest challenges for twenty-first-century society: what is to be done with the huge stock of existing buildings that have outlived the function for which they were built? Their worth is well recognised and the importance of retaining them has been long debated, but if they are to be saved, what is to be done with these redundant buildings? This book argues that remodelling is a healthy and environmentally friendly approach. Issues of heritage, conservation, sustainability and smartness are at the forefront of many discussions about

architecture today and adaptive reuse offers the opportunity to reinforce the particular character of an area using up-to-date digital and construction techniques for a contemporary population. Issues of collective memory and identity combined with ideas of tradition, history and culture mean that it is possible to retain a sense of continuity with the past as a way of creating the future. *UnDoing Buildings: Adaptive Reuse and Cultural Memory* has an international perspective and will be of interest to upper level students and professionals working on the fields of Interior Design, Interior Architecture, Architecture, Conservation, Urban Design and Development.
