**Hook Point** Brendan Kane, 2020-09-29 Hook Point: How to Stand Out in a 3-Second World, by out of the box thinker Brendan Kane, breaks down the most effective strategies to generate new opportunities, innovate and scale your business, and create a compelling brand--both online and off--so you can thrive in the new micro-attention world in which we live. A lot of people know who they are, what they do, and a few even know why they do it--but even when brands or individuals have clarity in these areas, they often struggle to grab a potential audience's attention for long enough to get them to learn about their attributes. Others have amazing products or services that fail to achieve great success because they don't know how to talk about what they do effectively. This is because digital and social media have reshaped our world into one of micro-attention. There are over sixty billion messages shared on digital platforms each day, and the average person is exposed to between four thousand to ten thousand ads a day. This bombardment of stimuli has changed the way we communicate and market content both online and off. In fact, research shows that you have less than three seconds to capture a person's attention. With such a short window of time, we need to hook audiences quickly, efficiently, and consistently if we want to successfully fuel brand awareness and growth. Luckily, Brendan Kane, an out of the box thinker and strategist who's built platforms for celebrities like Taylor Swift and Rhianna, and worked with Fortune 500 companies like Paramount, Viacom, and MTV has mastered the art of standing out. In Hook Point: How to Stand Out in a 3-Second World he reveals the power of hook points--a communication tool that helps marketers package their messages in a succinct, attention-grabbing way that leads to better opportunities both online and off. Whether you're promoting a brand, product, or service this book is the essential guide for making it in our three-second world.

**Saint Leibowitz and the Wild Horse Woman** Walter Miller, 2000-01-11 Forty years after the classic *A Canticle for Leibowitz*, Walter Miller returns to a world struggling to transcend a terrifying legacy of darkness, as one man undertakes an odyssey of adventure and discovery that promises to alter the destiny of humankind . . . Isolated in Leibowitz Abbey, Brother Blacktooth St. George suffers a crisis of faith, torn between his vows and his Nomad upbringing, between the Holy Virgin and visions of the Wild Horse Woman of his people. At the brink of disgrace and expulsion from his order, the young monk is championed by a powerful cardinal who has plans for him. Blacktooth sets out on a journey across a landscape still scarred by the long-ago Flame Deluge, a land divided by nature, politics, and war. He will find horrors and wonders, sins of the flesh . . . and love. As he encounters and reencounters a beautiful but forbidden mutant named Ædrea, he begins to wonder: is a she-devil, the Holy Mother, or the Wild Horse Woman herself?

Throttled Special Edition Lauren Asher, 2020-01-09 What happens when my brother's rival becomes my secret crush? Noah Slade is a Formula 1 legend in the making. Focused. Unapproachable. Ruthless on and off the track. A man with walls higher than the Grand Canyon. And my brother's new teammate. I want more of the prince who disguises himself as the villain. But while I crave a happy ending, he wants to destroy his. Maya Alatorre is a forbidden temptation. An ambitious post-grad I should stay far away from. And chaos wrapped with a bow. We're a ticking time bomb, about one wrong move away from exploding. I want to trip the wire, detonating together in passion and pain. Because in the end, all's fair in lust and war. *Throttled* is a steamy standalone romance in the Dirty Air world.

Athens Riviera Assouline, Stephanie Artarit, 2020-05-28 Overlooking the Aegean Sea, a charming string of coastal neighborhoods form the Athens Riviera, a serene escape from the constant activity in

the city's center. A selection of high-end hotels lines the pristine stretch of beaches down to the southernmost point of the Attica Peninsula. The revamped Four Seasons Astir Palace, with a history of housing foreign dignitaries and film stars of the 1960s, is the most luxurious hotel in Athens, perhaps even in all of Greece. The night club, Island, is bringing back the glamour and excitement of the twentieth century bouzouki clubs reminiscent of names such as Melina Mercouri and Stavros Niarchos. Athens is experiencing a revival--in art, night life and design. For a metropolis constantly associated with the past, the modern strides in development and culture are sometimes overlooked in favor of the ruins and artifacts from antiquity. When in fact, the juxtaposition only enhances the beauty of both. Athens Riviera puts the old-world beside the new-world and a deeper understanding of this ancient capital emerges. With one foot in the past and one foot in the future; access to both the electricity of city life and the tranquility of a beach side resort, Athens cannot be defined in simple terms. One just has to experience it for themselves.

