Making Local News Phyllis Kaniss, 1997-12-08 Why do crimes and accidents earn more news coverage than development and policy issues affecting thousands of people? Filled with revealing interviews with both journalists and city officials, *Making Local News* is the first comprehensive look at how the economic motives of media owners, professional motives of journalists, and the strategies of media-wise politicians shape the news we see and hear, thereby influencing urban policy. *Making Local News* by Phyllis Kaniss . . . is significant. . . . If we can continue to get smarter about that which journalism leaves out or distorts in its coverage of politics, we may eventually get smarter about politics itself.—Mitchell Stephens, *The Philadelphia Inquirer* View A convincing analysis of the factors and forces which color how and why local issues do, or do not, become newsworthy.—Michael H. Ebner, *Journal of Interdisciplinary History* This work serves as a reminder of the importance of a medium that is often overlooked until economic realities threaten its very existence.—Choice Kaniss is truly a pioneer in the study of local news.—Susan Herbst, *Contemporary Sociology*

Regulation of Community Antenna Television United States. Congress. House. Committee on Interstate and Foreign Commerce, 1966 Committee Serial No. 89-34. Considers H.R. 13286, to amend Communications Act of 1934 to authorize FCC regulation of cable television and radio systems, and H.R. 12914 and similar H.R. 14201, to prohibit FCC regulation of cable television and radio systems.

Without Lip Service Leslie W. Sandor, 2005 *Without Lip Service* is not about pleasing you for the sake of self-satisfaction. It's about life and people written in naked-truth form. During reading, be prepared to go through dramatically different moods swaying from high exhilaration to passionate fury. Which one it will be depends on where you are in life as well as on your point of views on any given issue raised by the author. Examples: The world is not America's Lawyers by trade are professional liars A definition of politics: Corruption We live in a world of trickery Prerequisites to successful life... A list of ill-fated concepts... Experience and knowledge have been awarded with 'early retirement' Of the media, They decide what's good for you Terrorism is a product of gross injustice... You would deny yourself a tremendous amount of knowledge and wisdom by not reading what is offered in this book. *Without Lip Service* will surely be not only your reference book but a guide as well throughout your entire life including your children's.

New York Magazine , 1989-10-09 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Punched, Kicked, Spat On, and Sometimes Thanked: Memoirs of a Cleveland TV News Reporter Paul Orlousky, 2020-11-18 A veteran Cleveland TV reporter shares backstories behind the news stories he covered over 50 years: historic events, horrific crimes, bizarre behavior, heartwarming deeds, and some hilarious, silly stuff. Orlo earned his reputation for aggressive reporting--getting threats, punches, and kicks from investigation subjects but thanks from viewers.

Punched, Kicked, Spat On, and Sometimes Thanked Paul Orlousky, 2020-11-09 "I was a TV news reporter for almost fifty years, most of them in Cleveland, specializing in investigative reports. During that time I saw a lot of things. Historic events. Horrific crimes. Bizarre behavior. Heartwarming deeds. And sometimes just hilarious, silly stuff . . ." That's Paul Orlousky. After five decades on Cleveland TV (nightly on channels 3, 5, and 19), this veteran newsman has a lot of stories to share: What went on behind the camera

. . . Racing to the scene in a tiny helicopter or crouching inside a sweltering news van on a stakeout . . . What he heard in a judge's chambers or a courtroom lobby after a tense trial . . . How the internal workings of a news operation shaped the reporting viewers saw onscreen . . . Threats from angry subjects of an investigation, like shady business owners, politicians, and sometimes even cops . . . Yes, over the years, Orlousky got a lot of threats—and more. He was yelled at, punched, kicked, spat on, menaced by dogs . . . But he was also thanked—many more times—by regular people all over Northeast Ohio for digging into stories that mattered to them. Now, Orlousky shares his favorite behind-the-camera tales in these short, candid, informative, and often funny stories. "My approach to life is simple," Orlousky writes. "You can look at it either as a tragedy or a comedy. I chose comedy, in part because that was a way to get through many of the tragic situations I reported on and that people I encountered were forced to deal with." If you've ever watched local TV news, you'll enjoy these backstories behind the news stories. You'll get a few chuckles, and might even wind up a better informed news consumer.

Crime and Local Television News Jeremy H. Lipschultz, Michael L. Hilt, 2014-04-04 This volume offers an analysis of crime coverage on local television, exploring the nature of local television news and the ongoing appeal of crime stories. Drawing on the perspectives of media studies, psychology, sociology, and criminology, authors Jeremy H. Lipschultz and Michael L. Hilt focus on live local television coverage of crime and examine its irresistibility to viewers and its impact on society's perceptions of itself. They place local television news in its theoretical and historical contexts, and consider it through the lens of legal, ethical, racial, aging, and technological concerns. In its comprehensive examination of how local television newsrooms around the country address coverage of crime, this compelling work discusses such controversial issues as the use of crime coverage to build ratings, and considers new models for reform of local TV newscasts. The volume includes national survey data from news managers and content analyses from late night newscasts in a range of markets, and integrates the theory and practice of local television news into the discussion. Lipschultz and Hilt also project the future of local television news and predict the impact of social and technological changes on news. As a provocative look at the factors and forces shaping local news and crime coverage, *Crime and Local Television News* makes an important contribution to the discussions taking place in broadcast journalism, mass communication, media and society, and theory and research courses. It will also interest all who consider the impact of local news content and coverage.

