Dracula : Om Illustrated Classics Abrham Bram Stoker, “I am Dracula. Welcome to my house. Enter freely and of your own will.”Jonathan Harker has little idea that his business trip to meet the mysterious Count of Transylvania would turn into his worst nightmare. Held captive in Dracula’s strange, dark castle, Jonathan discovers that the Count is in fact a vampire, who has been living on human blood for centuries! Soon, Dracula claims his first victim, the beautiful Lucy Westenra, a friend of Jonathan’s wife Mina. But this is just the beginning of Dracula’s cruel intentions. And evil must be vanquished, before it can claim more victims! Now, it will take some clever and courageous people—Professor Van Helsing, Dr Seward, Arthur Holmwood, Quincey Morris, Jonathan and Mina Harker—to outwit and completely destroy the indomitable Dracula. Much before vampires became a fad for the 21st-century reader, Bram Stoker wrote Dracula. Packed with action, thrill and horror, and written in an epistolary form, this mother-of-all gothic novels is a classic page-turner.

Dracula (Illustrated) Bram Stoker,2021-01-08 Dracula is a novel by an Irish writer Sir Abraham “Bram” Stoker that was first published in 1897. The stories about vampires were created and published numerously earlier than this famous novel. But it won’t be an exaggeration to say that it was Sir Stoker, who managed to write a thing that became a basis for the whole era of “vampire novels”. And it is still continuing. Jonathan Harker, a lawyer from London moves on business to Transylvania. He was invited by a local earl to register a real estate purchase in England. The purchase of a deserted abbey is registered. But the name of a buyer is a little strange, it’s Dracula...

Intrigued by evil and gore, Stoker developed a literary presence that was effortlessly translated to screen by the likes of Murnau, Bela Lugosi, Christopher Lee and Francis Ford Coppola. Dracula became such an obsession as it embodied a taboo subject matter: the desire for blood and sex. Filled with extraordinary pictures of the Count, his literary companions, and the movie idols, this is a treasure only to be read by daylight!

Dracula Illustrated Bram Stoker,2019-06-27 The story is told in an epistolary format, as a series of letters, diary entries, newspaper articles, and ships' log entries, whose narrators are the novel's protagonists, and occasionally supplemented with newspaper clippings relating events not directly witnessed. The events portrayed in the novel take place chronologically and largely in England and Transylvania during the 1890s and all transpire within the same year between 3 May and 6 November. A short note is located at the end of the final chapter written 7 years after the events outlined in the novel.The tale begins with Jonathan Harker, a newly qualified English solicitor, visiting Count Dracula at his castle in the Carpathian Mountains on the border of Transylvania, Bukovina, and Moldavia, to provide legal support for a real estate transaction overseen by Harker's employer, Mr Peter Hawkins of Exeter. At first enticed by Dracula's gracious manners, Harker soon realizes that he is Dracula's prisoner. Wandering the Count's castle against Dracula's admonition, Harker

encounters three female vampires, called the sisters, from whom he is rescued by Dracula. Harker soon realizes that Dracula himself is also a vampire. After the preparations are made, Dracula leaves Transylvania and abandons Harker to the sisters. Harker barely escapes from the castle with his life.Dracula boards a Russian ship, the Demeter, taking along with him boxes of Transylvanian soil, which he required in order to regain his strength. Not long afterward, the ship having weighed anchor at Varna, runs aground on the shores of Whitby in the east coast of England. The captain's log narrates the gradual disappearance of the entire crew, until the captain alone remained, himself bound to the helm to maintain course. An animal resembling a large dog is seen leaping ashore. The ship's cargo is described as silver sand and 50 boxes of mould, or earth, from Transylvania. It is later learned that Dracula successfully purchased multiple estates under the alias 'Count De Ville' throughout London and devised to distribute the 50 boxes to each of them utilizing transportation services as well as moving them himself. He does this to secure for himself lairs and the 50 boxes of earth would be used as his graves which would grant safety and rest during times of feeding and replenishing his strength.
