*Disorientation* Elaine Hsieh Chou,2022-03-22 A NEW YORK TIMES EDITORS' CHOICE SELECTION \* A MALALA BOOK CLUB PICK \* AN INDIE NEXT PICK \* A FAVORITE BOOK OF 2022 BY NPR AND BOOK RIOT \* A MUST-READ MARCH 2022 BOOK BY TIME, VANITY FAIR, EW AND THE CHICAGO REVIEW OF BOOKS \* A MOST ANTICIPATED BOOK OF 2022 BY GOODREADS, NYLON, BUZZFEED AND MORE A Taiwanese American woman's coming-of-consciousness ignites eye-opening revelations and chaos on a college campus in this outrageously hilarious and startlingly tender debut novel. Twenty-nine-year-old PhD student Ingrid Yang is desperate to finish her dissertation on the late canonical poet Xiao-Wen Chou and never read about "Chinese-y" things again. But after years of grueling research, all she has to show for her efforts are junk food addiction and stomach pain. When she accidentally stumbles upon a curious note in the Chou archives one afternoon, she convinces herself it's her ticket out of academic hell. But Ingrid's in much deeper than she thinks. Her clumsy exploits to unravel the note's message lead to an explosive discovery, upending not only her sheltered life within academia but her entire world beyond it. With her trusty friend Eunice Kim by her side and her rival Vivian Vo hot on her tail, together they set off a roller coaster of mishaps and misadventures, from book burnings and OTC drug hallucinations, to hot-button protests and Yellow Peril 2.0 propaganda. In the aftermath, nothing looks the same to Ingrid—including her gentle and doting fiancé, Stephen Greene. When he embarks on a book tour with the super kawaii Japanese author he's translated, doubts and insecurities creep in for the first time... As the events

Ingrid instigated keep spiraling, she'll have to confront her sticky relationship to white men and white institutions—and, most of all, herself. For readers of Paul Beatty's *The Sellout* and Charles Yu's *Interior Chinatown*, this uproarious and bighearted satire is a blistering send-up of privilege and power in America, and a profound reckoning of individual complicity and unspoken rage. In this electrifying debut novel from a provocative new voice, Elaine Hsieh Chou asks who gets to tell our stories—and how the story changes when we finally tell it ourselves.

**Silver Bullets** Karl Rohnke, Project Adventure, Inc, 2010 Offers a guide to initiative problems, adventure games and trust activities. The activities of this book have all been used effectively by a variety of teachers, counsellors, therapists, camp directors and church leaders. All have wanted an effective, engaging way to bring people together to build trust, and to break down artificial barriers.

**Bold Love** Dan Allender, Tremper Longman, 2021-12-21 We've come to view love as being "nice," yet the kind of love modeled by Jesus Christ has nothing to do with manners or unconditional acceptance. Rather, it is disruptive, courageous, and socially unacceptable. In *Bold Love*, Dr. Dan Allender and Dr. Tremper Longman III draw out the aggressive, unrelenting, passionate power of genuine love. Far from helping you "get along" with others, *Bold Love* introduces the outlandish possibility of making a significant, life-changing impact on family, friends, coworkers—even your enemies. Learn more about forgiveness, maturity, and seeing others through Jesus' eyes.

**Global Cultures** Elisabeth Young-Bruehl, 1994-12-09 An anthology of 62 stories from around the non-Euro-American world providing new definitions of cultural diversity and commonality and an invaluable tool for teachers responding to the growing need for multicultural literature. Over the past two decades, sweeping political changes and burgeoning new technologies have resulted in communities being increasingly defined in global as well as regional and national terms. Although the intellectual terra nova of world cultures remains largely uncharted, this anthology of sixty-two stories

