Dr. George George Fischbeck, Randy Roach, 2013-05-01 For twenty-three years, George Fischbeck was a schoolteacher in Albuquerque, and for the last thirteen of those years taught science on a public television station that was beamed all over New Mexico. He also served as a weatherman on Albuquerque's top-rated TV newscast where he was so popular that the general manager of a competing station sent tapes of his weather forecasts to all the top ABC Network stations nationwide in hope that one would hire George and get him out of New Mexico. When KABC-TV in Los Angeles responded, it was the start of a love affair between Dr. George and the City of Angels that continues to this day. Not only has Fischbeck had a long career as an award-winning journalist and educator, he has also helped raise millions of dollars for a variety of charitable causes. His story is all here, and the best part is what the fewest people know: the heartwarming memories of a family man.

Carpenters Mike Cidoni Lennox, Chris May, 2021-11-16 Introduction by Richard Carpenter The definitive biography of one of the most enduring and endeared recording artists in history—the Carpenters—is told for the first time from the perspective of Richard Carpenter, through more than 100 hours of exclusive interviews and some 200 photographs from Richard's personal archive, many never published. After becoming multimillion-selling, Grammy-winning superstars with their 1970 breakthrough hit (They Long to Be) Close to You, Richard and Karen Carpenter would win over millions of fans worldwide with a record-breaking string of hits including We've Only Just Begun, Top of the World, and Yesterday Once More. By 1975, success was

taking its toll. Years of jam-packed work schedules, including hundreds of concert engagements, proved to be just too much for the Carpenters to keep the hits coming—and, ultimately, to keep the music playing at all. However, Richard and Karen never took their adoring public, or each other, for granted. In *Carpenters: The Musical Legacy*, Richard Carpenter tells his story for the first time. With candor, heart, and humor, he sheds new light on the Carpenters' trials and triumphs—work that remains the gold standard for melodic pop. This beautifully illustrated definitive biography, with exclusive interviews and never-before-seen photographs, is a must-have for any Carpenters fan.

Anchored Mort Crim, 2021-03-16 HONORED AS A NOTABLE 100 BOOK IN THE 2021 SHELF UNBOUND BEST INDIE BOOK COMPETITION Mort Crim has reported on major conflicts around the world for more than four decades and was a major inspiration for Will Ferrell's performance in the movie *Anchorman*. Crim's memoir takes readers behind the camera to show what life was like when the local anchorman was as revered as the professional athlete, and just as overpaid. It was a glamorous life, working alongside some of journalism's legends, like Walter Cronkite, David Brinkley, Dan Rather, and Ted Koppel. The son of an evangelical minister in a conservative church, Crim suffered his first crisis of faith at the age of 15. Despite nagging questions, Crim eventually followed his father's path into ministry. But the more he delved into the Bible, the more his faith was shaken. Unable to defend things he wasn't sure of from the pulpit, Crim left the ministry for a career in journalism, determined to pursue truth. After a four-year stint in the Air Force, he earned his master's degree in journalism from Northwestern University, and by the age of 30, had made it to New York—the epicenter of his profession. As a national correspondent for ABC, Crim anchored the network's top-rated morning radio show and covered America's newly-developing manned space program. When Neil Armstrong took that first step on the moon, it was Crim's voice that described the historic event

for millions around the world. At the urging of Walter Cronkite, Crim moved from network radio into the heady world of television news. At KYW in Philadelphia, Mort Crim was paired with the late Jessica Savitch, and their anchor team spawned the idea for Will Ferrell's Anchorman movies. Crim's journey for truth will resonate with anyone raised in a cocoon of certainty that they felt compelled to question.

The Ride of a Lifetime Robert Iger, 2019-09-23 #1 NEW YORK TIMES BESTSELLER • A memoir of leadership and success: The executive chairman of Disney, Time's 2019 businessperson of the year, shares the ideas and values he embraced during his fifteen years as CEO while reinventing one of the world's most beloved companies and inspiring the people who bring the magic to life. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Competition was more intense than ever and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas: Recommit to the concept that quality matters, embrace technology instead of fighting it, and think bigger—think global—and turn Disney into a stronger brand in international markets. Today, Disney is the largest, most admired media company in the world, counting Pixar, Marvel, Lucasfilm, and 21st Century Fox among its properties. Its value is nearly five times what it was when Iger took over, and he is recognized as one of the most innovative and successful CEOs of our era. In *The Ride of a Lifetime*, Robert Iger shares the lessons he learned while running Disney and leading its 220,000-plus employees, and he explores the principles that are necessary for true leadership, including: • Optimism. Even in the face of difficulty, an optimistic leader will find the path toward the best possible outcome and focus on that, rather than give in to pessimism and blaming. • Courage. Leaders have to be willing to take risks and place big bets. Fear of failure destroys creativity. • Decisiveness. All decisions, no matter how difficult, can be made

on a timely basis. Indecisiveness is both wasteful and destructive to morale. • Fairness. Treat people decently, with empathy, and be accessible to them. This book is about the relentless curiosity that has driven Iger for forty-five years, since the day he started as the lowliest studio grunt at ABC. It's also about thoughtfulness and respect, and a decency-over-dollars approach that has become the bedrock of every project and partnership Iger pursues, from a deep friendship with Steve Jobs in his final years to an abiding love of the Star Wars mythology. "The ideas in this book strike me as universal" Iger writes. "Not just to the aspiring CEOs of the world, but to anyone wanting to feel less fearful, more confidently themselves, as they navigate their professional and even personal lives."

