

A Maze

Naomi Shihab Nye

Maze Christopher Manson,1985-11-15 This is not really a book. This is a building in the shape of a book...a maze. Each numbered page depicts a room in the maze. Tempted? Test your wits against mine. I guarantee that my maze will challenge you to think in ways you've never thought before. But beware. One wrong turn and you may never escape!

Follow This Thread Henry Eliot,2019-03-05 Beautifully designed and gorgeously illustrated, this immersive, puzzle-like exploration of the history and psychology of mazes and labyrinths evokes the spirit of Choose Your Own Adventure, the textual inventiveness of Tom Stoppard, and the philosophical spirit of Jorge Luis Borges. Labyrinths are as old as humanity, the proving grounds of heroes, the paths of pilgrims, symbols of spiritual rebirth and pleasure gardens for pure entertainment. Henry Eliot leads us on a twisting journey through the world of mazes, real and imagined, unraveling our ancient, abiding relationship with them and exploring why they continue to fascinate us, from Kafka to Kubrick to the myth of the Minotaur and a quest to solve the disappearance of the legendary Maze King. Are you ready to step inside?

A Muse and a Maze Peter Turchi,2014-11-11 With his characteristic genius for finding connections between writing and the stuff of our lives, Peter Turchi ventures into new and even more surprising territory. In *A Muse and a Maze*, Turchi draws out the similarities between writing and puzzle-making and its flip-side, puzzle-solving. As he teases out how mystery lies at the heart of all storytelling, he uncovers the magic—the creation of credible illusion—that writers share with the likes of Houdini and master magicians. In Turchi's associative narrative, we learn about the history of puzzles, their obsessive quality, and that Benjamin Franklin was a devotee of an ancient precursor of sudoku called Magic Squares. Applying this rich backdrop to the requirements of writing, Turchi reveals as much about the human psyche as he does about the literary imagination and the creative process.

Trapped in a Maze Leslie Paik,2021-08-17 Trapped in a Maze provides a window into families' lived experiences in poverty by looking at their complex interactions with institutions such as welfare, hospitals, courts, housing, and schools. Families are more intertwined with institutions than ever as they struggle to maintain their eligibility for services and face the possibility that involvement with one institution could trigger other types of institutional oversight. Many poor families find themselves trapped in a multi-institutional maze, stuck in between several systems with no clear path to resolution. Tracing the complex and often unpredictable journeys of families in this maze, this book reveals how the formal rationality by which these institutions ostensibly operate undercuts what they can actually achieve. And worse, it demonstrates how involvement with multiple institutions can perpetuate the conditions of poverty that these families are fighting to escape.

NYPD Detective Ray Fisher thought it meant he was going mad, but there was enough of the Detective left to see that the weirdness had started after he'd investigated a car that had been driven into the river. Ray thought he had all the answers until the NYPD suspended him and he realized that the only thing worse than the elite was the vast government Conspiracy concealing it.

A Maze of Murders (Kathryn Swinbrooke 6) Paul Doherty,2013-06-06 The sixth medieval mystery featuring physician Kathryn Swinbrooke. A violent past haunts Sir Walter Maltravers of Ingoldby Hall in Canterbury. Decades before the War of the Roses, he served in the fanatical bodyguard of Constantine XI Palaeologus, the last Byzantine emperor. But instead of defending the emperor to his death, Maltravers fled, taking with him the Lacrima Christi - a holy relic of incalculable value. When the Lacrima Christi disappears from Canterbury's Franciscan monastery, Sir Walter fears he is being tracked down by the emperor's vengeful loyalists. Days later, Maltravers's head is found impaled on a pole. Apothecary Kathryn Swinbrooke and her fiancée, Colum Murtagh, is called to investigate the crime. As the investigation begins, it becomes clear that all was not as it seemed within the cosy confines of Ingoldby Hall. The death toll is mounting, and if Swinbrooke and Murtagh don't nail down the killer - or killers - soon, they could be next.
