One of Those Days Yehuda Devir, Maya Devir, 2020-11-10 Based on the wildly popular webcomic, *One of Those Days* chronicles the life and love of Yehuda and Maya Devir as they take on the minutiae of marriage, the ups and downs of daily life, and the paradigm shift of new parenthood. “Bursting with life . . . We get to know them through one-panel installments as though they’ve walked straight into the room, introduced themselves, and moved in.”—Kate Beaton, #1 New York Times bestselling author of *Hark! A Vagrant* Yehuda and Maya Devir began illustrating their life in comics when they moved into their first apartment together in Tel Aviv as newlyweds. In the years since, *One of Those Days* has become one of the biggest webcomics on the Internet, with millions of followers around the world. Yehuda Devir grew up on superhero comic books, and the Devirs’ visual style is downright kinetic and bursting with life. In this collection—the first time that the Devirs’ comics have been compiled in one volume—they share stories that are heartwarming, hilarious, and universally recognizable. So even for those who don’t feel like pulling out an assault rifle to wage war on a kitchen cockroach, the Devirs’ challenges and triumphs are instantly familiar to anyone who’s had one of those days.

Geopolitical Risk, Sustainability and “Cross-Border Spillovers” in Emerging Markets, Volume I Michael I. C. Nwogugu, 2021-08-30 Economic recessions, social networks, environmental damage in several large countries (eg. China, Brazil, U.S.), the Global Financial Crisis of 2007-2015 and cross-border spillovers continue to significantly affect economic systems, financial markets, social structures and environmental compliance worldwide. These have rekindled economists' and policy-makers' interest in the relationships among constitutions, risk regulation, foreign aid, political systems, government size, credit expansion and sustainable growth. Risk regulation remains highly ineffective as manifested by the failures of new financial regulations and government stimulus programs that were implemented during 2007-2020 in many developed countries and emerging markets countries. This book, the first of two volumes, addresses these issues in the context of the role of constitutional economics and economic psychology as tools for national and global sustainable growth and risk management. Furthermore, this

volume analyzes the often symbiotic relationship between alternative sets of legal-institutional-constitutional rules that constrain the choices and activities of economic and political agents on one hand, and sustainable growth, financial regulation and the risk management of financial institutions on the other; and reviews the effects of constitutions and legal institutions on market dynamics (real estate; fixed-income, stocks; etc.) including volatility, market depth and liquidity. This book will help researchers develop better artificial intelligence and decision-systems models of geopolitical risk, public policy and international capital flows, all of which are increasingly relevant to investment managers, boards-of-directors and government officials.

Shadow Of Angels Kathryn Ann Kingsley, 2019-12-16 The first time I died was November 1st, 1945. That might've been the first time, but it certainly wasn't the last. My

name is Veil, and my life has been far from normal. Everything I thought I knew about myself had been a lie. Every single thing. Turns out, I had been in the care of a cult dedicated to a King in Hell and fallen archangel. But after learning the truth of who-or what- I was, I devoted my life to stopping them and everyone like them. Which is why when I learned that Boston was under siege from an occult society who was slaughtering innocents, I had no choice but to come and stop them. Even if it meant it would take me piece by piece through that past I'd spent seventy years trying to avoid-and right into the presence of the archdemon I'd been running from for so very long. Asmodeus. Just when I thought things could not get worse, I realized once more that I had no clue what was coming next...

Slappy's Tales of Horror: A Graphic Novel (Goosebumps Graphix #4) R. L. Stine, 2015-08-25 Four Goosebumps Graphix tales by master of horror R. L. Stine are adapted into full-color comics and feature a brand-new Slappy story by bestselling author, Dave Roman. In *A Shocker on Shock Street*, Jamie Tolagson captures the chilling tale of a brother and sister doing their dream job: testing rides in a movie studio theme park, where the special effects are REALLY special. With his shadowy illustrations, Gabriel Hernandez creates the perfect atmosphere in *The Werewolf of Fever Swamp*, a spooky story about a boy and his dog who go sniffing around in a lonely swamp . . . and wish they hadn't. Ted Naifeh is at his creepy best in *Ghost Beach*, a scary ghost story about a brother and sister who investigate a local legend and discover a terrible secret about their family. Finally, Dave Roman creates the horrifying drawings for *The Night of the Living Dummy*, the origin story about that most evil of all ventriloquist dummies, Slappy!

