The Cultural Industries of India Rohit K. Dasgupta, Clelia Clini, 2024-05-14 The Cultural Industries of India is the first book length study dedicated to the Indian cultural and creative industries. By covering specific aspects of the cultural and creative sectors in India- from film festivals to music and performing arts, from cinema to tourism, including a policy review on innovation in the creative industries - the various chapters offer a comprehensive overview of the relationship between the cultural and creative industries and the wider economic, social, cultural and political processes taking place within India and its diaspora. The study of cultural and creative industries in India is important not only for their potential for economic growth and its knock-on effect on social and cultural development, but also because their analysis reveal the ways in which cultural production shapes politics and identities, income generation and urban renewal. This volume focuses on questions of structural inequalities within the sector at the local level, and to account for asymmetries in economic power and the possibility to circulate and access symbolic content within and beyond the boundaries of the Indian nation. This book will be an essential read for scholars and researchers of creative and cultural studies, economics, history, development studies and media studies in India. The chapters in this book were originally published as a special issue of Cultural Trends.

King of Bollywood Anupama Chopra, 2007-10-02 Here is the astonishing true story of Bollywood, a sweeping portrait about a country finding its identity, a movie industry that changed the face of India, and one man's struggle to become a star. Shah Rukh Khan's larger than life tale takes us through the colorful and idiosyncratic Bollywood movie industry, where fantastic dreams and outrageous obsessions share the spotlight with extortion, murder, and corruption. Shah Rukh Khan broke into this \$1.5 billion business despite the fact that it has always been controlled by a handful of legendary film families and sometimes funded by black market money. As a Muslim in a Hindu majority nation, exulting in classic Indian cultural values, Shah Rukh Khan has come to embody the aspirations and contradictions of a complicated culture tumbling headlong into American style capitalism. His story is the mirror to view the greater Indian story and the underbelly of the culture of Bollywood. A bounty for cinema lovers everywhere. --Mira Nair, Director, *The Namesake* and *Monsoon Wedding* *King of Bollywood* is the all-singing, all-dancing back stage pass to Bollywood. Anupama Chopra chronicles the political and cultural story of India with finesse and insight, through fly-on-wall access to one of its biggest, most charming and charismatic stars. --Gurinder Chadha, director of *Bend it Like Beckham* *The Easy Rider Raging Bull* of the Bollywood industry and essential reading for any Shah Rukh Khan fan. --Emma Thompson, actress Anu Chopra infuses the pivotal moments of Shah Rukh Khan's life with an edge-of-your-seat tension worthy of the best Bollywood blockbusters. --Kirkus

Bollywood and its Other(s) V. Kishore, A. Sarwal, P. Patra, 2016-01-26 How do we define the globalized cinema and media cultures of Bollywood in an age when it has become part of the cultural diplomacy of an emerging superpower? *Bollywood and Its Other(s)* explores the aesthetic-philosophical questions of the other through, for example, discussions on Indian diaspora's

negotiations with national identity.

Bollywood's New Woman Megha Anwer, Anupama Arora, 2021-06-18 Bollywood's New Woman examines Bollywood's construction and presentation of the Indian Woman since the 1990s. The groundbreaking collection illuminates the contexts and contours of this contemporary figure that has been identified in sociological and historical discourses as the "New Woman." On the one hand, this figure is a variant of the fin de siècle phenomenon of the "New Woman" in the United Kingdom and the United States. In the Indian context, the New Woman is a distinct articulation resulting from the nation's tryst with neoliberal reform, consolidation of the middle class, and the ascendancy of aggressive Hindu Right politics.

