Michael D'Oliveiro

Passive and Active Measurement Matthew Roughan, Chang Rocky, 2013-03-15 This book constitutes the refereed proceedings of the 14th International Conference on Passive and Active Measurement, PAM 2013, held in Hong Kong, China, in March 2013. The 24 revised full papers presented were carefully reviewed and selected from 74 submissions. The papers have been organized in the following topical sections: measurement design, experience and analysis; Internet wireless and mobility; performance measurement; protocol and application behavior; characterization of network usage; and network security and privacy. In addition, 9 poster abstracts have been included.

Access to Film and Video Works Brian Clark O'Connor, 1984

Subject Access to Films and Videos Sheila S. Intner, William Emmett Studwell, 1992

Resource Management in Mobile Computing Environments Constantinos X. Mavromoustakis, Evangelos Pallis, George Mastorakis, 2014-06-09 This book reports the latest advances on the design and development of mobile computing systems, describing their applications in the context of modeling, analysis and efficient resource management. It explores the challenges on mobile computing and resource management paradigms, including research efforts and approaches recently carried out in response to them to address future open-ended issues. The book includes 26 rigorously refereed chapters written by leading international researchers, providing the readers with technical and scientific information about various aspects of mobile computing, from basic concepts to advanced findings, reporting the state-of-the-art on resource management in such environments. It is mainly intended as a reference guide for researchers and practitioners involved in the design, development and applications of mobile computing systems, seeking solutions to related issues. It also represents a useful textbook for advanced undergraduate and graduate courses, addressing special topics such as: mobile and ad-hoc wireless networks; peer-to-peer systems for mobile computing; novel resource management techniques in cognitive radio networks; and power management in mobile computing systems.

Solusi Dahsyat Permasalahan BlackBerry Nyoto Kurniawan, Ridwan, 2013-07-01 BlackBerry tidak hanya menjadi tren semata, tetapi telah menjadi kebutuhan bagi masyarakat bisnis di Indonesia. Bahkan kalangan non-bisnis juga telah banyak yang terlihat menggunakan ponsel cerdas ini untuk aktivitasnya. Hal ini tidak lepas dari komunitas yang berhasil dibangun melalui BBM dan kemudahannya dalam pengiriman informasi, seperti Push e-mail, notifikasi aktivitas Facebook, Twitter, dan lain-lain. Meskipun tergolong ponsel cerdas, BlackBerry juga tak luput dari permasalahan, baik secara fisik maupun software. Jika rusak secara fisik, langkah yang aman memang menyerahkannya kepada teknisi yang ahli atau menyerahkannya kepada penjualnya jika masih bergaransi. Namun, jika rusak dari sisi software, Anda sebetulnya dapat menyelesaiannya sendiri. Di buku ini, terdapat koleksi permasalahan yang sering muncul di BlackBerry serta cara penyelesaiannya. Dengan langkah-langkah yang terurut dan disertai dengan gambar, semakin mempermudah Anda dalam mendapatkan solusi perbaikannya. Beberapa solusi yang dibahas antara lain memulihkan file terhapus dari BlackBerry, memulihkan BlackBerry yang selalu restart, menyalin daftar kontak dari ponsel lama, menangani BlackBerry yang hilang, mengatasi BlackBerry yang lambat, mengembalikan notifikasi Facebook dan BBM yang bermasalah, dan masih banyak lagi.

NETWORKING 2011 Jordi Domingo-Pascual,Pietro Manzoni,Sergio Palazzo,Ana Pont,Caterina Scoglio,2011-04-28 The two-volume set LNCS 6640 and 6641 constitutes the refereed proceedings of the 10th International IFIP TC 6 Networking Conference held in Valencia, Spain, in May 2011. The 64 revised full papers presented were carefully reviewed and selected from a total of 294 submissions. The papers feature innovative research in the areas of applications and services, next generation Internet, wireless and sensor networks, and network science. The first volume includes 36 papers and is organized in topical sections on anomaly detection, content management, DTN and sensor networks, energy efficiency, mobility modeling, network science, network topology configuration, next generation Internet, and path diversity.

