MIDDLE EAST 1965-1987 Strip, 2021-12-06 During the last two decades, the number of anthropologists conducting research in the Middle East has increased considerably. Together they have produced an abundance of valuable studies, often based on prolonged periods of ethnographic fieldwork. This bibliography offers a comprehensive survey of their results published between 1965 and 1987. It refers to studies published in English, French and German. Geographically, the bibliography covers the area from Mauritania in the West to Afghanistan in the East, and from Turkey in the North to the Arab Peninsula and Northern Sudan in the South. The majority of studies inserted has been written by anthropologists. Besides, a considerable number of studies related to anthropology, but published by non-anthropologists, has been integrated as well. The majority of the monographs and volumes has been annotated.
