Foreign Accent Alene Moyer,2013-03-14 To what extent do our accents determine the way we are perceived by others? Is a foreign accent inevitably associated with social stigma? Accent is a matter of great public interest given the impact of migration on national and global affairs, but until now, applied linguistics research has treated accent largely as a theoretical puzzle. In this fascinating account, Alene Moyer examines the social, psychological, educational and legal ramifications of sounding 'foreign'. She explores how accent operates contextually through analysis of issues such as: the neuro-cognitive constraints on phonological acquisition, individual factors that contribute to the 'intractability' of accent, foreign accent as a criterion for workplace discrimination, and the efficacy of instruction for improving pronunciation. This holistic treatment of second language accent is an essential resource for graduate students and researchers interested in applied linguistics, bilingualism and foreign language education.

Accent Reduction For Professionals: How to Eliminate Your Accent to Sound More American Whitney Nelson,2015-10-22 Strong Accents Can Affect Hiring Chances In “Accent Reduction For Professionals”, you’ll discover secrets of reducing – and eliminating – your foreign accent. Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you’ve effectively masked your tell-tale accent and how everyone is listening to what you are saying and not how you’re saying. With this guide, you’ll quickly learn the easiest ways to sound more like an American and dramatically improve the way you sound. What insights can you be assured of learning when you read and implement the tips, tricks, and techniques revealed in this concise book? • 8 secrets to quickly and effortlessly reducing your accent • The Number 1 method of acquiring not only accent elimination but the intonation and syllable stress of native English speakers. • What are the sounds that English speakers use daily that are difficult, if not seemingly impossible, for those who are still learning to master the intonation and other nuances of the language This Guide will Also Reveal How to Overcome: • The use the “s” or the “z” sounds at the ends of words. (What you didn’t know that sometimes the letter “s” could be pronounced as a “z”?) • The proper pronunciation of perhaps the trickiest sound of all: the “th.” With the instructions in this book, you can swiftly conquer this sound and rapidly improve your accent • The diphthong problem that confuses and confound so many non-native speakers. • The seemingly insurmountable hard “r” sound. Did you know English is the only language with a true hard “r” sound? In this revolutionary approach to speaking like a native, you’ll discover what in your speech has been holding you back. You’ll be able to start implementing these practical tips and others will stand up and take notice immediately. This Accent Reduction Guide is For You If.. ✓ You have a high school diploma ✓ English is not your first language ✓ Public speaking is part of your job ✓ You are trying to get a career that requires perfect accent ✓ Having good communication skill is required in your job If any one of those sounds familiar to you, perhaps you have found the right book. This book is essential for you to break through and not only improving your spoken skills but developing them so well that you can communicate with others efficiently. Download This Book Today and Start Manifesting The Career of Your Dream !

Here's How to Do Accent Modification Robert McKinney,2019-03-15 *Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists* is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. *Here's How to Do Accent Modification* is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.

English with an Accent Rusty Barrett,Jennifer Cramer,Kevin B. McGowan,2022-11-30 Since its original publication in 1997, *English with an Accent* has inspired generations of scholars to investigate linguistic discrimination, social categorization, social structures, and power. This new edition is an attempt to retain the spirit of the original while enriching and expanding it to reflect the greater understanding of linguistic discrimination that it has helped create. This third edition has been substantially reworked to include: An updated concept of social categories, how they are constructed in interaction, and how they can be invoked and perceived through linguistic cues or language ideologies Refreshed accounts of the countless social and structural factors that go into linguistic discrimination Expanded attention to specific linguistic structures, language groups, and social domains that go beyond those provided in earlier editions New dedicated chapter on American Sign Language and its history of discrimination QR codes linking to external media, stories, and other forms of engagement beyond the text A revamped website with additional material *English with an Accent* remains a book that forces us to acknowledge and understand the ways language is used as an excuse for discrimination. The book will help readers to better understand issues of cross-cultural communication, to develop strategies for successful interactions across social difference, to recognize patterns of language that reflect implicit bias, and to gain awareness of how mistaken beliefs about language create and nurture prejudice and discrimination.

