Dokumentet ,2018-09-27 Den 8 maj 1978 lades ett kopierat häfte på varje skrivbord och i varje postfack på Aftonbladets redaktion. Dokumentet slog ned som en bomb på tidningen. En grupp tjejer hade bestämt sig för att dokumentera sina personliga erfarenheter av supande och tafsande män på arbetsplatsen. De hade träffats i olika grupper och diskuterat, skrivit texter och intervjuat varandra. Så samlade de ihop pengar för att kunna trycka upp 400 exemplar och dela ut till alla kollegor. Dokumentet var början till en dialog med männen på jobbet, men det ledde också till en förändring av journalistiken och skapade möjligheter för kvinnor att göra karriär. Nu ges Dokumentet, som skrevs av Aftonbladets kvinnliga journalister, ut 40 år efter att det först publicerades.

På Aftonbladet Sven Sörmark,2020 På Aftonbladet är en reportagebok från 1971. Sörmark, som under 60-talet var chefredaktör för tidningen, redogör med inifrånperspektiv om tidningens utveckling sedan den 1932 köptes av Torsten Kreuger. Med skarp blick analyserar Sörmark rivaliteten med Expressen och tidningens ställningstagande under andra världskriget. Därtill ger han initierade porträtt av de som arbetat på tidningen. Sven Sörmark [1923-1987] var en svensk författare och tidningsman, medlem i både Svenska deckarakademin och Skånska deckarsällskapet. Sörmark var chefredaktör för flera stora tidningar, bland annat Aftonbladet och Hemmets Journal, och förlagsdirektör för Allers förlag. Sörmark skrev ett tiotal böcker, däribland ett antal framgångsrika deckare om polisintendenten J. P. Ullman.

Remaking America Sven R. Larson,2010-09-02 Despite the American left's admiration of the Swedish welfare no one has told its true story yet. Until now. Sven R Larson reveals the dark side of the welfare state: how government-run health care turns patients into budget items and corpses, how government defaults on promise after promise, crime is rampant, 500 schools are burned to the ground every year and children grow up with no loyalty to their country. Larson explains how politicians turn to fiscal fascism to save the welfare state from the people who depend on it.

Part-Time Work in the Nordic Region II Ida Drange,Cathrine Egeland,2014-11-12 Gender equality in the labour market is a key topic in the Nordic cooperation on gender equality. The Nordic Council of Ministers has asked NIKK, Nordic Information on Gender, to coordinate the project Part-Time Work in the Nordic Region. The aim of the project is to shed light on and analyse part-time work in the Nordic region, develop reports and arrange conferences. During the Icelandic presidency of the Nordic Council of Ministers in 2014, the project followed up the earlier study. This second report is a research overview on the arguments used to explain part-time work and gender in the Nordic countries. Further, the report describe relevant measures taken by different actors in the labour market and the political sphere in order to reduce foremost women's part-time work. The researchers Ida Drange and Cathrine Egeland wrote the report on a request by NIKK.

Racial Discrimination Masoud Kamali,2010-08-18 There is an institutionalized dilemma in Europe that counteracts social cohesion and stability. It is a result of the collision and incompatibility between declarations of universal values (such as human rights and democracy) and institutionalized actions which exclude and discriminate against Europeans of immigrant background and against ethnic minorities. This book analyzes the institutional patterns and politics of 'racial' discrimination in modern-day Europe. Based on a research project that has been carried out under the leadership of the author in eight European countries, Racial Discrimination seeks the answers to some of the key questions posed by the latest developments in European political and public spheres concerning immigration and the increase in xenophobic sentiments and parties. The book will appeal to all social and political scientists interested in the latest political developments in Europe and in the problems of democratic citizenship and the efforts to move toward an integrated European community.

African Footballers in Sweden Carl-Gustaf Scott,2015-09-16 This book employs men's football as a lens through which to investigate questions relating to immigration, racism, integration and national identity in present-day Sweden. Specifically, this study explores if professional football serves as a successful model of multiracialism/multiculturalism for the rest of Swedish society to emulate.

