**A Black Moon Odyssey** Anirban Roy, 2013-04 The monster in Amarnath was unleashed one night to execute an act of ruthless, violent retribution. Three years later he returns to nSweet Cottagei to find the shadows of the past still lengthening. The Chautalas become neighbours and trust and relationships bloom; some acceptable, one forbidden. **Alone on the Moon** Gerald Brennan, 2022-05-31 May, 1970. A two-person Soviet crew approaches the moon, ready to accomplish the greatest feat in human history—provided they can overcome their own petty jealousies, and the unforgiving harshness of space. *Alone on the Moon* chronicles a Soviet moon mission through the eyes of Boris Volynov, a backup who's been pressed into service helping Alexei Leonov (a man he despises) attempt humanity's first lunar landing. Thoroughly researched, it's a detailed and plausible rendition of two larger-than-life personalities facing incredible challenges. It's also a meditation on luck, trust, the nature of observation, and the burden of being chosen—plus the way our personal narratives can shape (or poison) our perceptions of the present. Do the stories we tell ourselves shape our fate, or can we write a new chapter? The answer awaits. The titles in the *Altered Space* series are wholly separate narratives, but all deal with the mysteries of space and time, progress and circularity. Each one is an ens<sup>l</sup> of words in which orbits of spacecraft, moons, planets, and people allow us fresh perspectives on the cycles of our own lives.

**Stowaway to the Moon** William Roy Shelton, 1973

**Howling at the Moon** Walter Yetnikoff, David Ritz, 2004-03-02 Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon, Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the

most flamboyant, volatile and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In *Howling at the Moon*, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the King of Pop reconstructed his face and agonized over his image while constructing *Thriller* (and how, after it won seven Grammys, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of “Sexual Healing”—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff's clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host of others. Seemingly, the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from \$485 million to well over \$2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, *Howling at the Moon* is a blistering *You'll Never Eat Lunch in this Town Again* of the music industry.

*Moon, Baby!* John Stephen Walsh, 2021-02-02 Nick and the boys decide to take a ride to see their buddy Emil, who's left their small town for a job ON THE MOON! It's THE HANGOVER in space, but not as funny, or 2001: A SPACE ODYSSEY, but not as boring. Fun and friendship follow Nick as he ends up lost in space on his way to a close encounter with an alien robot, in trouble with a criminal Santa Claus (in space, t's always December) as he just tries to get there to see his pal. Science fiction for folks who don't dig science fiction.

**Homer's Secret Odyssey** Kenneth Wood, Florence Wood, 2011-04-11 Homer is renowned as the

finest of the storytellers who for countless generations passed down by word of mouth the myths and legends of Ancient Greece. Yet, for some 2500 years there have been persistent folk memories that his genius extended far beyond literature and that scientific knowledge was hidden in his stories of heroes and villains, gods and ghosts, monsters and witches. Research now reveals that at a time when the Greeks did not have a written script, Homer concealed an astonishing range of learning about calendar making and cycles of the sun, moon and planet Venus in the *Odyssey*, his epic of the Fall of Troy and the adventures of the warrior-king Odysseus.

*Requiem Moon* C. T. Rwizi, 2021-03-23 Salo must journey into the heart of darkness to find his way back home in the next epic book of C. T. Rwizi's debut series. Salo's queen has finally accepted his desire to be a mystic despite taboos concerning men's use of magic. But her acceptance is not support; it is strategy. Under a disguise of the queen's making, Salo enters Jungle City as a pilgrim to the Red Temple, only to find a magical barrier barring his entrance. Left at the mercy of the warring political factions that run the city, Salo faces a series of obstacles wrought by an unseen hand, knowing he cannot return home without completing his pilgrimage. But Isa, King of the Saire clan, has her own plans for Salo. She needs his help to extract the Covenant Diamond from the Red Temple's inner sanctum--an artifact with the power to end her tribe's divisions, prevent a genocide, and even save herself from her fate. His new task in hand, Salo navigates a cursed maze of invisible authority--and when he encounters shocking revelations about the power residing in the depths of the undercity, he must wield his magic to finally bring the truth about his world's history to light.

*Bali Moon* Odyle Knight, 2014-02-04 Bali Moon is an account of one woman's challenging journey of self discovery on the exotic island of Bali, full of fascination and intrigue. Involved with a Balinese mystic she must face the trials of her own karma, when his shadowy secret is exposed and she escapes to the far reaches of Indonesia in a bold adventure of the soul. **Rocket Men** Robert Kurson, 2018-04-03 NEW YORK TIMES BESTSELLER • The riveting inside story of three heroic astronauts who took on the challenge of mankind's historic first mission to the Moon, from the bestselling author of *Shadow Divers*. "Robert Kurson tells the tale of Apollo 8 with novelistic detail and immediacy."—Andy Weir, #1 New York Times bestselling author of *The Martian* and *Artemis* By August 1968, the American space program was in danger of failing in its two most important objectives: to land a man on the Moon by President Kennedy's end-of-decade deadline, and to triumph over the Soviets in space. With its back against the wall, NASA made an almost unimaginable leap: It would scrap its usual methodical approach and risk everything on a sudden launch, sending the first men in history to the Moon—in just four months. And it would all happen at Christmas. In a year of historic violence and discord—the Tet Offensive, the assassinations of Martin Luther King, Jr., and Robert Kennedy, the riots at the Democratic National Convention in Chicago—the Apollo 8 mission would be the boldest, riskiest test of America's greatness under pressure. In this gripping insider account, Robert Kurson puts the focus on the three astronauts and their families: the commander, Frank Borman, a conflicted man on his final mission; idealistic Jim Lovell, who'd dreamed since boyhood of riding a rocket to the Moon; and Bill Anders, a young nuclear engineer and hotshot fighter pilot making his first space flight. Drawn from hundreds of hours of one-on-one interviews with the astronauts, their loved ones, NASA personnel, and myriad experts, and filled with vivid and unforgettable detail, *Rocket Men* is the definitive account of one of America's finest hours. In this real-life thriller, Kurson reveals the epic dangers involved, and the singular bravery it took, for mankind to leave Earth for the first time—and arrive at a new world. "Rocket Men is a riveting introduction to the [Apollo 8] flight. . . . Kurson details the mission in crisp, suspenseful scenes. . . . [A] gripping book."—The New York Times Book Review
