Official Gazette of the United States Patent and Trademark Office ,2003

Cyberpl@y Brenda Danet, 2020-05-28 The Internet is changing the way we communicate. As a cross between letter-writing and conversation, email has altered traditional letter-writing conventions. Websites and chat rooms have made visual aspects of written communication of greater importance, arguably, than ever before. New communication codes continue to evolve with unprecedented speed. This book explores playfulness and artfulness in digital writing and communication and answers penetrating questions about this new medium. Under what conditions do old letter-writing norms continue to be important, even in email? Digital greetings are changing the way we celebrate special occasions and public holidays, but will they take the place of paper postcards and greeting cards? The author also looks at how new art forms, such as virtual theatre, ASCII art, and digital folk art on IRC, are flourishing, and how many people collect and display digital fonts on handsome Websites, or even design their own. Intended as a time capsule documenting developments online in the mid- to late 1990s, when the Internet became a mass

medium, this book treats the computer as an expressive instrument fostering new forms of creativity and popular culture.

Growing Girls Jeanne Marie Laskas, 2009-07-22 Award-winning author Jeanne Marie Laskas has charmed and delighted readers with her heartwarming and hilarious tales of life on Sweetwater Farm. Now she offers her most personal and most deeply felt memoir yet as she embarks on her greatest, most terrifying, most rewarding endeavor of all.... A good mother, writes Jeanne Marie Laskas in her latest report from Sweetwater Farm, would have bought a house in the suburbs with a cul-de-sac for her kids to ride bikes around instead of a ramshackle house in the middle of nowhere with a rooster. With the wryly observed self-doubt all mothers and mothers-to-be will instantly recognize, Laskas offers a poignant and laugh-out-loud-funny meditation on that greatest-and most impossible-of all life's journeys: motherhood. What is it, she muses, that's so exhausting about being a mom? You'd think raising two little girls would be a breeze compared to dealing with the barely controlled anarchy of "attack" roosters, feuding neighbors, and a scheme to turn sheep into lawn mowers on the fifty-acre farm she runs with her bemused husband Alex. But, as any mother knows, you'd be wrong. From struggling with the issues of race and identity as she raises two children adopted from China to taking her daughters to the mall for their first manicures, Jeanne Marie captures those magic moments that make motherhood the most important and rewarding job in the world—even if it's never been done right. For, as she concludes in one of her three a.m. worry sessions, feeling like a bad mother is the only way to know you're doing your job. Whether confronting Sasha's language delay, reflecting on Anna's devotion to a creepy backwards-running chicken, feeling outclassed by the fabulous homeroom moms, or describing the rich, secret language each family shares, these candid observations from the front lines of parenthood are filled with love and laughter—and radiant with the tough, tender, and timeless wisdom only raising kids can teach us.

Encyclopedia of New Year's Holidays Worldwide William D. Crump, 2014-04-25 Among the world's myriad cultures and their associated calendars, the idea of a "New Year" is relative and hardly specifies a universal celebration or even a universal point in time. Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods, music, dancing, noisemaking, fireworks and drinking. This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year, beyond its traditional Western associations with Christmas. National or regional entries detail the principal traditions and customs of 130 countries, while 27 entries discuss major calendar systems in current use or of significant historical interest. The remaining entries cover a wide variety of subjects including literary works, movies, and television specials; the customs of specific ethnic groups; universal customs such as toasting and drinking; football bowl games and parades; and the New Year celebrations at the White House and the Vatican.