from around the non-Euro-American world provides what Elisabeth Young-Bruehl calls an introductory map to the great wealth of literary works now being produced in, at once, the particular settings of the writers' experiences and the global setting. Young-Bruehl finds that while the cultural diversity the stories exemplify is amazing, so too is the similarity in thematic terms of the concerns that this diversity presents. Thus she organized *Global Cultures* thematically to highlight and clarify how these worldwide cultures both converge and diverge. A comprehensive general introduction outlines forces behind the transnational approach to literary study and chapter introductions contextualize each story. Stories from India, Cuba, South Africa, and Uruguay are connected by the theme of exile and immigration; tales from Nigeria, Guatemala, Cameroon, and Egypt share a theme of political violence and civil uprisings; works from Taiwan, Chile, Jamaica, and Syria describe commonalities of women facing effects of modernization, prejudice, war, and immigration. *Global Cultures* contributes to the fast-growing body of contemporary short fictions newly available in English and is an invaluable resource to meet the need for multicultural literature.

**The South China Sea Arbitration** Stefan Talmon, Bing Bing Jia, 2014-11-01 On 22 January 2013, the Republic of the Philippines instituted arbitral proceedings against the People's Republic of China (PRC) under the United Nations Convention on the Law of the Sea (UNCLOS) with regard to disputes between the two countries in the South China Sea (South China Sea Arbitration). On 19 February 2013, the PRC formally expressed its opposition to the institution of proceedings, making it clear from the outset that it will not have any part in these arbitral proceedings and that this position will not change. It is thus to be expected that over the next year and a half, the

Tribunal will receive written memorials and hear oral submissions from the Philippines only. The Chinese position will go unheard. However, the Tribunal is under an obligation, before making its award, to satisfy itself not only that it has jurisdiction over the dispute, but also that the claims brought by the Philippines are well founded in fact and law (UNCLOS Annex VII, Article 9). This book aims to offer a (not the) Chinese perspective on some of the issues to be decided by the Tribunal and thus to assist the Tribunal in meeting its obligations under the Convention. The book does not set out the official position of the Chinese government, but is rather to serve as a kind of *amicus curiae* brief advancing possible legal arguments on behalf of the absent respondent. The book does not deal with the merits of the disputes between the Philippines and the PRC, but focuses on the questions of jurisdiction, admissibility and other objections which the tribunal will have to decide as a preliminary matter. The book will show that there are insurmountable preliminary objections to the Tribunal deciding the case on the merits and that the Tribunal would be well advised to refer the dispute back to the parties in order for them to reach a negotiated settlement. The book brings together scholars of public international law from mainland China, Taiwan and Europe united by a common interest in the law of the sea and disputes in the South China Sea.

**Revolutionaries for the Right** Kyle Burke, 2018-04-13 Freedom fighters. Guerrilla warriors. Soldiers of fortune. The many civil wars and rebellions against communist governments drew heavily from this cast of characters. Yet from Nicaragua to Afghanistan, Vietnam to Angola, Cuba to the Congo, the connections between these anticommunist groups have remained hazy and their coordination obscure. Yet as Kyle Burke reveals, these conflicts were the product

of a rising movement that sought paramilitary action against communism worldwide. Tacking between the United States and many other countries, Burke offers an international history not only of the paramilitaries who started and waged small wars in the second half of the twentieth century but of conservatism in the Cold War era. From the start of the Cold War, Burke shows, leading U.S. conservatives and their allies abroad dreamed of an international anticommunist revolution. They pinned their hopes to armed men, freedom fighters who could unravel communist states from within. And so they fashioned a global network of activists and state officials, guerrillas and mercenaries, ex-spies and ex-soldiers to sponsor paramilitary campaigns in Asia, Africa, and Latin America. Blurring the line between state-sanctioned and vigilante violence, this armed crusade helped radicalize right-wing groups in the United States while also generating new forms of privatized warfare abroad.

**The Total Money Makeover** Dave Ramsey, 2009-12-29 The success stories speak for themselves in this book from money maestro Dave Ramsey. Instead of promising the normal dose of quick fixes, Ramsey offers a bold, no-nonsense approach to money matters, providing not only the how-to but also a grounded and uplifting hope for getting out of debt and achieving total financial health. Ramsey debunks the many myths of money (exposing the dangers of cash advance, rent-to-own, debt consolidation) and attacks the illusions and downright deceptions of the American dream, which encourages nothing but overspending and massive amounts of debt. Don't even consider keeping up with the Joneses, Ramsey declares in his typically candid style. They're broke! The Total Money Makeover isn't theory. It works every single time. It works because it is simple. It works because it gets to the heart of the money problems: you. This 3rd

edition of *The Total Money Makeover* includes a fresh cover design, all new personal success stories, and naysayers, and more.

