Miracles Now Gabrielle Bernstein,2014-04-08 A classic spiritual book with 108 life-changing tools for Less Stress, More Flow, and Finding Your True Purpose from #1 New York Times bestselling author of The Universe Has Your Back and Super Attractor, Gabrielle Bernstein. Let's be real for a sec. Most of us don't have time for an hour of yoga or 30 minutes of meditation every day for stress management. We're overwhelmed as it is. Our spiritual practice shouldn't add to that. That's why Gabby Bernstein, who has been featured on Oprah's Super Soul Sunday as a next-generation thought leader handpicked 108 simple techniques to combat our most common problems—stress, burnout, frustration, jealousy, resentment, and more. The stuff we have to deal with on a daily basis. This book is designed so that you can achieve peace and open your heart to experience miracles now. Inspired by some of the greatest spiritual teachings these practical, moment-to-moment tools will help you eliminate blocks and live with more ease, inspiration, and purpose. They're powerful, life-changing meditations and principles, modernized and broken down into easy-to-digest techniques to fit your lifestyle. Some example life-changing tools featured in Miracles Now are: · Happiness is a choice you make. · Clean up your side of the street. · To feel supported, support yourself. · Peace is in your pulse. · Why am I talking? · Peace begins with YOU. · The miracle comes quietly. · Positive-perception playlists are powerful. · When you're feeling helpless, help someone. Gabrielle says, "This book offers soulful methods for achieving peace drawn from some of the world's greatest spiritual teachings. What's unique about the techniques I've chosen is that you can use them to quickly clear your stress and fear any time—even if you only have a minute to spare." Throughout the book, Gabby shares spiritual principles from both A Course in Miracles and Kundalini yoga and meditation. These tools can help your mental health and help you find your true purpose and inner strength. When you practice these techniques, fear will melt away, inspiration will spring up, and a sense of peace will set in. "Gabrielle is the real thing. I respect her work immensely."— Dr. Wayne Dyer

Power Breathing Sang H. Kim,2008 Revitalize Your Energy with Power Breathing! Martial arts expert and Power Breathing for Life creator Sang H. Kim teaches you breathing exercises that you can do anywhere, in as little as sixty seconds, to relieve stress, increase your fitness level and feel better instantly. New to breathing exercises? Start with Gentle Breathing, a simple way to reconnect with your body and begin your journey toward renewed energy. When you're ready, the core Power Breathing exercises of Steady, Staccato and Explosive breathing combine to create a total body energizing workout that will leave you feeling refreshed and revitalized. Finally, give attention to problem areas with Healing Breathing ten exercises to release tension and promote flexibility through controlled breathing. Beyond the exercises and workouts, this book also explains how and why Power Breathing works and how you can get the most out of your breathing practice. It includes variations to make the exercises less strenuous or more challenging depending on your fitness level and walks you step by step through each breathing method using photos, illustrations and easy to understand instructions. Learn the keys to a successful Power Breathing workout, including the unique concept of condensing that is the secret to building inner power and harnessing your body's core energy. Power Breathing is an excellent way of improving lung capacity, strengthening the core muscles of the torso, increasing stamina, reducing stress and channeling inner energy. Its principles can be applied to martial arts training, yoga, tai chi and many aerobic sports.