Mr. Tell Me Anything Sherra Robinson, 2015-01-01 Falling in love with the same man of her dreams over and over again was not a difficult task for Sharon Roberson. She had cherished Mr. Tell Me Anything so long that her fragile heart didn't even know how not to love him. After six years the couple settles into a troubled marriage. Despite the inherited challenges of parenting, and relating to their obvious differences, they continue on. With the constant chaos surrounding women, new acquaintances, family, and greed, their efforts would soon appear to be ultimately in vain. Combined with the newfound lies and deception she finds herself questioning his commitment. Her belief in true loves propels her to fight for what she had envisioned from the start. But despite her nurturing efforts, corruption and deceit took their stable places in his life. A breaking point is reached. She makes a life-altering decision. Does it work out for her good? Did all his lies finally catch up to him? Would he or she pay the ultimate price?

The High Profile Black Republican Candidacies of Lieutenant Governor Michael Steele, Secretary of State Kenneth Blackwell and Hall of Famer Lynn Swann James White, 2019-05-31 Specifically, the purpose of this study is to evaluate the impact of three statewide black Republican candidacies in 2006 in Maryland, Ohio, and Pennsylvania. During the 2006 midterm election cycle, the Republican Party recruited and gave strong support to three high-profile African American statewide candidates. Secretary of State Kenneth Blackwell and former Pittsburgh Steelers star and television sports broadcaster Lynn Swann campaigned for their state's governorship in Ohio and Pennsylvania, respectively. Lieutenant Governor Michael Steele vied for a vacated United States Senate seat in Maryland. After five decades of miserable levels of support from black voters and numerous initiatives to increase its share of the African American electorate, the GOP estimated that credible black Republican candidacies would substantially improve its image among African American voters and, thus, garner a larger share of the black vote. State Representative James White

Antiracist Journalism Andrea Wenzel, 2023-11-14 Across the United States, newsrooms are grappling with systemic racism in their organizations and the media industry. Many have implemented diversity, equity, and inclusion (DEI) initiatives or made other attempts to confront past and present biases in pursuit of greater equity. Are such efforts merely performative, or are any transforming norms and power structures? What would it take to hold newsrooms truly accountable? Andrea Wenzel provides a critical look at how local media organizations in the Philadelphia area are attempting to address structural racism. She focuses on two established, majority-white newsrooms, the Philadelphia Inquirer and the public radio station WHYY, and two start-ups where at least half the staff identify as Black, Indigenous, or people of color (BIPOC), Resolve Philly and Kensington Voice. Drawing on more than five years of field research, Wenzel charts how these outlets have pursued a range of interventions—such as tracking the diversity of sources, examining reporting and editing practices, and working with community members to gain input—to varying degrees of success. Wenzel argues that institutional and systemic transformation will be possible only through the establishment of structures that facilitate holding those with more power responsible for listening to and addressing the needs and concerns of those with less. Offering recommendations for building infrastructure that enables sustainable accountability, Antiracist Journalism is an important book for everyone interested in making local journalism more equitable.

Trump Michael Nelson, 2019-01-22 On the first anniversary of Donald Trump's presidency, Michael Nelson, one of our finest and most objective presidential scholars, published Trump's First Year, a nonpartisan assessment that was widely hailed as the best account of one of the most unusual years in presidential history. At the midpoint of Trump's term, Nelson has updated his book to include the second year, which if anything has proven to be even more remarkable. Beginning with an examination of the dramatic 2016 election, Nelson's book follows Trump as he takes office under mostly favorable conditions, with relative stability at home and abroad and his party in control of both houses of Congress. Trump leveraged this successfully in some ways, from the confirmation of his nominee Neil Gorsuch to the Supreme Court to the passage of his tax-reform bill. But many more actions were perceived as failures or even threats to a safe, functional democracy, including immigration policies defied by state and local governments, volatile dealings with North Korea, unsuccessful attempts to pass major legislation, and the inability to fill government positions or maintain consistent White House staff. As Nelson demonstrates in a substantial addition to the original book, Trump's effectiveness, or lack thereof, did not change significantly in his

second year in office, but his approach often did. With the Mueller investigation and the midterm elections looming, Trump threw off his advisors' restraints and acted more directly on his impulses, reverting to the instincts and rhetoric that had won him the election. While opposition to Trump remained strong in many quarters, resistance among GOP leaders crumbled as they were confronted with their constituents' support of the president. Published on the second anniversary of Trump's inauguration, Nelson's book offers the most complete and up-to-date assessment of this still-unfolding story. Praise for the first edition: Measured, scholarly, and always accessible, this is a cogent analysis of the first year of the Trump presidency.--the Independent Trump's First Year won't generate the bombshell headlines of more sensationalist and gossipy books, but it provides context and balance for its conclusions, ones that are consistently at odds with Trump's own assessment of his performance.--Kirkus Reviews Providing one of the earliest objective evaluations of President Donald J. Trump's administration, Nelson demonstrates why he remains a leading figure in the field of presidency studies.--Choice

