Runtime Verification Yliès Falcone,César Sánchez,2016-09-19 This book constitutes the refereed proceedings of the 16th International Conference on Runtime Verification, RV 2016, held in Madrid, Spain, in September 2016. The 18 revised full papers presented together with 4 short papers, 3 tool papers, 2 tool demonstration papers, and 5 tutorials, were carefully reviewed and selected from 72 submissions. The RV conference is concerned with all aspects of monitoring and analysis of hardware, software and more general system executions. Runtime verification techniques are lightweight techniques to assess correctness, reliability, and robustness; these techniques are significantly more powerful and versatile than conventional testing, and more practical than exhaustive formal verification.

Islamic Finance Rifaat Ahmed Abdel Karim,Simon Archer,2011-09-02 Islamic Finance: The Regulatory Challenge...is therefore timely and a truly welcome addition to the growing literature on this subject...I congratulate the two professors for their fine contribution to the evolving art and science of the regulation of Islamic finance. —Dr. Zeti Akhtar Aziz, Governor, Bank Negara Malaysia The World's financial regulators have taken too long to appreciate the importance of adapting their regulatory frameworks to the needs of the fast growing Islamic finance sector. Simon Archer and Rifaat Ahmed, the leaders in the field, have put together a fascinating collection of essays which show just what has to be done. It is a very timely book indeed. —Howard Davies, Director, London School of Economics The emergence of Islamic finance as a major force in the world financial system has focused attention on regulatory issues. This book, edited by Professor Archer and Professor Rifaat, two of the most respected figures in the field, is an important point of reference for those who have to deal with these issues, whether in regulatory authorities, or in the financial institutions themselves. —Professor William Blair QC, Grays Inn, London There is now great interest, both in financial and legal circles, in reliable and authoritative texts on Islamic finance. I have no doubt that the availability of Islamic Finance: The Regulatory Challenge will be warmly welcomed by those who provide financial and legal services. The work will be of great assistance to them. —The Rt Hon the Lord Woolf of Barnes, Law Lord and former Lord Chief Justice of England & Wales