**Stalking, Threatening, and Attacking Public Figures** J. Reid Meloy, Lorraine Sheridan, Jens Hoffmann, 2008-06-12 Public figures require attention, whether from a constituency who votes them in or out of office, shareholders who decide their economic benefit to the corporation, or fans who judge their performances. However, on the periphery of this normal attention resides a very real risk; that of a much smaller group of individuals who lack the ability to discriminate between their own private fantasies and the figure's public behavior. They may be personally insulted by perceived betrayal, fanatically in love due to a perceived affectionate or sexual invitation, or simply preoccupied with the daily life of the public figure. Such individuals may fixate and do nothing more. Others communicate or approach in a disturbing way. A few will threaten. And on rare occasions, one will breach the public figure's security perimeter and attack. Stalking, Threatening, and Attacking Public Figures is a

comprehensive survey of the current knowledge about stalking, violence risk, and threat management towards public figures. With contributions from forensic psychologists and psychiatrists, clinicians, researchers, attorneys, profilers, and current and former law enforcement professionals, this book is the first of its kind, international in scope, and rich in both depth and complexity. The book is divided into three sections which, in turn, focus upon defining, explaining, and risk managing this increasingly complex global reality. Chapters include detailed case studies, analyses of quantitative data, reflections from attachment theory and psychoanalytic thought, descriptions of law enforcement and protective organization activities, mental health and psychiatric categorizations and understandings, consideration of risk assessment models and variables, victim perspectives, and others.

However, he makes his appearance as a pawn in a game of conquest. Taban, the Sa Hatas high master, stood at the large window gazing at the nearby Patwa volcano. His plain indigo robe cast a shadow that stretched to the feet of his Tepesian host. He considered Dr. Ismon's question and a thousand possible replies. The future of the young man is uncertain, Taban hedged, shifting his gaze to the Sesovan desert. Sa Hatas boast of being able to discern the future. Could it be you are a fake? Do you think I would hesitate to destroy the woman you have come here to save? Taban spun around, enraged. I did not come here; you came to our sacred mountain hoping to blackmail the people of Havla. You have no right to hold her against her will! You have no right to threaten her this way!

**Natural Resources in Latin America and the Caribbean** Emily Sinnott,John Nash,Augusto de la Torre,2010-01-01 The question of how to treat commodity production and how to manage recurrent cycles of booms and busts has always been a challenge for policymakers in commodity-dependent countries, including many in the LAC region. These challenges have led to allegations of a commodity curse" that retards development in these countries, but as of yet, there is no consensus as to whether such a curse exists, and if so, how can negative effects be minimized. This book contributes to this debate. Much of the report is focused on an examination of specific channels through which

commodity dependence may affect the economic and institutional development of countries. This includes broadly 4 sets of concerns: one set dealing with the direct economic effects of commodity dependence and the implications for long-term growth; one dealing with the interactions between commodity production and the rents it generates on the one hand, and a country's institutions on the other; a third dealing with the macroeconomic challenges of managing the volatility of revenue flows, including the distributional implications at the household level posed by cyclicity of social spending; and a final set associated with potential negative environmental and social impacts. The book finds that some commonly accepted negative effects of dependence on natural resources are largely myths, while some are realities. But all can be managed, and the book draws on the best available information in existing literature as well as original analysis to provide practical advice on how to do so. It also presents descriptive facts and analysis of the impacts in LAC of the recent commodity boom, helping the reader understand the implications for the region's development and policies. It should be of great interest to policy-makers and analysts, as well as laypersons interested in the economics of commodity markets and their role in economic development.