Little by Little Rich Little, 2017-01-25 "How did I become an impersonator? Perhaps my mother was conceived by a Zexox machine!" So, how did a kid from Ottawa, Canada, growing up in the '50s become an impressionist? No one in our family had ever been in show business. No one ever had "show biz" yearnings. My father was a doctor. My mother was a housewife. So where did my desire to become an impressionist come from? I've often asked myself this question. I didn't know the answer, but I did love the movies. As a boy, I would go every weekend, sometimes staying to see the show twice. Just going to the movies and getting so involved in the storytelling and the characters made me want to be that person up on the screen, never dreaming that I could turn it into a career. The glory days of Hollywood and their icons, like no other, have remained as indelible images in our hearts and minds for decades. I, like many, idolized these giants of the screen and comedy, but was so fortunate to have had the opportunity to meet, work with, and get to know many of them along the way during my career. From the genius of Jack Benny, the unmatched humor of George Burns, the debonair, handsome Cary Grant, the unforgettable John Wayne, the king of late night hosts Johnny Carson, and the former actor-turned-president Ronald Reagan to

name a few. In this gem of a book are insights into the likes of many of these great people I've had the privilege and fortune to meet and imitate, shining new light on our beloved stars. This is really not a biography, but more of a humorous glimpse of the people I've impersonated and some of the funny stories that happened along the way.

The Big Ones Dr. Lucy Jones, 2019-03-19 By the world-renowned seismologist, a riveting history of natural disasters, their impact on our culture, and new ways of thinking about the ones to come Earthquakes, floods, tsunamis, hurricanes, volcanoes--they stem from the same forces that give our planet life. Earthquakes give us natural springs; volcanoes produce fertile soil. It is only when these forces exceed our ability to withstand them that they become disasters. Together they have shaped our cities and their architecture; elevated leaders and toppled governments; influenced the way we think, feel, fight, unite, and pray. The history of natural disasters is a history of ourselves. In The Big Ones, leading seismologist Dr. Lucy Jones offers a bracing look at some of the world's greatest natural disasters, whose reverberations we continue to feel today. At Pompeii, Jones explores how a volcanic eruption in the first century AD challenged prevailing views of religion. She examines the California floods of 1862 and the limits of human memory. And she probes more recent events--such as the Indian Ocean tsunami of 2004 and the American hurricanes of 2017--to illustrate the potential for globalization to humanize and heal. With population in hazardous regions growing and temperatures around the world rising, the impacts of natural disasters are greater than ever before. The Big Ones is more than just a work of history or science; it is a call to action. Natural hazards are inevitable; human catastrophes are not. With this energizing and exhaustively researched book, Dr. Jones offers a look at our past, readying us to face down the Big Ones in our future.

Look at You Now Liz Pryor, 2016 The author recounts her

experiences as a pregnant teenager in a government-run facility for delinquent teenage girls, describing the bonds she formed with the other girls and how the experience changed how she sees the world.

True Story Danielle J. Lindemann, PhD, 2022-02-15 Named a Best Nonfiction Book of 2022 by Esquire A sociological study of reality TV that explores its rise as a culture-dominating medium—and what the genre reveals about our attitudes toward race, gender, class, and sexuality What do we see when we watch reality television? In *True Story: What Reality TV Says About Us*, the sociologist and TV-lover Danielle J. Lindemann takes a long, hard look in the “funhouse mirror” of this genre. From the first episodes of *The Real World* to countless rose ceremonies to the White House, reality TV has not just remade our entertainment and cultural landscape (which it undeniably has). Reality TV, Lindemann argues, uniquely reflects our everyday experiences and social topography back to us. Applying scholarly research—including studies of inequality, culture, and deviance—to specific shows, Lindemann layers sharp insights with social theory, humor, pop cultural references, and anecdotes from her own life to show us who we really are. By taking reality TV seriously, *True Story* argues, we can better understand key institutions (like families, schools, and prisons) and broad social constructs (such as gender, race, class, and sexuality). From *The Bachelor* to *Real Housewives* to *COPS* and more (so much more!), reality programming unveils the major circuits of power that organize our lives—and the extent to which our own realities are, in fact, socially constructed. Whether we’re watching conniving *Survivor* contestants or three-year-old beauty queens, these “guilty pleasures” underscore how conservative our society remains, and how steadfastly we cling to our notions about who or what counts as legitimate or “real.” At once an entertaining chronicle of reality TV obsession and a pioneering work of

sociology, *True Story* holds up a mirror to our society: the reflection may not always be pretty—but we can't look away.

Living the California Dream Alison Rose Jefferson, 2022 2020 Miriam Matthews Ethnic History Award from the Los Angeles City Historical Society Alison Rose Jefferson examines how African Americans pioneered America's "frontier of leisure" by creating communities and business projects in conjunction with their growing population in Southern California during the nation's Jim Crow era.

