Dave Ward

The Life of Gus Sandee Roquemore-Maxwell,2019-03-15 Gus was once a much-loved dog who lived a happy life. Then things began to change. His owner neglected and eventually abandoned him. He suffered abuse and cruelty from passing humans, deteriorating physically and emotionally. Over time, things out of his control began to shape Gus, his life, and his future. Gus was found by local rescuers in September 2018. He was in horrific condition, so he was immediately taken for medical treatment sponsored by the Houston K-911 Rescue group. Gus had many medical issues to overcome, he had a long recovery with lots of support from people all over the world, but now he is happy and healthy. Gus has a forever family now and he is loved, pampered and cherished, as every dog should be. Author Sandee Roquemore-Maxwell has worked with rescue dogs in the Houston area for many years. She understands that the key to a better future for animals is to teach the next generation to have compassion for those left in their care. The story of Gus reminds kids how to love their pets, and what to do if they see one abandoned, while instilling respect for animals everywhere.

This beautifully designed volume features photographs from the 1960s and from today, as well as stunning jacket art from The Problem We All Live With, the 1964 painting by Norman Rockwell depicting Ruby's walk to school. Yoga Pant Nation Laurie Gelman, 2021-07-13 A Good Morning America Buzz Pick From the author of *Class Mom* and *You've Been Volunteered* comes a new book on one mom's challenges through parenting and life, keeping her on her toes and perpetually in yoga pants. Jen Dixon of Overland Park, Kansas—fearless mother of a fifth-grade boy and two thirty-something daughters—is used to juggling a lot, from her mission to become a spin instructor, to stepping in as the most acerbic class mom ever (again), to taking care of her two-year-old granddaughter. But when the PTA president throws her a mandate to raise \$10,000 for the fifth-grade class, even unflappable Jen is going to need more than her regular spin class to get her through this final year at William Taft Elementary School. In the midst of new complications—organizing the class overnight to Topeka, an unexpected spin class fan in the form of her husband’s crazy ex-wife, and trying to navigate her parents’ sudden descent into apparent delusions—Jen hardly has the patience to listen to yet another half-baked idea (come on, ladies, another wrapping paper sale?) from WeFUKCT (We Fundraise Until Kingdom Come Team), her fundraising committee. But if anyone can get elementary parents to pull off the impossible, it’s Jen Dixon. With her always irreverent and laugh-out-loud humor—boldly holding forth on those things you’re thinking, but would never dare say out loud—Laurie Gelman shines a light on the indignities and hilarities of modern parenting.

Richard Haass has written something that is brief, readable, and yet comprehensive—marked throughout by his trademark intelligence and common sense.” —Fareed Zakaria An invaluable primer from Richard Haass, president of the Council on Foreign Relations, that will help anyone, expert and non-expert alike, navigate a time in which many of our biggest challenges come from the world beyond our borders. We live in a global era, in which what happens thousands of miles away often affects our lives. Although the United States is bordered by two oceans, those oceans are not moats. And the so-called Vegas rule—what happens there stays there—does not apply. Globalization can be both good and bad, but it is not something that individuals or countries can opt out of. The choice we face is how to respond. *The World* focuses on history, what makes each region of the world tick, the many challenges globalization presents, and the most influential countries, events, and ideas, to provide readers with the background they need to make sense of this complicated and interconnected world.

Houston in the 1920s and 1930s Story Jones Sloane, 2009 Houston was already a dynamic city when it experienced an exciting period of accelerated growth in the 1920s and 1930s. The Roaring Twenties began with a national ban on alcohol and ended abruptly with the stock market crash of 1929, but the prominent and influential Jesse Jones ensured the city's part in the economic collapse was minimal. Despite the country's financial woes, Houston's downtown was booming. Skyscrapers set new records in height, forever changing the skyline and appearance of the city. The introduction and widespread use of air-conditioning tamed the stifling heat and humidity for which Houston was known. The National Democratic Convention of 1928 showed the rest of the nation what a modern metropolis Houston had become. This entertaining new book illustrates how Houstonians lived, worked, and played during both the good times and the bad in the early 1900s.

From Here to Equality, Second Edition William A. Darity Jr., A. Kirsten Mullen, 2022-07-27 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn. At several historic moments, the trajectory of racial inequality could have been altered dramatically. But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation. Today, systematic inequality persists in the form of housing discrimination, unequal education, police brutality, mass incarceration, employment discrimination, and massive wealth and opportunity gaps. Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents. This compelling and sharply argued book addresses economic injustices head-on and make the most comprehensive case to date for economic reparations for U.S. descendants of slavery. Using innovative methods that link monetary values to historical wrongs, William Darity Jr. and A. Kirsten Mullen assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War and offer a detailed roadmap for an effective reparations program, including a substantial payment to each documented U.S. black descendant of slavery. This new edition features a new foreword addressing the latest developments on the local, state, and federal level and considering current prospects for a comprehensive reparations program.
