

A1 Essence Of The Passion

Andrew J. B. Cameron

Passion on the Vine Sergio Esposito, 2009-05-19 As a young child in Naples, Italy, Sergio Esposito sat at his kitchen table observing the daily ritual of his large, loud family bonding over fresh local dishes and simple country wines. While devouring the rich bufala mozzarella, still sopping with milk and salt, and the platters of fresh prosciutto, sliced so thin he could see through it, he absorbed the profound relationship of food, wine, and family in Italian culture. Growing up in Albany, New York, after emigrating there with his family, he always sat next to his uncle Aldo and sipped from his wineglass during their customary hours-long extended family feasts. Thus, from a very early age, Esposito came to associate wine with the warmth of family, the tastes of his mother's cooking—and, above all, memories of his former life in Italy. When he was in his twenties, he headed for New York and undertook a career in wine, beginning a journey that would culminate in his founding of Italian Wine Merchants, now the leading Italian wine source in America. His career offered him the opportunity to make frequent trips back to Italy to find wine for his clients, to learn the traditions of Italian winemaking, and, in so doing, to rediscover the Italian way of life he'd left behind. *Passion on the Vine* is Esposito's intimate and evocative memoir of his colorful family life in Italy, his abrupt transition to life in America, and of his travels into the heart of Italy—its wine country—and the lives of those who inhabit it. The result is a remarkably engaging and entertaining wine/travel narrative replete with vivid portraits of seductive places—the world-famous cellars of Piedmont, the sweeping estates of Tuscany, the lush fields of Campania, the chilly hills of Friuli, the windy beaches of Le Marche; and of memorable people, diverse and vibrant wine artisans—from a disco-

dancing vintner who bases his farming on the rhythm of the moon to an obsessive prince who destroys his vineyards before his death so that his grapes will never be used incorrectly. Esposito's luscious accounts of the wonderful food and wine that are so much a part of Italian life, and his poignant and often hilarious stories of his relationships with his family and Italian friends, make *Passion on the Vine* an utterly unique and enchanting work about Italy and its eternally seductive lifestyle.

Essays on Descartes Paul Hoffman, 2009-04-17 This is a collection of Paul Hoffman's wide-ranging essays on Descartes composed over the past twenty-five years. The essays in Part I include his celebrated *The Unity of Descartes' Man*, in which he argues that Descartes accepts the Aristotelian view that soul and body are related as form to matter and that the human being is a substance; a series of subsequent essays elaborating on this interpretation and defending it against objections; and an essay on Descartes' theory of distinction. In the essays in Part II he argues that Descartes retains the Aristotelian theory of causation according to which an agent's action is the same as the passion it brings about, and explains the significance of this doctrine for understanding Descartes' dualism and physics. In the essays in Part III he argues that Descartes accepts the Aristotelian theory of cognition according to which perception is possible because things that exist in the world are also capable of a different way of existing in the soul, and he shows how this theory figures in Descartes' account of misrepresentation and in the controversy over whether Descartes is a direct realist or a representationalist. The essays in Part IV examine Descartes' theory of the passions of the soul: their definition; their effect on our happiness, virtue, and freedom; and methods of controlling them.

The Sense of an Ending Julian Barnes, 2011-10-05 BOOKER PRIZE WINNER • NATIONAL BESTSELLER • A novel that follows a middle-aged man as he contends with a past he never much thought about—until his closest childhood friends return with a vengeance: one of them from the grave, another maddeningly present. A novel so compelling that it begs to be read in a single sitting, *The Sense of an Ending* has the psychological and emotional depth and sophistication of Henry James at his best, and is a stunning achievement in Julian Barnes's oeuvre. Tony Webster thought he left his past behind as he built a life for himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.

The Passion of Infinity Daniel Greenspan, 2008-11-03 *The Passion of Infinity* generates a historical narrative surrounding the concept of the irrational as a threat which rational culture has made a series of attempts to understand and relieve. It begins with Sophocles' *Oedipus*, in whom human reason collides with the archaic force of the religious. It then moves through Aristotle's ethics, psychology and theory of tragedy, which redefine reason's collapses in moral-psychological rather than religious terms. The book culminates in an extensive reading of Kierkegaard, who, in a critical retrieval of both

Greek tragedy and Aristotle, reconceives yet again the nature of reason's collision with the irrational.

