The Top 501 Inspirational Quotes of All Time Norman Gjerd,2017-08-10 I always loved Inspirational Quotes. I would read them. I would learn them. I would memorize them, and in many cases repeat them to myself over and over to gain strength and inspiration. I would use them to inspire myself and my friends. I would share them with my coworkers. I would use them to entertain. I would use them in presentations. I would use them in my personal and professional writings. I would use them just for fun. For those of you that remember the TV show The Honeymooners, I would like to take you back to one of my favorite episodes. In that show, Ralph Kramden used a quote to get him through some trying times. It was Pins and Needles, Needles and Pins, A Happy Man is a Man Who Grins. It was a great episode. The wisdom that I got from Ralph 30 years ago was that words can inspire, words can soothe, words can motivate, and they don't always have to be your own words.

501 Quotes about Love M. Prefontaine,2015-11-27 Interviewer: Why do you love quotes? Author: Everybody loves quotes don't they? Words are what we use to think and the best quotes are the most effective way to express those thoughts. Interviewer: Are these quotes any use? Author: They have lots of uses. They can order our thoughts expressing an idea that we haven't managed to put into words before. They can be used in conversation or communications to succinctly express what you are trying to say. People often use them in speeches to provide amusement and to get across the point they are trying to make more effectively. People also use quotes to provide inspiration or motivate them to do a task which they are finding difficult. If you can capture why you are doing something in a single phrase then it can help you give purpose to what you are doing. In addition there is the personal kudos of providing succinct wisdom if you can find the right time to use them. People may not mistake you for Albert Einstein or Oscar Wilde but some of the magic dust will rub off. Interviewer: How do you pick quotes? Author: There are plenty to choose from. People are saying things all the time, some more memorably than others. Often I see quote books that are little more than a collection of words. When I am going through quotes I will often get one that zings and really resonates. It could be funny, it could be inspirational, it could be anything but what it has done is express something in a way that stops you and makes you think. That is what I have tried to collect in The Big Book of Quotes. I hope that some will resonate with the readers.
