Mary Roberts Rinehart

Affinities Mary Roberts Rinehart,1920 Mary Roberts Rinehart (August 12, 1876 - September 22, 1958) was an American writer, often called the American Agatha Christie, although her first mystery novel was published 14 years before Christie's first novel in 1920. Rinehart is considered the source of the phrase The butler did it from her novel The Door (1930), although the novel does not use the exact phrase. Rinehart is also considered to have invented the Had-I-But-Known school of mystery writing, with the publication of The Circular Staircase (1908). (wikipedia.org) Mary Roberts graduated from the Pittsburgh Training School for Nurses in 1896. That same year she married physician Stanley M. Rinehart. She and her husband started a family, and she took up writing in 1903 as a result of difficulties created by financial losses. Her first story appeared in Munsey's Magazine in 1903. The Circular Staircase (1908), her first book and first mystery, was an immediate success, and the following year The Man in Lower Ten, which had been serialized earlier, reinforced her popular success. Thereafter she wrote steadily, averaging about a book a year. A long series of comic tales about the redoubtable Tish (Letitia Carberry) appeared as serials in the Saturday Evening Post over a number of years and as a series of novels beginning with The Amazing Adventures of Letitia Carberry (1911). Rinehart served as a war correspondent during World War I and later described her experiences in several books, notably Kings, Queens and Pawns (1915). She produced as well a number of romances and nine plays. Most of the plays were written in collaboration with Avery Hopwood; her greatest successes were Seven Days, produced in New York in 1909, and The Bat, derived from The Circular Staircase and produced in 1920. She remained best known, however, as a writer of mysteries, and the growing popularity of that genre after World War II led to frequent republication of her works. Her most memorable tales combined murder, love, ingenuity, and humour in a style that was distinctly her own. Her autobiography, My Story, appeared in 1931 and was revised in 1948. At Rinehart's death her books had sold more than 10 million copies. (britannica.com)

These selected paragraphs distill the contents and give you a quick look inside *Affinities and Other Stories*: Look inside the book: I leaned up against a fence, and I remembered the time Lily Slater asked Ollie Haynes to see her off to Chicago, her husband being out of town; and how Ollie was carried two hundred miles before the train would stop to let him off; and how Harry never believed the story and was off shooting big game at that very minute; and Lily getting gray over her ears as a result, and not even going out to lunch with anybody for fear there were detectives watching her. ...Whenever I get cocky, as Day would say, and reflect on my own virtues, and how few things I do that any one could find fault with, not playing bridge for more than two and a half cents a point, and stopping a flirtation before it reaches any sort of gossipy stage, I think of Ferd and myself in that awful haymow, with a man below searching round that miserable machine for a pail, and Ferd oozing a slow drip-drip on the floor below that was enough to give us away—like the blood dropping from the ceiling in that play of David Belasco's.

Affinities and Other Stories Mary Roberts Rinehart, 2014-04-24 Often described as The American Agatha Christie, Mary Roberts Rinehart is considered the creator of the phrase The butler did it although she actually did not use that phrase. She also created a costumed supercriminal called the Bat, who was cited by Bob Kane as one of the inspirations for his Batman. Rinehart authored literally hundreds of short stories, poems, travelogues and articles, many of which were adapted for movies. The Man Upstairs Pelham Grenville Wodehouse, 1924

Affinities and Parallel Texts across Two Hundred Years Hugh Ridley, 2022-09-21 Affinities—that nagging sense of familiarity which we get at particular moments in works of art—offer a key to the ways in which poets and artists work. In nine chapters, this book approaches important aspects of the topic and shows how affinity, intentional or otherwise, can be a signpost to an influence the artist wishes to hide, a route into creativity, a shared feature of a genre at a particular stage of development, or a joyful sharing of a common heritage. It can also be the first step in a lawsuit, when it is confused with plagiarism. The chapters range in topic from Wagner and Meyerbeer, Tchaikovsky to the Hymnal, Thomas Mann and Colm Tóibín, and Agatha Christie and George Eliot to

American Naïve Painting.