Language beyond Words: The Neuroscience of Accent Ignacio Moreno-Torres,Peter Mariën,Guadalupe Dávila,Marcelo L. Berthier,2017-03-23 Language learning also implies the acquisition of a set of phonetic rules and prosodic contours which define the accent in that language. While often considered as merely accessory, accent is an essential component of psychological identity as it embodies information on origin, culture, and social class. Speaking with a non-standard (foreign) accent is not inconsequential because it may negatively impact communication and social adjustment. Nevertheless, the lack of a formal definition of accent may explain that, as compared with other aspects of language, it has received relatively little attention until recently. During the past decade there has been increasing interest in the analysis of accent from a neuroscientific perspective. This e-book integrates data from different scientific frameworks. The reader will find fruitful research on new models of accent processing, how learning a new accent proceeds, and the role of feedback on accent learning in healthy subjects. In addition, information on accent changes in pathological conditions including developmental and psychogenic foreign accent syndromes as well as the description of a new variant of foreign accent syndrome is also included. It is anticipated that the articles in this e-book will enhance the understanding of accent as a linguistic phenomenon, the neural networks supporting it and potential interventions to accelerate acquisition or relearning of native accents.

Accent America! Essentials Dorothy M. Taguchi,2007-02 Five audio CDs and one guide book. Focussing on the core English pronunciation problems, 'Accent America! Essentials' addresses the needs of non-native speakers who desire to express themselves more clearly and confidently. The practice exercises on the audio CDs along with explanations and illustrations in the guide book will help develop the fundamental features of an American accent. The book is for those who can speak and understand English but wish to reduce their native accent to build self-confidence and thus better their careers.

Accent Modification Kate DeVore,2017-03 Detailed instructional manual with extensive embedded audio for every sound in Neutral American English, by a leading author, speech pathologist, and theatre speech and dialect coach. Includes information on stress, intonation, and rhythm as well as sounding natural. Appropriate for both ESL and native speakers of English with a regional dialect. Written and spoken instructions for creating the American sounds provided. Whether you’re looking for accent modification, accent reduction, or learning an American accent, this manual with audio is right for you. Listen to the instructions, then listen and repeat words and sentences for every sound of American English. Additional practice material included. Includes suggestions for focusing your practice depending on where you are from.

Foreign Accent Syndromes Jack Ryalls,Nick Miller,2014-08-13 What does it feel like to wake up one day speaking with a foreign accent from a country one has never visited? Why does someone wake up doing this? This book seeks to portray the broad and diverse experiences of individuals with a rare neurological speech disorder called Foreign Accent Syndrome (FAS). Through a combination of personal testimony and scientific commentary, the book aims to shed unprecedented light on the understanding of FAS by elucidating the complex links between how the brain

produces speech, how listeners perceive speech and the role that accent plays in our perception of self and others. The first part of the book provides a comprehensive introduction to FAS and covers a number of key subject areas, including: • The definition and phenomenology of FAS • A history of research on FAS • The causes and psychosocial consequences of FAS • A guide to further reading and a glossary of specialized terms. The chapters in part two provide a unique insight into the condition through personal testimony and accounts from family members. This collection of 28 testimonies from across the world underlines the importance of listening carefully to patients explain their cases, and in their own words. The final section contains a questionnaire for use by clinicians to support case history taking. The authors are two leading global experts on FAS, and this is the first volume of its kind to provide such a broad and comprehensive examination of this rare and poorly understood condition. It will be of great interest to practising clinicians in neurology, psychiatry, psychology and speech and language therapy/pathology, as well as students in health disciplines relevant to neurorehabilitation, linguists and also to families and caregivers.

