Keri Arthur

**Lifemate Connections** Keri Arthur, 2007-03-31 Ms. Arthur is a master at creating fabulous paranormal worlds that are amazingly realistic and wholly believable. Readers will be delighted with this imaginative escape, and hoping there's more of the same seduction in the future.--Darque Reviews She's every man's desire and one man's target. Some think of Lifemate Connections as a government approved dating service, meant to keep order in a world where men outnumber women ten to one and only the rich are allowed to bear children. But the fabulously expensive hotel and bar is little more than a sex club where approved singles are required to test potential mates--and anything goes. Shifter Eryn James is beautiful but not wealthy; when the police ask her to act as bait for a serial killer at the hotel, she jumps at the chance to indulge in the decadent world of the privileged class. Her keen sense of smell should protect her. The club is full of security, and the cops have her under constant surveillance. None of that will keep her safe from Grey Stockard . . . a dangerous, mysterious fellow shifter who instantly destroys her willpower and claims her as his own. But even mind-blowing sex and their powerful psychic bond can't erase Eryn's fear that he may be the killer. A man she wants with every ounce of her being. A man she just might end up dying for . . . Keri Arthur, author of the New York Times bestselling Riley Jenson Guardian series, has now written more than thirty novels. She's received several nominations in the Best Contemporary Paranormal category of the Romantic Times Reviewers Choice Awards and has won RT's Career Achievement Award for urban fantasy. She lives with her daughter in Melbourne, Australia.

**Hotter Than Hell** Kim Harrison, Martin H. Greenberg, 2008-06-24 Beyond the boundaries of the everyday is an unseen realm where anything you imagine is possible. Your demon lover is waiting for you in the shadows, ready to fulfill your secret wishes and most dangerous fantasies. Here passion has a face and form both titillating and terrifying—and love has teeth and claws. Get ready to give in to your craving for something exquisitely dark . . . and different. Hotter Than Hell gathers together a baker's dozen of today's boldest and best authors of supernatural fiction and paranormal romance in a breathtaking anthology that blends black magic with red-hot desire. From the tantalizing tale of a conflicted psychic vampire driven by a powerful, savage love to the strange saga of a Greek warrior woman battling to save the world, these are stories outside the limits, as hypnotic as the full moon . . . and hotter than the sun.

**Cosmic Order and Divine Power** Johan C. Thom, 2014-09-18 The treatise De mundo offers a cosmology in the Peripatetic tradition which subordinates what happens in the cosmos to the might of an omnipotent god. Thus the work is paradigmatic for the philosophical and religious concepts of the early imperial age, which offer points of contact with nascent Christianity.

**Please, Don't Send Me Flowers** Lianne Saffer, 2021-01-27 From divorce, to coming out, to cancer, Lianne Saffer tells an honest and hilarious account of her last 15 years. In it, she describes the often-painful discovery of her own resilience and the process of learning to trust herself along the way. Lianne's engaging storytelling weaves in the themes of small-town religious family upbringing, redefining modern femininity, and navigating life's complexities. Despite the heavy topics, her fierce reflections and lessons are grounded in vulnerability and the perfect dose of humor. Lianne's story has you alternating between laughing and crying and it's a must-read for anyone who has ever considered sending someone flowers. A note from the author: I wrote this book in hopes of opening up conversation around challenges in relationships, sexuality, religion, and cancer. I wrote it to help people feel validated, seen, challenged, and heard. I wrote it because I knew nothing about what these situations really felt like until they happened to me, despite knowing that they were happening all around me. Still, nobody was talking about them. I wrote it because I wish I had read it years ago. I wrote it in hopes that somewhere within its pages, people would see a glimpse of themselves and feel less alone and less afraid. You will see your mother, your sister, your daughter, and your friends through the vulnerability in these pages. Reading this book feels like you are watching a movie unfold. It is raw and unfiltered- leaving you laughing, crying, celebrating big love, and celebrating the expanse of the human experience.

**The Midnight Hour** Benjamin Read, Laura Trinder, 2020-03-03 For fans of portal fantasies like

Jessica Townsend's *Nevermoor*, Colin Meloy's *Wildwood*, and *The Spiderwick Chronicles* by Tony DiTerlizzi and Holly Black, and unlike so many other fantasies that introduce readers to a world of enchantment and wonder, *The Midnight Hour* is one filled with beasts and monsters for readers looking to shine their flashlights under the covers. When strange late-night letters start arriving at home, Emily's parents set off to investigate. But when her parents disappear completely and Emily is left home alone to face the weird strangers that begin to appear at her door, she takes all of the clues at her disposal and makes for the place where the letters came from -- the mysterious Night Post. What she'll discover is the secret world of the Midnight Hour -- a Victorian London frozen in time, full of magic and monsters. Kept safe by an age-old agreement, the Night Folk have been exiled to a parallel world that can only be accessed by a selected few, including the mail carriers of the infamous Night Post that operate between the two worlds. Emily's parents are key players in keeping the Night Folk safe, but when the division of the two worlds is threatened, Emily must search for her parents while navigating this dark and unknown version of London. Armed only with a packed lunch, her very sleepy pocket hedgehog, and her infamously big argumentative mouth, she must escape bloodthirsty creatures of the night, figure out her own family secrets, and maybe just save the world. This is a frightening and enchanting story, a world built out of creatures from our worst fears who become relatable, fully formed characters unlike any we've seen as these strangers of parallel worlds band together to save the day.