A Project to Find the Fundamental Theory of Physics Stephen Wolfram,2020 The Wolfram Physics Project is a bold effort to find the fundamental theory of physics. It combines new ideas with the latest research in physics, mathematics and computation in the push to achieve this ultimate goal of science. Written with Stephen Wolfram's characteristic expository flair, this book provides a unique opportunity to learn about a historic initiative in science right as it is happening. A Project to Find the Fundamental Theory of Physics includes an accessible introduction to the project as well as core technical exposition and rich, never-before-seen visualizations.

Dating and Sex Andrew P. Smiler,2016-09-05 Bronze Medal Winner for Young Adult Nonfiction, 2016 Foreword INDIES Book Awards Silver award winner in the Eureka! Children's Nonfiction Awards 2017 National Indie Excellence Award Winner for Young Adult Nonfiction Best Typographic Cover and Best in Show in Washington Book Publisher's Design and Effectiveness Awards There's a good chance you've had the "sex talk" with your parents. Or not. Or learned about human reproduction in health class. Or maybe you've heard a lot about dating, sex, and relationships from friends, movies, and surfing online. So you are all set, right? Maybe.... But everything you think you know and everything you really want to know is inside this book. Written for teen boys, Dating and Sex provides them with the knowledge they need to understand dating, relationships, and sex. It goes beyond basic descriptions of biological processes with a progressive, practical approach that relies on secular ethics and emphasizes sexual health and personal responsibility. The book addresses common questions like: What's a hook-up? How do I know if someone likes me? Can I masturbate too much? How do I know if I am ready for sex? How do I know what my sexual orientation is? Why is it important to get and give consent? □How can I make a relationship last for more than a couple days? The perfect book for helping teen boys understand both themselves and the complexity of the sexual world around them.

Oh, the Places You'll Go! Dr. Seuss,2013-09-24 Dr. Seuss's wonderfully wise Oh, the Places You'll Go! is the perfect gift to celebrate all of our special milestones—from graduations to birthdays and beyond! From soaring to high heights and seeing great sights to being left in a Lurch on a prickle-ly perch, Dr. Seuss addresses life's ups and downs with his trademark humorous verse and whimsical illustrations. The inspiring and timeless message encourages readers to find the success that lies within, no matter what challenges they face. A perennial favorite and a perfect gift for anyone starting a new phase in their life!

UX for Beginners Joel Marsh,2015-12-21 Apps! Websites! Rubber Ducks! Naked Ninjas! This book has everything. If you want to get started in user

experience design (UX), you've come to the right place: 100 self-contained lessons that cover the whole spectrum of fundamentals. Forget dry, technical material. This book—based on the wildly popular UX Crash Course from Joel Marsh's blog The Hipper Element—is laced with the author's snarky brand of humor, and teaches UX in a simple, practical way. Becoming a professional doesn't have to be boring. Follow the real-life UX process from start-to-finish and apply the skills as you learn, or refresh your memory before the next meeting. UX for Beginners is perfect for non-designers who want to become designers, managers who teach UX, and programmers, salespeople, or marketers who want to learn more. Start from scratch: the fundamentals of UX Research the weird and wonderful things users do The process and science of making anything user-friendly Use size, color, and layout to help and influence users Plan and create wireframes Make your designs feel engaging and persuasive Measure how your design works in the real world Find out what a UX designer does all day

Digital Technologies for Democratic Governance in Latin America Anita Breuer, Yanina Welp, 2014-01-10 This book is the first to comprehensively analyse the political and societal impacts of new Information and Communication Technologies (ICT) in a region of the Global South. It evaluates under what conditions some Latin American governments and people have succeeded in taking up the opportunities related to the spread of ICTs, while others are confronted with the pessimist scenario of increased, digitally induced social and democratic cleavages. Specifically, the book examines if and how far the spread and use of new ICT affected central aims of democratic governance such as reducing socio-economic and gender inequality; strengthening citizen participation in political decision making; increasing the transparency of legislative processes; improving administrative processes; providing free access to government data and information; and expanding independent spaces of citizen communication. The country case and cross-country explore a range of bottom-up driven initiatives to reinforce democracy in the region. The book offers researchers and students an interdisciplinary approach to these issues by linking it to established theories of media and politics, political communication, political participation, and governance. Giving voice to researchers native to the region and with direct experience of the region, it uniquely brings together contributions from political scientists, researchers in communication studies and area studies specialists who have a solid record in political activism and international development co-operation.