Kids Are Weird Jeffrey Brown, 2014-03-18 As he's shown in his previous hugely popular books, Jeffrey Brown has a real gift for finding humor in quirky yet universal truths. Now the bestselling author of *Darth Vader and Son* and *Vader's Little Princess* brings his witty comic observations to terrestrial parenting in this perceptive book celebrating the more surreal moments of raising a child. In charming colorful panels, Brown wryly illustrates his five-year-old son's take on the world around him, from watching TV (Elton John looks pretty in that shirt) to playing with toys (This truck can survive on very little water) to odd requests (Don't feel happy at me), capturing the sweetly weird times that mothers and fathers everywhere experience with their own curious, pure-minded kids.

Don't Get Caught Kurt Dinan, 2016-04-01 10:00 tonight at the water tower. He's Just Max. And his favorite heist movies have taught him this situation calls for Rule #4: Be suspicious. But it's also his one shot to leave Just Max in the dust... Yeah, not so much. Max and four fellow students—who also received invites—are standing on the newly defaced water tower when campus security catches them. Definitely a setup. And this time, Max has had enough. It's time for Rule #7: Always get payback. Let the prank war begin. *Oceans 11* meets *The Breakfast Club* in this entertaining, fast-paced debut filled with pranks and cons that will keep readers on their toes, never sure who's pulling the strings or what's coming next.

Once Bitten, Twice Shy C. C. Wood, 2014-03-05 I used to think that my life was boring. I resigned myself to the rut I was stuck in. Then my entire existence was turned upside down. In the last six months, I've learned things that would get me committed to an asylum if I repeated them. First, I was kidnapped by vampires. Yes, vampires. Sounds crazy,

right? My best friend, Donna, became one of the fanged after that little adventure and hooked up with a hot, Scottish vampire named Conner. They're even planning a wedding. Secondly, I learned not all vampires are evil. In fact, some of them are downright sexy. Alexander Dimitriades has it all. He's tall, dark, and handsome and manages to give me tingles in all the right place and also make me laugh. Unfortunately, to be with him, I would have to give up my humanity and I like being human. Then, there's the fact that the whole drinking blood thing gives me the heebie jeebies. To make matters worse, there are plans in motion to change the place vampires hold in the human world. And I'm caught in the middle, between the vampire I'm falling in love with and a group that wants to create a vampire dictatorship, with humans as slaves. Now, all I want is my calm, normal life back. As my friend, Ricki, likes to say, Be careful what you wish for because it might come and bite you on the ass. I hate it when she's right. *This work contains BDSM elements/themes, spanking, bondage, anal play, and a bossy, persistent Greek vampire.

More Than Enough (More Than Series, Book 5) Jay McLean, 2015-11-05 More Than Enough is book five in the More Than series and may be read as a standalone, though it is recommended to read in series order. Series reading order: More Than This (Book one) More Than Her (Book two) More Than Him (Book three) More Than Forever (Book four)--There's no emotion greater than fear. No ache greater than grief. No sound greater than silence. ***I'm grateful he showed up on my doorstep, pissed off and angry at the world. If he hadn't, I wouldn't be here. And I don't just mean here on this journey with him. I mean here, in this world. *I wonder what events in all our lives--hers included--are The Turning Points? The points where we all determine that the fear of our pasts and the uncertainty of our futures are greater than our need for happiness. Here. Now. While time and everything around us stands unmoving? who's to say we can't have it all? ***We wanted it all. We wanted it with each other. We thrived on the chaos we created. And ignored the Mayhem that

ensued. Because falling in love was easy. But sometimes, love isn't enough.
