Lippincott's Textbook for Nursing Assistants Pamela J. Carter,Susan Lewsen,2005 This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role. The text offers a compelling art program, a direct, conversational writing style, and an emphasis on professionalism and humanism. A back-of-book CD-ROM includes an audio glossary.

Pediatric Maxillofacial Trauma George M. Kushner,Lewis C. Jones,2020-11-13 This book aims to assist the reader in navigating the potentially complex decision-making process involved in selecting the most appropriate intervention for each particular scenario that may be encountered by the practitioner or surgeon in the growing patient with facial trauma. Among the topics covered are the initial management of both soft and bony trauma, including different types of fracture, as well as the management of complications and revision surgery. The discerning practitioner will learn how to provide the appropriate intervention at the appropriate time, by taking into account skeletal growth when matching techniques to the injuries more common in the skeletally immature patient. It is also emphasized that in some cases, no intervention is advisable owing to the possibility of damaging growth centers or introducing additional scar tissue that may impede future growth. Pediatric Maxillofacial Trauma will provide key knowledge for surgeons treating growing patients, ensuring that their decisions to operate or delay intervention are evidence based.

Mosby's Textbook for the Home Care Aide - E-Book Joan M. Birchenall,Eileen Streight,2014-03-27 Covering the essential content and procedures a home care aide needs to know, Mosby’s Textbook for the Home Care Aide, 3rd Edition prepares you for success in this rapidly growing field. A clear approach makes the book easy to use and understand, featuring hundreds of full-color photographs and drawings along with step-by-step procedures for skills performed by home care aides. Updated and expanded in this edition are chapters on meeting the client’s nutritional needs and on getting and keeping a job. Written by home care experts Joan Birchenall and Eileen Streight, this textbook prepares you for the many types of situations you may encounter as a home care aide. Hundreds of full-color photos and drawings depict key ideas and clearly demonstrate procedure steps. Procedures provide step-by-step, easy-to-understand instructions on performing important skills and tasks. UNIQUE! A cast of caregivers, including a supervisor and four home care aides, are highlighted in scenarios that provide realistic examples of the types of situations you are likely to encounter in the home care environment. Guidelines for Observing, Recording, and Reporting (ORR) are highlighted throughout the text, emphasizing the home care aide’s responsibilities for observing and documenting the client’s condition and care. Key considerations and reminders are presented in color font to emphasize the importance of performing these actions. Objectives and Key Terms in each chapter focus your attention on essential information. Chapter summaries and study questions review the key points in each chapter. Updated/Expanded Meeting the Client’s Nutritional Needs chapter includes the new MyPlate food guide and new nutrition guidelines. Updated/Expanded Getting a Job and Keeping It chapter reflects the job prospects and challenges of today, including the realities of moving between states and differences in certification requirements. Updated equipment photos are included. Evolve companion website includes skills competency checklists and an audio glossary.