Your Inner Strength Ursula Yvonne Sandner, 2017-03-31 I wrote this book to share my life lessons, experiences, thoughts and I've extracted the essentials of my theoretical and practical knowledge, plus the knowledge of others much wiser than me, who are now long gone, but who served as a great source of inspiration. Over the years, I have worked with hundreds of people and by talking to each and every one of them during my life coaching and psychotherapy sessions, I was able to identify their most frequent burning issues. By asking insightful questions, I managed to help them look honestly within themselves and find the right answers, I guided and supported them along their journey. Just as my clients told me that they've learned a lot from me, so too I learned a lot from them. The teachings of this book are not based solely on my personal experience, but the life experiences of hundreds of people with whom I individually worked. The purpose of this book is to help you become aware of and access your inner power and also to teach you how to use it wisely. To look at your issues/questions from various angles and, maybe just for a moment, from a perspective that will allow you to discover alternative, more simple answers to all. That is actually part of my mission: to help people become aware of their inner power so that they can start using it for their greatest state of mind. Often we forget how wonderful we are and how many resources we have within us. We get carried by life, and we live under the impression that things simply happen, without us having any implication. We feel helpless and powerless - we can't access the power to create and transform our life so that it's perfectly in tune with our dreams and goals, the power to overcome obstacles and suffering, the power to take charge of our destiny. I'm here to tell you that your destiny is in your hands. It depends entirely on your thoughts and feelings. Life doesn't just happen, life follows us. Whether we realize it or not, all the experiences that we go through are the result of how we think or feel. The life that we live is our a personal creation. Precisely for this reason, one of the foundations of my philosophy is that each and every one of us is responsible for his own experiences. Our life is a perfect reflection of our inner selves. If we are balanced and serene on the inside, the exterior simply cannot be dark and gloomy. The way we are on the inside depends on our thoughts, feelings, and attitudes. If we do not take control over our mind and emotions, they will eventually control us and our state of mind will become an automatic process, instead of a deliberately assumed act. By being unaware of the impact we have on our lives, we let luck or misfortune control ourselves, thus becoming unable to change anything. My philosophy and also the lifestyle that I promote rely on the following beliefs: Each and every one of us is 100% responsible for his life. The way we think directly influences our health and our physical, mental and emotional wellbeing. Our thoughts determine our emotions and, if we're not emotionally well, all we have to do is replace our thoughts with more positive or neutral ones, by becoming aware of our inner dialogue. Our exterior reflects the interior - this is the reason why changing our thoughts will transform our life. All of us attract in our lives precisely what we are.

Subconscious Power Kimberly Friedmutter,2020-09-01 Activate the raw power of your subconscious to create the life you've always wanted, using six essential lessons from one of the world's most renowned hypnotherapists in this "nourishing and healing book" (Michael Bernard Beckwith, author of Spiritual Liberation). Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it's your inner child, your authentic self. It is the honest compass that will lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we're taught to stop daydreaming and to follow society's rules, which makes us disconnect from our subconscious, often with tragic results. In Subconscious Power, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights. Featuring inspiring success stories and the practical tools you need to make meaningful change, Subconscious Power gives "you a pathway to achieve your goals and dreams in an effective and easily understandable manner. This book will improve your life in ways you never thought of" (David Zelon, producer of Soul Surfer).

The Inner Power of Stillness Alexander Filmer-Lorch,Margaret Anne Gill,Caroline Barrow,2016-08-01 The Inner Power of Stillness is not just another book about therapeutic presence, mindfulness and meditation. It explores and highlights the next evolutionary step, leading us beyond the already well-researched teachings of these topics, by looking at the multidimensional scale of stillness from an entirely different point of view. The focal point is the inner development by therapists, practitioners and teachers of the mainly dormant potential of stillness and the storage capacity of stillness-stimulus and imprints in our tissue/fascia, as well as their benefits, use and application in a treatment or teaching environment. The Inner Power of Stillness endeavours to illuminate the lost value of stillness for the therapist and practitioner both as a person and as a professional. The authors anchor the possibility of this inner evolution of the power of stillness to the latest research into tissue and cell memory. They introduce the concept of a potential new modality called 'stillness-memory', and build upon this new understanding a logical and practical framework in which science and philosophy truly inform each other. This opens up access to a much larger scale of new ideas and possibilities which, providing the transformative teachings they embody are put into practice, carry the potential for practitioners to be the best person and the best professional they can be, without compromising their own overall health and wellbeing. In-depth knowledge of how to arrive at this promising new modality, as well as how to apply it in everyday work and life, is at the heart of the book. It covers topics such as working from your inner power of stillness, the insightful self and, most importantly, the practitioner's toolkit. Some thought-provoking themes that might be of great value to therapists, teachers and practitioners who intend to dedicate some of their time to working for the greater good can be found at the end of the book, where consideration is given to a universal view of compassion and the solace that stillness can bring to people who are nearing the end of their life and final departure. The book concludes with a philosophical note acknowledging the timeless nature of ancient wisdom, and the ever more important relevance and role of the philosopher in our modern world today. The Inner Power of Stillness is a comprehensive guide for people working with people. It provides practical knowledge that will revolutionise the way practitioners help others: Working from a greater perspective, being aware of the whole as well as the parts, and responding to the cause and not only the effect. Working from an internal place of stillness. Innovative and practical exercises and techniques to dissolve friction/struggles in sustaining a state of authentic therapeutic presence, mindfulness and meditation. Simple exercises to help clients build long-term memory of stillness as a foundation for successful mindfulness and meditation practice. Includes Forewords from John Matthew Upledger, Lauren Walker and Charles Ridley
