A Modern Wizard (Classic Reprint) Rodrigues Ottolengui,2015-09-27 Excerpt from A Modern Wizard Early one morning, in the spring of eighteen hundred and seventy-three, two young lawyers were seated in their private office. The firm name, painted in gilt letters upon the glass of the door, was Dudley & Bliss. Mortimer Dudley was the senior member, though not over thirty years old. Robert Bliss was two years younger. Mr. Dudley was sorting some papers and deftly tying them into bundles with red tape. Why lawyers will persist in using tape of a sanguine color is an unsolvable mystery to me, unless it may be that they are loath to disturb the many old adages in which the significant couplet of words appears. However that may be, Mr. Dudley paused in his occupation, attracted by an exclamation from his partner, who had been reading a morning paper. What is it, Robert? asked Mr. Dudley. Evolve Robert Floyd Bartlett,2023-11-27 EVOLVE is a story of a modern wizard and its bearing on today's world which contains the teachings of Master Merlin, considered the most powerful wizard on the planet. The author's life was molded into a wizard through a 30-year apprenticeship with the Master. It's an evolutionary trajectory of his life from atheism to embracing Christ consciousness wrapped up in Goddess energy. Merlin's exquisite teachings encapsulate the knowledge for the Earth's survival as we evolve from a paternal/head-centered populace into a more maternal/heart-centered one reflected in the new evolving generations. Merlin's brand of white wizardry is about consciousness raising. planetary survival, and contains no sorcery or magic. The author's life has been exciting, entertaining, and gives an extraordinary account into wizardry, travelling through other dimensions, out of body experiences, past-life connections, and examines planetary healing. Feel reassured that the wizards, angels, and other highly evolved entities are protecting us, mostly working through mass-consciousness. The reader will come away with the sense and comfort that we are on a positive, successful path of evolution for survival.

The Wizard and the Prophet Charles C. Mann,2018-01-23 From the best-selling, award-winning author of 1491 and 1493--an incisive portrait of the two little-known twentieth-century scientists, Norman Borlaug and William Vogt, whose diametrically opposed views shaped our ideas about the environment, laying the groundwork for how people in the twenty-first century will choose to live in tomorrow's world. In forty years, Earth's population will reach ten billion. Can our world support that? What kind of world will it be? Those answering these questions generally fall into two deeply divided groups--Wizards and Prophets, as Charles Mann calls them in this balanced, authoritative, nonpolemical new book. The Prophets, he explains, follow William Vogt, a founding environmentalist who believed that in using more than our planet has to give, our prosperity will lead us to ruin. Cut back! was his mantra. Otherwise everyone will lose! The Wizards are the heirs of Norman Borlaug, whose research, in effect, wrangled the world in service to our species to produce modern high-yield crops that then saved millions from starvation. Innovate! was Borlaug's cry. Only in that way can everyone win! Mann delves into these diverging viewpoints to assess the four great challenges humanity faces--food, water, energy, climate change--grounding each in historical context and weighing the options for the future. With our civilization on the line, the author's insightful analysis is an essential addition to the urgent conversation about how our children will fare on an increasingly crowded Earth.

Within these pages, you will learn how the magic of the ancients was rediscovered and refined by the great Renaissance wizards, establishing the deep roots of modern occultism and all the ideological intrigues and mystical insights that came along with it.