English with an Accent Rosina Lippi-Green,2012-03-15 Since its initial publication, English with an Accent has provoked debate and controversy within classrooms through its in-depth scrutiny of American attitudes towards language. Rosina Lippi-Green discusses the ways in which discrimination based on accent functions to support and perpetuate social structures and unequal power relations. This second edition has been reorganized and revised to include: new dedicated chapters on Latino English and Asian American English discussion questions, further reading, and suggested classroom exercises, updated examples from the classroom, the judicial system, the media, and corporate culture a discussion of the long-term implications of the Ebonics debate a brand-new companion website with a glossary of key terms and links to audio, video, and images relevant to the each chapter's content. English with an Accent is essential reading for students with interests in attitudes and discrimination towards language.

Issues in Accents of English Ewa Waniek-Klimczak,2020-10-27 Adopting a central theme of variability, the book explores different aspects of native and non-native accents of English. The dominating perspective is that of a non-native speaker, although – as argued by some contributors – the very distinction between native and non-native English may need to be redefined. As the debate on the pronunciation of English as a lingua franca continues, this volume presents well-focused studies investigating the acquisition and use of the sound system by native and non-native speakers, problems with the choice and variability in pronunciation models and pedagogical aspects of pronunciation instruction. The issue of accents calls for a comprehensive approach; this book aims to provide such a broad perspective, based on expertise and experience of the contributors, who are specialist in linguistics, applied linguistics, phonetics, phonology and ESL. The book is divided into three parts. Part one discusses complex conditioning of production and perception of native and non-native accents. It contains acoustic and auditory studies investigating the effect of such independent variables as identity, L1 or contextual factors on the elements of the sound system. Part two links the accent variability studies to the pedagogical context by presenting problems with the pronunciation model, its choice and variability. The main focus of part three is on pronunciation teaching: papers presented in this section report on the methods and results of phonetic instruction in different settings.

Teaching and Researching English Accents in Native and Non-native Speakers Ewa Waniek-Klimczak,Linda R. Shockey,2012-12-14 Second language phonology is approached in this book from the perspective of data-based studies into the English sound system as used by native and non-native speakers of the language. The book offers a unique combination of psycholinguistic, sociolinguistic and pedagogical approaches, with individual contributions investigating the effect of selected conditioning factors on the pronunciation of English. With all the richness of approaches, it is a strong phonetic background that unifies individual contributions to the volume. Thus, the book contains a large body of original, primary research which will be of interest to experienced scientist, practitioners and lecturers as well as graduate students planning to embark on empirical methods of investigating the nature of the sound system

African Accents Beth McGuire,2016-02-05 This is a comprehensive workbook for actors, covering the key characteristics and profiles of a wide range of African accents of English. Its unique approach not only addresses the methods and processes by which to go about learning an accent, but also looks in detail at each example. This lets the reader plot their own route through the learning process and tailor not only their working methods but also their own personal idiolect. Full breakdowns of each accent cover: an introduction giving a brief history of the accent, its ethnic background, and its language of origin preparatory warm-up exercises specific to each accent a directory of research materials including documentaries, plays, films and online resources key characteristics such as melody, stress, pace and pitch descriptions of physical articulation in the tongue, lips, jaw, palate and pharynx practice sentences, phoneme tables and worksheets for solo study. African Accents is accompanied by a website at www.routledge.com/cw/mcguire with an extensive online database of audio samples for each accent. The book and audio resources guide actors to develop their own authentic accents, rather than simply to mimic native speakers. This process allows the actor to personalize an accent, and to integrate it into the creation of character rather than to play the accent on top of character.

Master the American Accent Judy Ravin,Barb Niemann,Sherlyn Houk,2009-03 A comprehensive accent reduction guide for self-study, including a book, an interactive CD-ROM, and 4 audio CDs. With a hard plastic media case.

Mastering the American Accent with Online Audio Lisa Mojsin,2016-09-15 Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up pull and pool. Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product.

