CHOOSE JOY: a Minute in the Word Sandi Brown,2020-11-11 I love the Bible verses that are full of God's promises. They're easy to embrace. Then I stumble on a verse like this and it stops me in my tracks: Be still before the LORD and wait patiently for him (Psalm 37:7).Hard. Harder. Hardest. Be still. Wait. Patiently. I'm not good at any of those. But maybe, just maybe, there's something good here for us. God is inviting us to pause in His presence. To trust in His plan. And to wait for Him. Either to move the mountain-or to move in our hearts.That's why CHOOSE JOY features 100 Scripture-based devotions, prayers, and journaling prompts to help you and me experience a joy-filled life. By being still. Listening. Linger before the One who beckons us to come close so that our joy may be complete.Sandi Brown is the Founder and President of 99.1 JOY FM and BOOST Radio. She is cohost of the JOY FM Morning Show with an audience of almost 400,000 listeners and more than 115,000 Facebook followers. Sandi also worked as a Creative Writer and Producer for Focus on the Family.Visit joyfmonline.org and Facebook.com/991joyfm

Gateway to Equality Keona K. Ervin,2017-07-28 Like most of the nation during the 1930s, St. Louis, Missouri, was caught in the stifling grip of the Great Depression. For the next thirty years, the Gateway City continued to experience significant urban decline as its population swelled and the area's industries stagnated. Over these decades, many African American citizens in the region found themselves struggling financially and fighting for access to profitable jobs and suitable working conditions. To combat ingrained racism, crippling levels of poverty, and sub-standard living conditions, black women worked together to form a community-based culture of resistance -- fighting for employment, a living wage, dignity, representation, and political leadership. Gateway to Equality investigates black working-class women's struggle for economic justice from the rise of New Deal liberalism in the 1930s to the social upheavals of the 1960s. Author Keona K. Ervin explains that the conditions in twentieth-century St. Louis were uniquely conducive to the rise of this movement since the city's economy was based on light industries that employed women, such as textiles and food processing. As part of the Great Migration, black women migrated to the city at a higher rate than their male counterparts, and labor and black freedom movements relied less on a charismatic, male leadership model. This made it possible for women to emerge as visible and influential leaders in both formal and informal capacities. In this impressive study, Ervin presents a stunning account of the ways in which black working-class women creatively fused racial and economic justice. By illustrating that their politics played an important role in defining urban political agendas, her work sheds light on an unexplored aspect of community activism and illuminates the complexities of the overlapping civil rights and labor movements during the first half of the twentieth century.