Democracy in Modern Europe Jussi Kurunmäki,Jeppe Nevers,Henk te Velde,2018-06-19 As one of the most influential ideas in modern European history, democracy has fundamentally reshaped not only the landscape of governance, but also social and political thought throughout the world. Democracy in Modern Europe surveys the conceptual history of democracy in modern Europe, from the Industrial Revolutions of the nineteenth century through both world wars and the rise of welfare states to the present era of the European Union. Exploring individual countries as well as regional dynamics, this volume comprises a tightly organized, comprehensive, and thoroughly up-to-date exploration of a foundational issue in European political and intellectual history.

Discourses of Global Climate Change Jonas Anshelm,Martin Hultman,2014-11-13 This book examines the arguments made by political actors in the creation of antagonistic discourses on climate change. Using in-depth empirical research from Sweden, a country considered by the international political community to be a frontrunner in tackling climate change, it draws out lessons that contribute to the worldwide environmental debate. The book identifies and analyses four globally circulated discourses that call for very different action to be taken to achieve sustainability: Industrial fatalism, Green Keynesianism, Eco-socialism and Climate scepticism. Drawing on risk society and post-political theory, it elaborates concepts such as industrial modern masculinity and ecomodern utopia, exploring how it is possible to reconcile apocalyptic framing to the dominant discourse of political conservatism. This highly original and detailed study focuses on opinion leaders and the way discourses are framed in the climate change debate, making it valuable reading for students and scholars of environmental communication and media, global environmental policy, energy research and sustainability.

Vietnam's Prodigal Heroes Paul Benedikt Glatz,2021-01-12 Vietnam's Prodigal Heroes examines the critical role of desertion in the international Vietnam War debate. Paul Benedikt Glatz traces American deserters' odyssey of exile and activism in Europe, Japan, and North America to demonstrate how their speaking out and unprecedented levels of desertion in the US military changed the traditional image of the deserter.

Grand Opera Outside Paris Jens Hesselager, 2017-12-14 Nineteenth-century French grand opera was a musical and cultural phenomenon with an important and widespread transnational presence in Europe. Primary attention in the major studies of the genre has so far been on the Parisian context for which the majority of the works were originally written. In contrast, this volume takes account of a larger geographical and historical context, bringing the Europe-wide impact of the genre into focus. The book presents case studies including analyses of grand opera in small-town Germany and Switzerland; grand operas adapted for Scandinavian capitals, a cockney audience in London, and a court audience in Weimar; and Portuguese and Russian grand operas after the French model. Its overarching aim is to reveal how grand operas were used – performed, transformed, enjoyed and criticised, emulated and parodied – and how they became part of musical, cultural and political life in various European settings. The picture that emerges is complex and diversified, yet it also testifies to the interrelated processes of cultural and political change as bourgeois audiences, at varying paces and with local variations, increased their influence, and as discourses on language, nation and nationalism influenced public debates in powerful ways.

Rape in the Nordic Countries Marie Bruvik Heinskou, May-Len Skilbrei, Kari Stefansen, 2019-10-29 The Open Access version of this book, available at <http://www.taylorfrancis.com/books/e/9780429467608>, has been made available under a Creative Commons Attribution-NonCommercial-No Derivatives 4.0 license. While the Nordic countries are listed at the top in most international rankings of gender equality and citizens' feelings of security, studies on the prevalence of sexual victimisation present a different picture, suggesting that the very countries that have invested much in establishing gender equality actually see a high prevalence of sexual violence. This book sheds light on the phenomenon and construction of rape and other forms of sexual violence within the Nordic region, exploring the ways in which rape and sexual violence are dealt with through criminal law and considering governmental policies aimed at combatting it, with a special focus on legal regulations and developments. Thematically organised, it offers new research on perpetrators, victimhood, criminal justice and prevention. Multi-disciplinary in approach, it brings together the latest work from a range of scholars to offer insights into the situation in the five Nordic countries, asking how and why rape and other forms of sexual violence occur, whilst also addressing the timely issues of online sexual cultures, BDSM and the grey areas of sexual offences. As such, it will appeal to scholars of sociology, criminology and law with interests in gender and sexual violence.