Foreign Accent Management Mythri S. Menon,2006-11

Intonation, Accent and Rhythm Dafydd Gibbon,Helmut Richter,2011-11-02

Speak With a New York Accent Ivan Borodin,2012-06-01 Finally, the go-to handbook for pulling off a convincing New York Accent. Hollywood dialect coach Ivan Borodin invites you to benefit from twenty years of preparing actors for stage and screen. The New York born instructor outlines the major aspects of this famously aggressive accent, including: *Monotone delivery *Increased nasality *Favoring the upper lip *'Yuge' changes *Unraveling contractions After going through this program, you'll have the audience convinced you're a New Yorker mid-way through your first sentence. This course is innovatively supported by free-to-access YouTube videos. Study this book while a veteran dialect coach spoon feeds you the subtleties of the accent. Interested in mastering a New York accent? Then this course will take you there in a very different way. Benefit from the best of two decades of experience. Awaken the New Yorker in you with this straightforward publication from a dialectician with a profound love of accents. 'Speak with a New York Accent' takes the exotic art of performing with dialects and delivers easy-to-follow lessons. Break all barriers to learning the New York accent with this book, and at your next audition the casting directors will be scraping their jaws off the floor. This program is also extremely helpful for comedians and voice-over artists. Ivan Borodin has taught dialects and accent reduction since 1993 at Los Angeles City College and Los Angeles Valley College Community Services, and several other schools. He has worked as a dialect coach on several films, including 'The Truth about Angels'.

Accent Variation. Received Versus General American Pronunciation Funda Sengül,2015-11-05 Seminar paper from the year 2015 in the subject English Language and Literature Studies - Linguistics, , course: Phonetics and Phonology, language: English, abstract: This term paper aims to carve out the differences and similarities between the pronunciation of Received Pronunciation and General American by surveying Svartvik and Leech's quote: „...if we study the main standardized varieties of American English (AmE) and British English (BrE), we come to the conclusion that in pronunciation

they are clearly different, but generally mutually intelligible“. (Svartvik & Leech, 2006:157). A close analysis will reveal to which extent one can agree with their statement. Firstly, general information about the two accents will be presented. Secondly, a comparison of RP and GA with regard to rhoticity, consonants, vowels, word stress and intonation examines phonological similarities and differences of both accents. A final conclusion sums up the findings with reference to the quote.

Review of "English with an Accent: Language, Ideology, and Discrimination in the United States" by Lippi-Green Laura Götz,2017-06-19 Literature Review from the year 2016 in the subject American Studies - Linguistics, grade: 1,3, University of Potsdam, course: English in the U.S., language: English, abstract: This research paper is a review of Lippi-Green's book on American Accents. It simultaneously covers geographical accents as well as social and cultral accents within the United States. It finishes with a theoretical position and points of critique by the author.

How To Do Accents Edda Sharpe,Jan Haydn Rowles,2014-09-01 This unique book offers a complete course in how to do any accent and also gives you the tools to navigate your way through a specific accent. Using solid technical know-how, clear practical steps, real-life examples, and the occasional dose of humour, the Haydn/Sharpe System brings to the surface the underlying structure of accents. The authors share the processes that they, as specialist dialect coaches, have developed, to give you the insight, tools and confidence to work with accents. This second edition includes examples and exercises for six new accents. Includes a free online code to access detailed exercises and sample sentences – giving you the sounds you need to get your accent skills going! Also includes ready-to-use resource recordings of the following accents: Norfolk (NEW), Yorkshire (NEW), Standard Canadian (NEW), Standard Australian (NEW), Standard American, Northern Irish (Belfast), Southern Irish (Cork), Scottish (Glasgow), Newcastle, Manchester, Liverpool, South Wales (Swansea), West Midlands (Walsall), Cockney, Neutral Standard English, Contemporary 'Street' London (NEW), Cornish.

Accentz lap Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Accentz lap free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Accentz lap free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to

filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Accentz lap free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Accentz lap. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Accentz lap any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Accentz lap Books

1. Where can I buy Accentz lap books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Accentz lap book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Accentz lap books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Accentz lap audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