This Mammoth collection opens a vein to reveal the mind-boggling scope of the supercharged phenomenon created when vampires met romance. Let the biggest and brightest names in the paranormal romance business take you hot on the haemoglobin trail of the sexiest creatures of the night. *American Royalty* Tracey Livesay, 2022-06-28 In this dangerously sexy rom-com that evokes the real-life romance between Prince Harry and Duchess Meghan Markle, a prince who wants to live out of the spotlight falls for a daring American rapper who turns his life, and the palace, upside down. Sexy, driven rapper Danielle "Duchess" Nelson is on the verge of signing a deal that'll make her one of the richest women in hip hop. More importantly, it'll grant her control over her life, something she's craved for years. But an incident with a rising pop star has gone viral, unfairly putting her deal in jeopardy. Concerned about her image, she's instructed to work on generating some positive publicity... or else. A brilliant professor and reclusive royal, Prince Jameson prefers life out of the spotlight, only leaving his ivory tower to attend weddings or funerals. But with the Queen's children involved in one scandal after another, and Parliament questioning the viability of the monarchy, the Queen is desperate. In a quest for good press, she puts Jameson in charge of a tribute concert in her late husband's honor. Out of his depth, and resentful of being called to service, he takes the advice of a student. After all, what's more appropriate for a royal concert than a performer named "Duchess"? Too late, Jameson discovers the American rapper is popular, sexy, raunchy and not what the Queen wanted, although he's having an entirely different reaction. Dani knows this is the good exposure she needs to cement her deal and it doesn't hurt that the royal running things is fine as hell. Thrown together, they give in to the explosive attraction flaring between them. But as the glare of the limelight intensifies and outside forces try to interfere, will the Prince and Duchess be a fairy tale romance for the ages or a disaster of palatial proportions?

**Will Many Be Saved?** Ralph Martin, 2012-08-20 The question of whether and how people who have not had the chance to hear the gospel can be saved goes back to the beginnings of Christian reflection. It has also become a much-debated topic in current theology. In *Will Many Be Saved?* Ralph Martin focuses primarily on the history of debate and the development of responses to this question within the Roman Catholic Church, but much of Martin's discussion is also relevant to the wider debate happening in many churches around the world. In particular, Martin analyzes the Dogmatic Constitution on the Church, the document from the Second Vatican Council that directly relates to this question. Contrary to popular opinion, Martin argues that according to this text, the conditions under which people who have not heard the gospel can be saved are very often, in fact, not fulfilled, with strong implications for evangelization.

**Mechanics of Love** Meka James, 2021-09-22 It's the person she least expected who provides a much-needed tune up of her life... For Dr. Irene Johnson-Moore perception is everything. After living most of her life behind facades built from other people's expectations, she's ready for a change. At least that's what she tells herself. But old habits die hard. And when her car breaks down, forcing her to deal with the town mechanic—a woman whose bluntness always irked Irene—her resolve is instantly put to the test. Remi Martin prides herself on being unapologetically honest. Brutally so at times. No good ever came from pretending to be someone or something she's not. When she responds to a call from a stranded motorist, she never imagined she'd be towing the self-proclaimed "town princess" into her world. Irene Johnson embodies everything Remi tries to avoid, yet she can't seem to shake her one-time adversary. However, the more time they spend together, the more feelings begin to idle under the surface. But before their relationship can rev to life, they must release their preconceived notions or things could come to a screeching halt.

**Daughters of the New Year** E.M. Tran, 2022-10-11 A daring debut. —New York Times Book Review A lively, spellbinding tale about the extraordinary women within a Vietnamese immigrant family—and the ancient zodiac legend that binds them together What does the future hold for those born in the years of the Dragon, Tiger, and Goat? In present day New Orleans, Xuan Trung, former beauty queen turned refugee after the Fall of Saigon, is obsessed with divining her daughters' fates through their Vietnamese zodiac signs. But Trac, Nhi and Trieu diverge completely from their immigrant parents' expectations. Successful lawyer Trac hides her sexuality from her family; Nhi competes as the only woman of color on a Bachelor-esque reality TV show; and Trieu, a budding writer, is determined to learn more about her familial and cultural past. As the three sisters begin to encounter strange glimpses of long-buried secrets from the ancestors they never knew, the story of the Trung women unfurls to reveal the dramatic events that brought them to America. Moving backwards in time, E.M. Tran takes us into the high school classrooms of New Orleans, to Saigon beauty pageants, to twentieth century rubber plantations, traversing a century as the Trungs are both estranged and united by the ghosts of their tumultuous history. A "haunted story of resilience and survival" (Meng Jin, *Little Gods*), *Daughters of the New Year* is an addictive, high-wire act of storytelling that illuminates an entire lineage of extraordinary women fighting to reclaim the power they've been stripped of for centuries.

When Ben's status-climbing ex-girlfriend finds her way back into his orbit, Nic proposes a swap of services. She'll spend the week with Ben on Martha's Vineyard, pretending to be his girlfriend—but only if he'll have his family intervene on her behalf so she won't lose her fellowship.