Film and Place in an Intercultural Perspective Krzysztof Stachowiak, Hania Janta, Jani Kozina, Therese Sunngren-Granlund, 2023-09-26 The book offers an interdisciplinary overview of the film and place relationship from an intercultural perspective. It explores the complex domain of place and space in cinema and the film industry's role in establishing cultural connections and economic cooperation between India and Europe. With contributions from leading international scholars, various case studies scrutinise European and Indian contexts, exploring both the established and emerging locations. The book extends the dominantly Britain-oriented focus on India's cinema presence in Europe to European countries such as Italy, Switzerland, Poland, Slovenia, Finland, and Sweden, where the Indian film industry progressively expands its presence. The chapters of this book look at Indian film production in Europe as a cultural bridge between India and Europe, fostering mutual understanding of the culture and society of the two regions. This interdisciplinary book will be of interest to researchers in film studies, cultural anthropology, cultural geography, tourism, economics, sociology, and cultural studies. It will also be interest to practitioners working in local authorities,

destination management, tourism, and creative business, all of whom see the value of film production in attracting visitors, investment, and creating new networks with local economic actors. The book offers much-needed data and tools to translate their professional goals and potentials into effective regional strategies and activities.

Bollywood Ramesh Dawar, 2006 Brief description about 70 well known Bollywood stars with coloured pictures of their hit films

The Bollywood Reader Dudrah, Rajinder, Desai, Jigna, 2008-10-01 Provides a road map of the scholarship on modern Hindi cinema in India, with an emphasis on understanding the interplay between cinema and colonialism, nationalism, and globalization. This book attends to issues of capitalism, nationalism, orientalism, and modernity through understandings of race, gender and sexuality, religion, and politics.

100 Bollywood Films Rachel Dwyer, 2019-07-25 Bollywood film is the national cinema of India, describing movies made in Mumbai, distributed nationally across India and with their own production, distribution and exhibition networks worldwide. This informative screen guide reflects the work of key directors, major stars and important music directors and screenplay writers. Historically important films have been included along with certain cult movies and top box office successes. No guide to Hindi film would be complete without discussing: *Mother India*, the national epic of a peasant woman's struggle against nature and society to bring up her family; *Sholay*, a 'curry western' where the all-star cast sing and dance, romance and kill; *Dilwale Dulhania le jayenge*, the greatest of the diaspora films, in which two British Asians fall in love on a holiday in Europe before going to India where they show their elders how to incorporate love into family traditions; *Junglee*, showing how love transforms a 'savage' (junglee) who yells 'Yahoo!' before singing and dancing like Elvis, creating a new youth

culture; Pyaasa, dramatically shot in black and white film with haunting songs as the romantic poet suffers for his art in the material world; Fans of Bollywood film can debate Rachel Dwyer's personal selection of these 101 titles while those new to the area will find this an invaluable introduction to the best of the genre.

Twenty-First Century Bollywood Ajay Gehlawat, 2015-05-08 Key changes have emerged in Bollywood in the new millennium. *Twenty-First Century Bollywood* traces the emerging shifts in both the content and form of Bollywood cinema and examines these new tendencies in relation to the changing dynamics of Indian culture. The book historically situates these emerging trends in relation to previous norms, and develops new, innovative paradigms for conceptualizing Bollywood in the twenty-first century. The particular shifts in contemporary Bollywood cinema that the book examines include the changing nature of the song and dance sequence, the evolving representations of male and female sexuality, and the increasing presence of whiteness as a dominant trope in Bollywood cinema. It also focuses on the increasing presence of Bollywood in higher education courses in the West, as well as how Bollywood's growing presence in such academic contexts illuminates the changing ways in which this cinema is consumed by Western audiences. Shifting the focus back on the cinematic elements of contemporary films themselves, the book analyses Bollywood films by considering the film dynamics on their own terms, and related to their narrative and aesthetic usage, rather than through an analysis of large-scale industrial practices. It will be of interest to students and scholars of South Asian Studies, Film Studies, and Cultural Studies.

Reading 'Bollywood' S. Banaji, 2006-05-23 This book explores representations of gender, sexuality and ethnicity in Hindi films, in the socio-political context and in terms of how young audiences in India and the UK construct them. In-depth interviews, observations and photographs provide insights into

spectatorship and comparison with theories about Hindi film and popular culture.