The Queen Next Door Linda Solomon, 2019-10-14 Aretha was private. I respected this and she trusted me. Linda Solomon met Aretha Franklin in 1983 when she was just beginning her career as a photojournalist and newspaper columnist. Franklin's brother and business manager arranged for Solomon to capture the singer's major career events—just as she was coming back home to Detroit from California—while Franklin requested that Solomon document everything else. Everything. And she did just that. What developed over these years of photographing birthday and Christmas parties in her home, annual celebrity galas, private backstage moments during national awards ceremonies, photo shoots with the iconic pink Cadillac, and more was a friendship between two women who grew to enjoy and respect one another. *The Queen Next Door: Aretha Franklin, An Intimate Portrait* is a book full of firsts as Solomon was invited not only to capture historical events in Aretha's music career showcasing Detroit but to join in with the Franklin family's most intimate and cherished moments in her beloved hometown. From performance rehearsals with James Brown to off-camera shenanigans while filming a music video with the Rolling Stones, from her first television special to her first time performing with the Detroit Symphony Orchestra, to her last performance with her sisters at her father's church and her son's college graduation celebration. In the book's afterword, Sabrina Vonne' Owens, Franklin's niece, honors her aunt, a woman who was an overwhelming supporter of civil rights, women's rights, and

fundraising campaigns that helped to benefit her hometown. There was a time in her career—when Franklin was more in demand than ever before—when she insisted that if someone wanted her to perform, they had to come to Detroit. During this time all of her major concerts, national television specials, music videos, and commercials would happen in Detroit. Aretha Franklin showed her respect for the people in the city who championed her from the very beginning when she started singing as a young girl in the church choir. Franklin used to say, I am the lady next door when I am not on stage. The Queen Next Door offers fans a personal and unseen look at an extraordinary woman in her most natural moments—both regal and intimate—and highlights her devotion to her family and her hometown Detroit—forever and ever.

Yoga Pant Nation Laurie Gelman,2021-07-13 A Good Morning America Buzz Pick From the author of Class Mom and You've Been Volunteered comes a new book on one mom's challenges through parenting and life, keeping her on her toes and perpetually in yoga pants. Jen Dixon of Overland Park, Kansas—fearless mother of a fifth-grade boy and two thirty-something daughters—is used to juggling a lot, from her mission to become a spin instructor, to stepping in as the most acerbic class mom ever (again), to taking care of her two-year-old granddaughter. But when the PTA president throws her a mandate to raise \$10,000 for the fifth-grade class, even unflappable Jen is going to need more than her regular spin class to get her through

this final year at William Taft Elementary School. In the midst of new complications—organizing the class overnight to Topeka, an unexpected spin class fan in the form of her husband’s crazy ex-wife, and trying to navigate her parents’ sudden descent into apparent delusions—Jen hardly has the patience to listen to yet another half-baked idea (come on, ladies, another wrapping paper sale?) from WeFUKCT (We Fundraise Until Kingdom Come Team), her fundraising committee. But if anyone can get elementary parents to pull off the impossible, it’s Jen Dixon. With her always irreverent and laugh-out-loud humor—boldly holding forth on those things you’re thinking, but would never dare say out loud—Laurie Gelman shines a light on the indignities and hilarities of modern parenting.

Local Politics and Mayoral Elections in 21st Century America

Sean D. Foreman, Marcia L. Godwin, 2014-11-20 Some of the most populated and storied American cities had mayoral elections in 2013. Open contests in New York City, Los Angeles and Boston, for example, offer laboratories to examine electoral trends in urban politics. Cities are facing varied predicaments. Boston was rocked by the bombing of the marathon on April 15. Detroit is roiled by being the largest U.S. city to declare bankruptcy, and Chicago, which had an open, competitive election in 2011, is dealing with significant gun violence. San Diego’s mayor resigned in August 2013 due to sexual harassment charges and other mayors are surrounded by corruption scandals. Houston and St. Louis had non-competitive elections recently but their mayors are notable for their tenure in office and emphasis will be on public policy outcomes in those cases. Leaders in most cities face dramatic changes and challenges due to economic and social realities. The Keys to City Hall offers a complete and succinct review and analysis of the top mayoral campaigns in major American cities in recent years as well as the politics and public policy management of those urban areas. Emerging theories of urban governance, demographic changes, and economic conditions are examined in

introductory chapters; the introduction will provide a unique and comprehensive focus on major trends in advertisement, changes in campaign strategies, fundraising, and the use of social media at the local level. In Part Two, scholars with expertise in local politics, urban public policy, and the governance explore some of the largest and most noteworthy U.S. cities, each of which has a recent, competitive mayoral election. They will also provide updated data on mayoral powers and problems faced by local executives. Written as lively narratives in a highly readable style, this book advances theory on urban politics by reviewing developments in the field and aligning theoretical approaches with realities on the ground based on the most recent elections and governance structures. As such, it will be a much needed resource to scholars interested in local politics, and the public policy debates of specific major urban and metropolitan areas.
