Adventures In Eating Helen R. Haines,Clare A.

Sammells,2011-05-18 Anthropologists training to do fieldwork in far-off, unfamiliar places prepare for significant challenges with regard to language, customs, and other cultural differences. However, like other travelers to unknown places, they are often unprepared to deal with the most basic and necessary requirement: food. Although there are many books on the anthropology of food, *Adventures in Eating* is the first intended to prepare students for the uncomfortable dining situations they may encounter over the course of their careers.

Whether sago grubs, jungle rats, termites, or the pungent durian fruit are on the table, participating in the act of sharing food can establish relationships vital to anthropologists' research practices and knowledge of their host cultures. Using their own experiences with unfamiliar- and sometimes unappealing-food practices and customs, the contributors explore such eating moments and how these moments can produce new understandings of culture and the meaning of food beyond the immediate experience of eating it. They also address how personal eating experiences and culinary dilemmas can shape the data and methodologies of the discipline. The main readership of *Adventures in Eating* will be students in anthropology and other scholars, but the explosion of food media gives the book additional appeal for fans of *No Reservations* and *Bizarre Foods* on the Travel Channel.

Alice, Let's Eat Calvin Trillin,2009-09-23 BONUS: This edition contains an excerpt from Calvin Trillin's *Quite Enough* of Calvin Trillin. "Trillin is our funniest food writer. He writes with charm, freedom, and a rare respect for language." –New York magazine In this delightful and delicious book, Calvin Trillin, guided by an insatiable appetite, embarks on a hilarious odyssey in search of "something decent to eat." Across time zones and cultures, and often with his wife, Alice, at his side, Trillin shares his triumphs in the art of culinary discovery, including Dungeness crabs in California, barbecued mutton in Kentucky, potato latkes in London, bluff d'oursins in Martinique, and a \$33 picnic on a no-frills flight to Miami. His eating companions include Fats Goldberg, the New York pizza baron and reformed blimp; William Edgett Smith, the man with the Naughahyde palate; and his six-year-old daughter, Sarah, who refuses to enter a Chinese restaurant unless she is carrying a bagel ("just in case"). And though Alice "has a weird predilection for limiting our family to three meals a day," on the road she proves to be a serious eater—despite "seemingly uncontrollable attacks of moderation." Alice, *Let Eat* amply demonstrates why The New Republic called Calvin Trillin "a classic American humorist." "One of the most brilliant humorists of our times . . . Trillin is guaranteed good reading." –Charleston Post and Courier "Read Trillin and laugh out loud." –Time

The Book of Eating Adam Platt, 2019-11-12 A wildly hilarious and irreverent memoir of a globe-trotting life lived meal-to-meal by one of our most influential and respected food critics. As the son of a diplomat growing up in places like Hong Kong, Taiwan, and Japan, Adam Platt didn't have the chance to become a picky eater. Living, traveling, and eating in some of the most far-flung locations around the world, he developed an eclectic palate and a nuanced understanding of cultures and cuisines that led to some revelations which would prove important in his future career as a food critic. In Tokyo, for instance—"a kind of paradise for nose-to-tail cooking"—he learned that "if you're interested in telling a story, a hair-raisingly bad meal is much better than a good one. From dim sum in Hong Kong to giant platters of Peking duck in Beijing, fresh-baked croissants in Paris and pierogi on the snowy streets of Moscow, Platt takes us around the world, re-tracing the steps of a unique, and lifelong, culinary education. Providing a glimpse into a life that has intertwined food and travel in exciting and unexpected ways, *The Book of Eating* is a delightful and sumptuous trip that is also the culinary coming-of-age of a voracious eater and his eventual ascension to become, as he puts it, "a professional glutton."

On a Dollar a Day Christopher Greenslate, Kerri Leonard, 2010-02-09 What happens when two high school teachers get fed up with their soaring grocery bills and decide to try to feed themselves on one dollar each, per day? Authors Kerri Leonard and Christopher Greenslate describe how they did it--and also include sections about eating on a little more than \$4 a day, as well as on the actual costs of eating a healthy diet. *On a Dollar a Day* also includes fascinating facts about the way our food gets to the table and the hidden costs--both personal and financial--along the way: How food

companies short size packages so that you pay more for less food? Why one tablespoon of salad dressing costs as much as a whole orange? How grocery stores auction off foods past their sell by dates? Why processed foods have a higher markup than fresh foods? Why it takes so long for food prices to drop, even after fuel and shipping costs go down? How 36 million Americans have limited food options, even during a national obesity epidemic?

