A Vedic Reader for Students Arthur Anthony Macdonell,1992 The Reader by A. A. Macdonell is meant to be a companion volume to his Vedic Grammer for Students. It contains thirty hymns selected from the Rgveda primarily for students who while acquainted with classical sanskrit are beginners of vedic lacking the aid of a teacher with adequate knowledge of the earliest period of the language and literature of India. In conjunction with the author`s Vedic Grammar the reader aims at supplying all that is required for the complete understanding of the selections. A copious index has been added for the purpose of enabling the student of utilize to the full the summary of Vedic Philosophy which this book contains.

A Vedic Reader Arthur Anthony Macdonell,2015-07-11 Excerpt from A Vedic Reader: For Students This Reader is meant to be a companion volume to my Vedic Grammar for Students. It contains thirty hymns comprising just under 300 stanzas. These hymns have been taken exclusively from the Rigveda, not only because that Veda represents the earliest and most important phase of the sacred language and literature of India, but because the addition of specimens from the later Vedic literature with their divergences in speech and thought would tend to confuse the learner beginning the study of the oldest period. All the books of the Rigveda have been drawn upon except the ninth. The reason of this exception is that, though the whole of the ninth book practically consists of hymns addressed to Soma only, the hymn which in my opinion represents that deity best occurs in another (the eighth) book. All the most important metres are represented, though no specimens of the rare and complex strophic measures could be given because none of the hymns composed in them seemed to be suitable for the Reader. I have also considered literary merit as far as possible in making the selection. As regards subject-matter, each of the more important deities is represented by one hymn, Agni alone by two. There are besides a few hymns of a different type. One is concerned with social life (x. 34), one with magical ideas (vii. 103), two with cosmogony (x. 90. 129), and three with eschatology (x. 14. 15. 135). The selection thus forms a brief epitome of the Rigveda, the earliest monument of Indian thought. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. A Vedic Reader for Students (1917) Arthur Anthony Macdonell,2014-08-07 This Is A New Release Of The Original 1917 Edition.

A Vedic Reader for Students Arthur Anthony Macdonell,2014-09-21 The gods were conceived as human in appearance. Their bodily parts, which are frequently mentioned, are in many instances simply figurative illustrations of the phenomena of nature represented by them. Thus the arms of the Sun are nothing more than his rays and the tongue and limbs of Agni merely denote his flames. Some of the gods appear equipped as warriors, especially Indra, others are described as priests, especially Agni and Brhaspati. All of them drive through the air in cars, drawn chiefly by steeds, but sometimes by other animals. Excerpts from a Vedic Reader for Students is a great and often revelatory introduction for all students of Hinduism, who want to gain a grater understand of the Rigveda. Written in 1917 by the noted Sanskrit scholar Sir Arthur Anthony Macdonell, it still stands as one of the great guides to understanding the Rigveda.