The Logic of Love Andrew J. B. Cameron, 2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing, this book surveys an older wisdom in how to manage it, using a range of Christian theologians and sources. More important even than 'managing', we begin to see a vision for a better set of affections to grow within and among us. In this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as 'love'. How may we recover a deep affection for what matters, both within ourselves and together in groups? This book also dialogues

with a new movement in moral psychology, 'social intuitionism'. Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources, even where their respective lenses differ. In this way, the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop, whilst assaying major sources in Christian theology that offer guidance on moral psychology.

Sounds of Innate Freedom Karl Brunnhölzl, 2023-04-11 The third volume in a historic six-volume series containing many of the first English translations of the classic mahamudra literature compiled by the Seventh Karmapa. Sounds of Innate Freedom: The Indian Texts of Mahamudra are historic volumes containing many of the first English translations of the classic mahamudra literature. The texts and songs in these volumes

constitute the large compendium called The Indian Texts of the Mahamudra of Definitive Meaning, compiled by the Seventh Karmapa Chötra Gyatso (1456–1539). Translated, introduced, and annotated by Karl Brunnhölzl, acclaimed senior teacher at the Nalandabodhi community of Dzogchen Ponlop Rinpoche, the collection offers a brilliant window into the richness of the vast ocean of Indian mahamudra texts cherished in all Tibetan lineages, particularly in the Kagyu tradition, giving us a clear view of the sources of one of the world’s great contemplative traditions. This third volume contains twenty-four texts, the bulk of which are dohas by Saraha and commentaries on them, as well as works by other renowned Indian Buddhist mahasiddhas such as Naropa, Krsna, and Sakyasribhadra. The extensive commentaries brilliantly unravel enigmas and bring clarity to the songs they comment on as well as to many other songs of realization in the series. These expressive songs of the inexpressible offer readers a feast of profound and powerful pith instructions uttered by numerous male and female mahasiddhas, yogis, and dakinis, often in the context of ritual ganacakras and initially kept in their secret treasury. Displaying a vast range of themes, styles, and metaphors, they all point to the single true nature of the mind—mahamudra—in inspiring ways and from different angles, using a dazzling array of skillful means to penetrate the sole vital point of buddhahood being found nowhere but within our own mind. Reading and singing these songs of mystical wonder, bliss, and ecstatic freedom and contemplating their meaning will open doors to spiritual experience for us today just as it has for countless practitioners in the past.

The Essence of Rumi John Baldock,2005-10-11 Get drunk on Love, for Love is all

that exists. Unless you make Love your business, you will not be admitted to the Beloved.' (Divan-i Shams-i Tabriz 455:A1:54) The thirteenth-century saint Jalaluddin Rumi has been called the greatest mystical poet of any age, and his work compared to that of Dante and Shakespeare. Over a period of 25 years he composed over 70,000 verses of poetry on the subjects of divine love, mystic passion and ecstatic illumination. Rumi was also a master story-teller, as this comprehensive exploration of his work so rewardingly reveals. Primarily an introduction to Rumi and the path of self-surrender, it is arranged in such a way that it guides the reader from the poet's outer, historical world to the inner, spiritual essence of his teaching. The Essence of Rumi offers us the opportunity to overcome the limitations of our human view of the world and transform our sensory eye into the poet's all-seeing Ocean of Reality.

The Dynamics of Language Use Christopher S. Butler, María de los Ángeles Gómez González, Susana M. Doval-Suárez, 2005-09-22 This book brings together a collection of articles characterized by two main themes: the contrastive study of parallel phenomena in two or more languages, and an essentially functional approach in which language is regarded, first and foremost, as a rich and complex communication system, inextricably embedded in sociocultural and psychological contexts of use. The majority of the studies reported is empirical in nature, many making use of corpora or other textual materials in the language(s) under investigation. The book begins with an introductory section in which the editors provide surveys of the state of the art in both functional and contrastive linguistics. The other five sections of the volume are devoted to (i) a cognitive perspective on form and function, (ii) information structure, (iii) collocations and formulaic language,

(iv) language learning, and (v) discourse and culture.
