What Happened to the Women? Ruth Rubio-Marín,2006 What happens to women whose lives are affected by human rights violations? What happens to their testimony in court or in front of a truth commission? Women face a double marginalization under authoritarian regimes and during and after violent conflicts. Yet reparations programs are rarely designed to address the needs of women victims. What Happened to the Women? Gender and Reparations for Human Rights Violations emphasizes the necessity of a gender dimension in reparations programs to improve their handling of female victims and their families. A joint project of the International Center for Transitional Justice and Canada's International Development Research Centre, What Happened to the Women? includes studies of gender and reparations policies in Guatemala, Peru, Rwanda, Sierra Leone, South Africa, and Timor-Leste. Contributors represent a wide range of fields related to transitional justice and include international human rights lawyers, members of truth and reconciliation commissions, and NGO representatives.

It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making

them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