Serenity in the Storm Kayleigh McEnany, 2023-05-02 A Wall Street Journal Bestseller As seen on Life, Liberty & Levin and Gutfeld! As heard on the Dan Bongino Show Kayleigh McEnany brings to life the key cultural and political issues of our time, from the fall of Afghanistan to the Supreme Court's abortion decision, analyzing world events through the lens of faith and providing readers with Serenity in the Storm. Our world, without question, is experiencing aberrational times. The ravages and life-altering realities of COVID-19 that I worked through as White House press secretary were just the start of it. What followed was a series of history-defining events. From the fall of Afghanistan to the nationwide crime wave, we've all endured painful images of death, destruction, and chaos. Meanwhile, radical teachings on gender and race have infiltrated our nation's schools, poisoning the minds of our children--all at a time when our country feels more divided than ever before. Along with these twenty-first century realities can come a feeling of despair and discouragement. Indeed, I hear it all the time as I crisscross the country: Americans feel disheartened and seek hope. Serenity in the Storm provides that hope. Despite the challenges we face, there is cause for great optimism for men and women of faith. In Afghanistan, the underground church is thriving. On the key issues of life and liberty, the Supreme Court of the United States has delivered enormous and consequential victories. In our schools, voters have spoken unmistakably against the insidious doctrines of critical race and gender theory. There is no doubt that God is at work as He hears the prayers of the faithful! Taking a similar format to my New York Times bestselling book, For Such a Time as This, I analyze our domestic and international challenges through the lens of faith. Though we have lived through dark times and unsettled waters, the storms we face have prompted many great leaders to rise to the moment and have left a yearning in the human heart for a Savior, Jesus Christ, who is walking alongside us every step of the way.

News is People Craig M. Allen, 2001-02-16 News Is People is the first in-depth account of local TV news that takes readers behind the scenes of more than 50 years of broadcasting. As local stations continue to invest resources in meeting their audiences' needs, local newscasts continue to expand and gain public approval, giving them an edge over network news. At the same time, viewers continue to lose confidence in network news. News Is People reveals the power of public opinion to shape mass media. Media students, professionals, and viewers will benefit from this account of the history behind the primary source of news for an estimated 150 million Americans.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Twilight's Last Gleaming Todd Starnes, 2024-03-19 "Todd Starnes is a fierce defender of freedom and a great patriot. He has seen, and understands, what

is happening to our country like few others—his book is absolutely terrific, a must read!” —President Trump President Biden ushered in a dark winter of malaise across our great nation. He snuffed out Lady Liberty’s bright beacon of hope and brought despair to the land. And now we stand at a time of great choosing. Do we choose the path that leads to freedom or the path that leads to tyranny? We face difficult days, but not hopeless days. Together, we can restore the Republic and reclaim our standing in the world. But first, we must remember our roots and return to the values that made our nation great. A deep and abiding desire for freedom and liberty, girded by faith in God, is the essence of who we are. Those are the precepts that must be reaffirmed if America is to be saved.

Managing Television News B. William Silcock, Don Heider, Mary T. Rogus, 2009-03-04 *Managing Television News* provides a practical introduction to the television news producer, one of the most significant and influential roles in a newscast. Recognizing the need for formal training in this key role, authors B. William Silcock, Don Heider, and Mary T. Rogus have combined their expertise and experience to shape this essential resource on the responsibilities, demands, and rewards of the news producer position. Their book provides a strategic approach to producing newscasts and serves as an in-depth guide to creating quality, audience-friendly newscasts working within the realistic limitations of most newsrooms. It helps the student and the professional producer sort through the various deadline-driven challenges of creating a 30-minute newscast. Filled with real-world examples and advice from news directors, producers, and anchors currently in the business, and photographs illustrating the varied perspectives in the position, *Managing Television News* provides critical skill sets to help resolve ethical dilemmas, as well as keen and fresh insights on how to win the ratings without compromising news quality. Career concerns are also addressed. This resource is a pioneering book for the professional television newsroom and the individual reader interested in starting or expanding a producing career. It is an excellent text for the college classroom, as its structure fits neatly into a semester schedule, and it is a must-have resource for both seasoned and novice producers, as well as students in broadcast news.