Adventures in Food and Nutrition! Carol Byrd-

Bredbenner, Barbara Smith, 2003 *Adventures in Food and Nutrition!* is a great resource for helping your students begin an exciting study of nutrition, food management, and preparation. The appealing, youthful writing style and colorful photographs draw student's attention. The lower reading level makes this text an excellent choice for younger students and introductory classes. Where Am I Eating? An Adventure Through the Global Food Economy Kelsey Timmerman, 2013-04-08

Bridges the gap between global farmers and fishermen and American consumers America now imports twice as much food as it did a decade ago. What does this increased reliance on imported food mean for the people around the globe who produce our food? Kelsey Timmerman set out on a global quest to meet the farmers and fisherman who grow and catch our food, and also worked alongside them: loading lobster boats in

Nicaragua, splitting cocoa beans with a machete in Ivory Coast, and hauling tomatoes in Ohio. *Where Am I Eating?* tells fascinating stories of the farmers and fishermen around the world who produce the food we eat, explaining what their lives are like and how our habits affect them. This book shows how what we eat affects the lives of the people who produce our food. Through compelling stories, explores the global food economy including workers rights, the global food crisis, fair trade, and immigration. Author Kelsey Timmerman has spoken at close to 100 schools around the globe about his first book, *Where Am I Wearing: A Global Tour of the Countries, Factories, and People That Make Our Clothes* He has been featured in the Financial Times and has discussed social issues on NPR's Talk of the Nation and Fox News Radio *Where Am I Eating?* does not argue for or against the globalization of food, but personalizes it by observing the hope and opportunity, and sometimes the lack thereof, which the global food economy gives to the world's poorest producers.

The Adventure of Food Richard Sterling, 1999 Get a taste of the world. Food -- its smells, textures, colors, flavors, and rituals -- is tied intrinsically to place. This heartwarming, surprising, and sumptuous collection of stories reveals our obsession with food -- how it nourishes and sustains us, teaches us about other cultures, and creates community and connection with others. As we sample new foods, we sample new cultures, new histories, new ways of thinking. And no matter how hard we try, the same ingredients never taste the same back home.--

The Year of Eating Dangerously Tom Parker Bowles, 2013-08-20 Fugu. Dog. Cobra. Bees. Spleen. A 600,000 SCU chili pepper. All considered foods by millions of people around the world. And all objects of great fascination to Tom Parker Bowles, a food journalist who grew up eating his mother's considerably safer roast chicken, shepherd's pie and mushy peas. Intrigued by the food phobias of two friends, Parker Bowles became inspired to examine the cultural divides that make some foods verboten or dangerous in the culture he grew up with while being seen as lip-smacking delicacies in others. So began a year-long odyssey through Asia, Europe and America in search of the world's most thrilling, terrifying and odd foods. Parker Bowles is always witty and sometimes downright hilarious in recounting his quest for envelope-pushing meals, ranging from the

potentially lethal to the outright disgusting to the merely gluttonous—and he proves in this book that an open mouth and an open mind are the only passports a man needs to truly discover the world.

Eat Like a Fish Bren Smith, 2019-05-14 JAMES BEARD AWARD WINNER IACP Cookbook Award finalist In the face of apocalyptic climate change, a former fisherman shares a bold and hopeful new vision for saving the planet: farming the ocean. Here Bren Smith—pioneer of regenerative ocean agriculture—introduces the world to a groundbreaking solution to the global climate crisis. A genre-defining “climate memoir,” *Eat Like a Fish* interweaves Smith’s own life—from sailing the high seas aboard commercial fishing trawlers to developing new forms of ocean farming to surfing the frontiers of the food movement—with actionable food policy and practical advice on ocean farming. Written with the humor and swagger of a fisherman telling a late-night tale, it is a powerful story of environmental renewal, and a must-read guide to saving our oceans, feeding the world, and—by creating new jobs up and down the coasts—putting working class Americans back to work.