Miss Pinkeltink's Purse Patty Brozo, 2018-12-04 A warm-hearted homeless woman finds a home From its humorous opening through its sad midpoint and uplifting end, Miss Pinkeltink's story shines a light on humanity. This story with children as agents of positive change reminds us again that communities are best known by their treatment of the disadvantaged among them. Rosy-cheeked and quite antique, Miss Pinkeltink / carried everything but the kitchen sink. / Her purse was so big that it dragged on the floor. / When she rode on the bus it got stuck in the door. Generous and eccentric, Miss Pinkeltink fills her huge purse with everything from a toilet plunger to roller skates, and then gives it all away. She offers tape to fix a flat tire and a bone to a kitty: Miss Pinkeltink's gifts never quite hit the mark, / but she gave what she had, and she gave from the heart. And then, with nothing left to give or to shelter herself, she huddles on a park bench, trying to sleep in the rain. And that's where Zoey sees her from her bedroom window and knows that something must be done.

*Crocodiles Need Kisses Too* Rebecca Colby, 2020-04-07 Everyone needs hugs and love in this offbeat, upbeat ode to the not-so-cuddly--and yet still sweet and beloved! Despite their lumpy, bumpy hide, toothy mouths stretched open wide, just like me and just like you, crocodiles need kisses too. Fun-to-read-aloud, rhyming text describes prickly porcupines, roaring tigers, and slithery snakes--not the most cuddly creatures, but still worthy of hugs and snuggles from their mamas! With a luscious and colorful palette, *Crocodiles Need Kisses Too* shows that animals (and children) don't have to be warm and fuzzy to be totally lovable.

*Wealth, Poverty and Politics* Thomas Sowell,2016-09-06 In *Wealth, Poverty, and Politics*, Thomas Sowell, one of the foremost

conservative public intellectuals in this country, argues that political and ideological struggles have led to dangerous confusion about income inequality in America. Pundits and politically motivated economists trumpet ambiguous statistics and sensational theories while ignoring the true determinant of income inequality: the production of wealth. We cannot properly understand inequality if we focus exclusively on the distribution of wealth and ignore wealth production factors such as geography, demography, and culture. Sowell contends that liberals have a particular interest in misreading the data and chastises them for using income inequality as an argument for the welfare state. Refuting Thomas Piketty, Paul Krugman, and others on the left, Sowell draws on accurate empirical data to show that the inequality is not nearly as extreme or sensational as we have been led to believe. *Transcending partisanship through a careful examination of data, Wealth, Poverty, and Politics reveals the truth about the most explosive political issue of our time.*

*The Ecology of Commerce* Paul Hawken, 1994-06-03 Outlines a series of economic strategies for business that will reverse global environmental and social degradation.

Phantom Soldier H. J. Poole, 2001 *Phantom Soldier* is now on the U.S. Army's most prestigious pre-deployment reading list for a reason. It won't please those who have come to believe that wars are won and casualties limited through technology, or that the victor's version of one is always correct. But, all U.S. security personnel should read it. Possibly the West's best treatise on Oriental warfare, it sheds new light on what Asian infantry can do: (1) alternate between guerrilla, mobile, and positional warfare; (2) use ordinary forces to engage and extraordinary forces [infiltrators] to defeat; and then (3) retreat to save lives. What occurred in history doesn't change, but one's perception of it does--as he comes to better understand his former foe. Here's what really happened at Guadalcanal, Iwo Jima, Chosin Reservoir, and Hue City. Those who believe this book's cover art to be fantasy have only to google the term *dac cong*. Through how the NVA held their own without resupply, tanks, artillery, or air power, U.S. grunts could better survive the more lethal enemy weaponry of the 21st Century.
