Epidemics and Genocide in Eastern Europe, 1890-1945 Paul Weindling,2000-02-03 During the First World War, delousing became routine for soldiers and civilians following the recent discovery that the louse carried typhus germs. But how did typhus come to be viewed as a Jewish disease and what was the connection between the anti-typhus measures during the First World War and the Nazi gas chambers in the Second World War? In this powerful book, Professor Weindling draws upon wide-ranging archival research throughout East and Central Europe to the United States, to provide valuable new insight into the history of German medicine from its response to the perceived threat of typhus epidemics from its Eastern borders. He examines how German experts in tropical medicine took an increasingly racialised approach to bacteriology, regarding supposedly racially inferior peoples as carriers of the disease. So they came to view typhus as a Jewish disease. By the Second World War as migrants and deportees had become conditioned to expect the ordeal of delousing at border crossings, ports, railway junctions and on entry to camps, so sanitary policing became entwined with racialisation as the Germans sought to eradicate typhus by eradicating the perceived carriers. Typhus had come to assume a new and terrifying genocidal significance, as the medical authorities sealed the German frontiers against diseased undesirables from the east, and gassing became a favoured means of disease eradication.

ARTPOOL - The Experimental Art Archive of East-Central Europe György Galántai,Julia Klaniczay,2013-10-03 This volume is a collection of texts and documents selected from and illustrating the history of Artpool, a non-profit artist run institution in Budapest, established in 1979 by György Galántai and Júlia Klaniczay and operating since 1992 under the name of Artpool Art Research Center. The book focuses on Artpool's direct antecedents (among them the events at György Galántai's Chapel Studio in Balatonboglár, 1970–1973), on the foundation, development, art projects and events, as well as the preferences and issues pertaining to art research (not independent of the historical and social environment they were conceived in) that had formed throughout the course of many years and decades. The occasion of the publication of ARTPOOL The Experimental Art Archive of East-Central Europe is a milestone in the history of art for its documentation of a remarkable period in the chronicles of conceptual, performance, installation, and video art, as well ephemeral mediums such as mail art and artists' stamp sheets, postcards, rubber stamp imprints, artists' writings and samizdat publications. The work represented in the Artpool archive is astonishing in its scope and quantity, quality of imagination, intellectual force, and the courage of the artists who created it. This volume presents an opportunity to reflect on the events that brought Artpool into being, to acknowledge that while originating in the context of East-Central Europe, Artpool's community has always been international, and to evaluate its broad contributions to world culture and society. This Is Real and You Are Completely Unprepared Alan Lew,2003-08-01 There are times in life when we are caught utterly unprepared: a death in the family, the end of a relationship, a health crisis. These are the times when the solid ground we thought we stood on disappears beneath our feet, leaving us reeling and heartbroken, as we stumble back to our faith. The Days of Awe encompass the weeks preceding Rosh Hashanah up to Yom Kippur, a period in which Jews take part in a series of rituals and prayers that reenact the journey of the soul through the world from birth to death. This is a period of contemplation and repentance, comparable to Lent and Ramadan. Yet, for Rabbi Alan Lew, the real purpose of this annual passage is for us to experience brokenheartedness and open our heart to God. In *This Is Real and You Are Completely Unprepared*, Lew has marked out a journey of seven distinct stages, one that draws on these rituals to awaken our soul and wholly transform us. Weaving together Torah readings, Buddhist parables, Jewish fables and stories from his own life, Lew lays bare the meanings of this ancient Jewish passage. He reveals the path from terror to acceptance, confusion to clarity, doubt to belief, and from complacency to awe. In the tradition of *When Bad Things Happen to Good People*, *This Is Real And You Are Completely Unprepared* enables believers of all faiths to reconnect to their faith with a passion and intimacy that will resonate throughout the year.