Lord Cornwallis Is Dead Nico Slate,2019-02-11 Do democracies bring about greater equality among their citizens? India embraced universal suffrage in 1947 and yet its citizens are far from realizing equality. The U.S. struggles with intolerance and inequality well into the twenty-first century. Nico Slate offers a new look at the struggle for freedom that linked two former British colonies.

The Next Billion Users Payal Arora,2019-02-25 A digital anthropologist examines the online lives of millions of people in China, India, Brazil, and across the Middle East—home to most of the world’s internet users—and discovers that what they are doing is not what we imagine. New-media pundits obsess over online privacy and security, cyberbullying, and revenge porn, but do these things really matter in most of the world? The Next Billion Users reveals that many assumptions about internet use in developing countries are wrong. After immersing herself in factory towns, slums, townships, and favelas, Payal Arora assesses real patterns of internet usage in India, China, South Africa, Brazil, and the Middle East. She finds Himalayan teens growing closer by sharing a single computer with common passwords and profiles. In China’s gaming factories, the line between work

and leisure disappears. In Riyadh, a group of young women organizes a YouTube fashion show. Why do citizens of states with strict surveillance policies appear to care so little about their digital privacy? Why do Brazilians eschew geo-tagging on social media? What drives young Indians to friend “foreign” strangers on Facebook and give “missed calls” to people? The Next Billion Users answers these questions and many more. Through extensive fieldwork, Arora demonstrates that the global poor are far from virtuous utilitarians who mainly go online to study, find jobs, and obtain health information. She reveals habits of use bound to intrigue everyone from casual internet users to developers of global digital platforms to organizations seeking to reach the next billion internet users.

Conjugations Sangita Gopal, 2012-01-26 Bollywood movies have been long known for their colorful song-and-dance numbers and knack for combining drama, comedy, action-adventure, and music. But when India entered the global marketplace in the early 1990s, its film industry transformed radically. Production and distribution of films became regulated, advertising and marketing created a largely middle-class audience, and films began to fit into genres like science fiction and horror. In this bold study of what she names New Bollywood, Sangita Gopal contends that the key to understanding these changes is to analyze films’ evolving treatment of romantic relationships. Gopal argues that the form of the conjugal duo in movies reflects other social forces in India’s new consumerist and global society. She takes a daring look at recent Hindi films and movie trends—the decline of song-and-dance sequences, the upgraded status of the horror genre, and the rise of the multiplex and multi-plot—to demonstrate how these relationships exemplify different formulas of contemporary living. A provocative account of how cultural artifacts can embody globalization’s effects on intimate life, Conjugations will shake up the study of Hindi film.

Staging the UK Jen Harvie, 2005-11-29 This text examines some of the most important

performance in Britain from the mid-1980s into the new millennium. It considers contemporary British theatre in relation to national and supranational identities, critical concepts like globalisation and diaspora, and contemporary contexts such as the election of New Labour.

Bollywood Lalit Mohan Joshi, 2002 This work provides an introduction to the enormously successful world of Bollywood - the biggest film industry on the planet. It includes a selection of writings by some of the most prominent voices in Indian film writing and criticism.

Written by Salim-Javed Diptakirti Chaudhuri, 2015-10-01 The dramatic, entertaining story of the dream team that pioneered the Bollywood blockbuster Salim Khan and Javed Akhtar reinvented the Bollywood formula with an extraordinary lineup of superhits, becoming game changers at a time when screenwriting was dismissed as a back-room job. From Zanjeer to Deewaar and Sholay to Shakti, their creative output changed the destinies of several actors and filmmakers and even made a cultural phenomenon of the Angry Young Man. Even after they decided to part ways, success continued to court them-a testament not only to their impeccable talent and professional ethos, but also their enterprising showmanship and business acumen. Fizzing with energy and brimming over with enough trivia to delight a cinephile's heart, Written by Salim-Javed tells the story of a dynamic partnership that transformed Hindi cinema forever.
