American Mah Jongg Primer Michele Frizzell, 2021-12-28 Mah jongg originated in China dating back to the 1880's. The name of the game is spelled many ways, but they all roughly translate to sparrow. It is an intriguing tile game of skill, strategy, and luck. In the beginning, only royalty played the game. It was actually illegal for commoners to play. In the 1900's this restriction was lifted, and the game gained popularity throughout Asia. By the time the game was introduced to Europe in 1920, several playing styles had emerged. In 1922, mah jongg was imported into the United States with translated and simplified rules for American players. The National Mah Jongg League (NMJL) was established by a group of New York City players in 1937. They found that Americans were confused about the many ways to play the game, so they created their own rules and developed a player reference card (i.e., the card) that is published and distributed every year in April with a portion of the proceeds going to charity. This is the most common way to play mah jongg in the United States and has come to be known as American Style. The objective in a game is to be the first player to assemble fourteen tiles into one of many pattern-based combinations or hands on the card. The purpose of this primer is to teach the fundamentals of the American mah jongg game, provide skill-building exercises, and share enough strategy for the game to be played with confidence. It is intentionally brief.

Mah Jongg: The Art of the Game Ann Israel, Gregg Swain, 2014-11-18 I thoroughly enjoyed this book. Whether used as a reference or a beautiful keepsake, it's a very worthy addition to the world of Mah Jongg. —Ruth Unger, President, National

Mah Jongg League This is the first book to fully capture the story of the exotic and exciting game of Mahjong or Mah Jongg, offering an intimate look at the history of the game as well as the visual beauty of the tiles. When authors Ann Israel and Gregg Swain began playing Mahjong, they were unaware of the vintage collections that existed not only in the United States but also across the globe. Slowly, they started to collect their own sets of Mahjong and as their collections grew, so did their appreciation of the history of, and interest in, the game. Finding few references, Israel and Swain set out to create a book that chronicles the early beginnings of the game and documents Mahjong sets from the most basic, made simply of paper, to the most precious materials such as ivory and mother-of-pearl. Recognized and respected scholars and game experts have collaborated with Israel and Swain, contributing important chapters on the game's history and its pieces as well as technical information on the tiles. Lastly, great collectors from around the globe have shared their incredible sets and memories for the first time in one book for everyone to enjoy. With hundreds of beautiful new images by renowned photographer Michel Arnaud, and including historical documentation and ephemera, Mah Jongg: The Art of the Game fills the void between the past's and today's game, providing vision, inspiration and resources. Anyone who has ever been intrigued by a Mahjong tile will find in these pages visually stunning photographs that will entice them into becoming an enthusiast of the timeless game of Mahjong.

What Retirees Want Ken Dychtwald,Robert

Morison,2020-06-09 Dychtwald and Morison offer a brilliant and convincing perspective: an essential re-think of what 'aging' and 'retirement' mean today and an invitation to help mobilize the best in the tidal wave of Boomer Third Agers. —Daniel Goleman, PhD, Author, Emotional Intelligence: Why It Can Matter More Than IQ Throughout 99 percent of human history, life expectancy at birth was less than 18 years. Few people had a chance to age. Today, thanks to extraordinary medical, demographic, and economic shifts, most of us expect to live long lives. Consequently, the world is witnessing a powerful new version of retirement, driven by the power and needs of the Baby Boomer generation. Consumers over age 50 account for more than half of all spending and control more than 70% of our total net worth - yet are largely ignored by youth-focused marketers. How will work, family, and retirement be transformed to accommodate two billion people over the age of 60 worldwide? In the coming years, we'll see explosive business growth fueled by this unprecedented longevity revolution. What Retirees Want presents the culmination of 30 years of research by world-famous Age Wave expert Ken Dychtwald, Ph.D., and author and consultant Robert Morison. It explains how the aging of the Baby Boomers will forever change our lives, businesses, government programs, and the consumer marketplace. This exciting new stage of life, the

Third Age, poses daunting questions: What will old look like in the years ahead? With continued advances in longevity, all of the traditional life-stage markers and boundaries will need to be adjusted. What new products and services will boom as a result of this coming longevity revolution? What unconscious ageist marketing practices are hurting people - and business growth? Will the majority of elder boomers outlive their pensions and retirement savings and how can this financial disaster be prevented? What incredible new technologies of medicine, life extension, and human enhancement await us in the near future? What purposeful new roles can we create for elder boomers so that the aging nations of the Americas, Europe, and Asia capitalize on the upsides of aging? Which pioneering organizations and companies worldwide have created marketing strategies and programs that resonate with the quirky and demanding Boomer generation? In this entertaining, thought-provoking, and wide-ranging book, Dychtwald and Morison explain how individuals, businesses, non-profits, and governments can best prepare for a new era - where the needs and demands of the Third Age will set the lifestyle, health, social, marketplace, and political priorities of generations to come.

The Joy Luck Club Amy Tan, 2006-09-21 "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four

families whose histories shift with the four winds depending on who's saying the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. To despair was to wish back for something already lost. Or to prolong what was already unbearable. Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