Tier II and III Cities in India ,
Startups and Beyond: Building Enduring Organizations Ajay Batra, 2017-12-13 Discover a powerful 5-stage approach of launching great Startups, and for building successful and lasting organizations. Context: In a volatile and hyper-competitive world, Startups, as well as existing enterprises, are continually challenged to remain relevant. They face questions such as: How to achieve profitable growth? What are the means to truly empathize with customers? What are the best ways to develop entrepreneurial leaders? How to compete on innovation? Whether you are an entrepreneur or a corporate executive, Startups and Beyond provides practical answers to these challenges and more. Who is the book for? Entrepreneurs will discover a structured roadmap for launching successful Startups and for building market traction. Founders and executives at bootstrapped, or venture-backed enterprises, will

find insights to achieve profitable growth through flawless execution. Executives at large corporations will unearth practices to create a culture of continuous innovation. The book's unique offering: At the heart of the book is the Maturity Model for Building Enduring Organizations© - a framework that offers a 5-level roadmap towards building successful and resilient organizations. A global first, this framework has been curated with best practices from Entrepreneurship, Design thinking, Execution and Human Capital Management from over 100 organizations worldwide. How does the book work for you? Through this framework, discover how few startups like AirBnB and Ola scale and become dominating forces, while others languish or fade into oblivion. Also, observe how some large enterprises, like Google and General Electric, continue to innovate and grow, while others, like Nokia and Eastman Kodak, stagnate or falter in challenging times. Leverage the book's well-curated practices to create high-performance, innovative and admired organizations that endure.

The Streaming Media Guide Michael D'Oliveiro, 2019-06-03 Streaming media has irreversibly revolutionised the ways in which media is transmitted and consumed. Most of us engage with streaming media on a daily basis via platforms that deliver our entertainment: Spotify, YouTube and Netflix are new brands which many of us engage with daily for our information and entertainment. It has created upheaval in the entire value chain and wiped out industries slow to adapt to it (like the video store rental chain). And it continues to evolve. Streaming media is transforming business communications in myriad ways, and it is becoming almost as crucial for project managers and marketers to understand streaming technology as it is for media professionals. The Streaming Media Guide demystifies the technology and features behind a successful streaming media service, especially in the context of how it is used by broadcasters and other media organisations. Common terms and systems being used in this space are presented and defined simply and clearly for non-technical readers. Best practice examples from Michael D'Oliveiro's experiences demonstrate how this technology can be successfully implemented. This book equips any media professional with the most basic of traditional media knowledge to enable confident conversations in the typical media organisation they work in. For technology-based graduates or dedicated broadcast professional seeking to refresh their understanding, this book provides enough information to form a solid foundation for day-to-day work. Finally, for leaders in cross-functional senior management matrices, information is provided to enable you to understand and exploit streaming media capabilities as a business. This will be the ultimate reference source, guaranteed to be bedside reading for anyone serious about using streaming media.

Certain Maxims of Hafiz Rudyard Kipling, Hāfiż, 1898

Tales from Earthsea Ursula K. Le Guin, 2012 Explores further the magical world of Earthsea through five tales of events which occur before or after the time of the original novels, as well as an essay on the people, languages, history, and magic of the place.

