**Review of Some SMS Verification Services and Virtual Debit/Credit Cards Services for Online Accounts Verifications** Dr. Hedaya Alasooly, 2020-11-12 Today a lot of sites require SMS verification code for registration account. If you do not want to use your personal phone number to verify or activate account, use virtual phone number. Thus, there is no need for a SIM card in your mobile phone, only need access to the Internet. You can receive text messages via WEB interface or API. There are a lot of websites that offer temporary free, as well as private numbers from around the world to receive activation codes and SMS confirmations online. Their private numbers are intended for two types of SMS reception: disposable virtual numbers and numbers for rent. You can receive SMS online and use the numbers to sign up or verify for any services like Telegram, Facebook, Google, Gmail, WhatsApp, Viber, Line, WeChat, KakaoTalk etc. In the first part of the book I will mention the best websites that offer virtual phone numbers from around the world to receive activation codes and SMS confirmations online. . The VCC is a short form of Virtual Credit Card that can be used for online verification, PayPal, EBay, Amazon and Google Adwords account verification. The second part of the book will guide you to how to obtain virtual debit/credit cards for sake of online accounts verification. There are bulk numbers of banks and debit/credit cards issuers that offer virtual or physical debit/credit card. But I will not go through any of them as I covered them in a book I published previously. I will only concentrate on some quick methods to obtain debit/credit cards for sake of online account verification. I will briefly talk about generating virtual debit/credit cards namso gold CC BIN generator

for verification of some online services. Then I will talk about paypalvccs.com website that offers Virtual Visa Card for sake of online accounts verification. At the end I will mention how to get USA shipment address through Viabox.com website, and I will list some of the free VPN Services I commonly use

The book consists from the following parts: Some free websites that can be used to receive SMS online using numbers from some countries. Some paid (not free) websites that can be used to receive SMS online using numbers from some countries. Getting free phone number in US or Canada and Other Countries: Best websites that offer SMS verification, sending SMS and renting number services. Generating some virtual debit/credit cards through BIN Codes for verification of some online services. Paypalvccs.com website that offer Virtual Visa Card for sake of account verifications. Getting USA shipment address through Viabox.com. Some of the free VPN Services I commonly use.

*HTML, XHTML, and CSS All-in-One Desk Reference For Dummies* Andy Harris,Chris

McCulloh,2008-08-12 Want to build a killer Web site? Want to make it easy to keep your site up to date? You'll need to know how CSS, HTML, and XHTML work together. HTML, XHTML, and CSS All-In-One Desk Reference For Dummies makes that easy too! These eight minibooks get you started, explain standards, and help you connect all the dots to create sites with pizzazz. This handy, one-stop guide catches you up on XHTML basics and CSS fundamentals. You'll learn how to work with Positionable CSS to create floating elements, margins, and multi-column layouts, and you'll get up to speed on client-side programming with JavaScript. You'll also get the low-down on server side programming with PHP, creating a database with MySQL, and using Ajax on both client and server sides. You'll find out how to: Use templates and validators Manage information with lists and tables Turn lists of links into button bars Add style color and borders Create variables for data Add motion with basic DOM animation Work with arrays Add Flash functionality with AFLAX Build and manage a multipage site Choose and run your own server You don't need expensive or complicated software or a super-powerful computer to build a Web site that does all sorts of amazing things. All you need is a text editor and the clear, step-by-step guidance you'll find in HTML, XHTML, and CSS All-In-One Desk Reference For Dummies.

Risk-based E-business Testing Paul Gerrard,Neil Thompson,2002 This hands-on guide for business, project and test managers and test practitioners presents an effective approach for using risk to construct test strategies for e-business systems. Using an easily-learned risk-analysis technique, it teaches you how to use risk to select and prioritize test methods for e-business projects. This innovative resource shows you how to select test techniques to address business risks and integrate

them into a coherent test process. The book presents twenty-four test techniques that address failure modes found in web applications. Grouped into seven categories, they are organized to make test strategy development easy. Each chapter has a comprehensive list of references to papers, books and web resources. The book provides you with guidelines for post-deployment monitoring of availability, performance, security and site integrity. It includes an overview of eight most important tool types with guidelines for selection and implementation. What?

**Beginning DotNetNuke Skinning and Design** Andrew Hay,Shaun Walker,2011-04-06 DotNetNuke is an open source framework built on top of the ASP.Net platform. While this system offers an impressive set of out-of-the-box features for public and private sites, it also includes a compelling story for folks who want to present a unique look and feel to visitors. The skinning engine inside of DotNetNuke has strengthened over the course of several years and hundreds of thousands of registered users. The success of its skin and module developer community is another key indicator of the depth and breadth of this technology. The Core Team responsible for the DotNetNuke brand has gone to great lengths to enable a predictable and positive experience for both the visitors of the site and the developers who build them. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