JavaScript: The Good Parts Douglas Crockford, 2008-05-08 Most programming languages contain good and bad parts, but JavaScript has more than its share of the bad, having been developed and released in a hurry before it could be refined. This authoritative book scrapes away these bad features to reveal a subset of JavaScript that's more reliable, readable, and maintainable than

the language as a whole—a subset you can use to create truly extensible and efficient code. Considered the JavaScript expert by many people in the development community, author Douglas Crockford identifies the abundance of good ideas that make JavaScript an outstanding object-oriented programming language—ideas such as functions, loose typing, dynamic objects, and an expressive object literal notation. Unfortunately, these good ideas are mixed in with bad and downright awful ideas, like a programming model based on global variables. When Java applets failed, JavaScript became the language of the Web by default, making its popularity almost completely independent of its qualities as a programming language. In *JavaScript: The Good Parts*, Crockford finally digs through the steaming pile of good intentions and blunders to give you a detailed look at all the genuinely elegant parts of JavaScript, including: Syntax Objects Functions Inheritance Arrays Regular expressions Methods Style Beautiful features The real beauty? As you move ahead with the subset of JavaScript that this book presents, you'll also sidestep the need to unlearn all the bad parts. Of course, if you want to find out more about the bad parts and how to use them badly, simply consult any other JavaScript book. With *JavaScript: The Good Parts*, you'll discover a beautiful, elegant, lightweight and highly expressive language that lets you create effective code, whether you're managing object libraries or just trying to get Ajax to run fast. If you develop sites or applications for the Web, this book is an absolute must.

Overcoming School Refusal Joanne Garfi, 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high achievers
- how to help children on the autism spectrum with school refusal

Boards That Lead Ram, Dennis, 2013-11-19 Is your firm's board creating value—or destroying it? Change is coming. Leadership at the top is being redefined as boards take a more active role in decisions that once belonged solely to the CEO. But for all the advantages of increased board engagement, it can create debilitating questions of authority and dangerous meddling in day-to-day operations. Directors need a new road map—for when to lead, when to partner, and when to stay out of the way. Boardroom veterans Ram Charan, Dennis Carey, and Michael Useem advocate this new governance model—a sharp departure from what has been demanded by governance activists, raters, and regulators—and reveal the emerging practices that are defining shared leadership of directors and executives. Based on personal interviews and the authors' broad and deep experience working with executives and directors from

dozens of the world's largest firms, including Apple, Boeing, Ford, Infosys, and Lenovo, Boards That Lead tells the inside story behind the successes and pitfalls of this new leadership model and explains how to:

- Define the central idea of the company
- Ensure that the right CEO is in place and potential successors are identified
- Recruit directors who add value
- Root out board dysfunction
- Select a board leader who deftly bridges the divide between management and the board
- Set a high bar on ethics and risk

With a total of eighteen checklists that will transform board directors from monitors to leaders, Charan, Carey, and Useem provide a smart and practical guide for businesspeople everywhere—whether they occupy the boardroom or the C-suite.

Faith and Spirituality in Masters of World Cinema Kenneth R. Morefield, 2011-07-13

Faith and Spirituality in Masters of World Cinema, Volume II continues the work presented in the first volume of this title, published by Cambridge Scholars Publishing in 2008. It provides informed yet accessible articles that will give readers an introduction to masters of world cinema whose works explore the themes of human spirituality and religious faith. Volume II contains essays dealing with canonical directors notably absent from the first entry of the series (such as Godard and Kurosawa) while also including examinations of contemporary auteurs who are still actively working (for example, Andersson, and von Trier). While retaining a truly international emphasis—it includes essays about directors from the United States, Canada, Iran, Sweden, India, Denmark, Italy, Mexico, Australia, and Japan—Volume II also acts as an important contribution to canon formation, illustrating the complexity and variety in the films of those who are truly the masters of world cinema. Built solidly around close, formal readings of selective films, the essays in Volume II also demonstrate familiarity with film history and bring insight from such varied disciplines as New Testament Studies, Clinical Psychology, Art History, and Medieval History. It also seeks to broaden the understanding of 'faith' and 'spirituality,' examining how the meaning of such terms changes as the cultures that produce the art that defines them continues to evolve.

Unveiling the Magic of Words: A Overview of "**Access Vuclip Video**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Access Vuclip Video**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
